Brown of Oakland, reaches out to restrain Broughton who is being held in connection with the death of a Santa Ana, Calif., cab driver. (AP Wirephoto to The Statesman)

Adequate Detention Facilities For Erring Youth Declared Needed for Marion County

(Editor's note: Following is the second of a three-part story on Marion County's new Court of Domestic Relations.)

By WINSTON H. TAYLOR
Staff Writer, The Statesman

Kids in trouble in Marion County don't have to wait as long now for their "day in court," but during that time "proper detention facilities are a must."

That's the feeling of Circuit Judge Joseph B. Felton, head of the year-old Juvenile Court, and others who point out that recent and present detention arrangements for youngsters charged with delinquency are "inadequate and improper."

Allies Regain Hotly-Sought Korean Peak

SEOUL (AP)—Allied infantrymen fighting with the support of planes, tanks and pounding artillery early Monday regained the crest of Old Baldy on a hotly-contested sector of the western Korean front.

The sweep to the peak shortly after midnight climaxed three days of desperate fighting since Chinese troops won the strategic hill last Friday.

Dozens of fighter-bombers and tanks paved the way Sunday for an infantry charge that began at dusk up the battle-scarred slopes. Air Force, Marine and Navy planes swooped low over the hill and unleashed bombs, flaming gasoline and splitting machine gunfire at the Chinese defenders.

Tank rifles and artillery blasted the crest. The Chinese poured intense artillery and mortar fire at the Allied troops as they worked their way slowly up Old Baldy's slopes.

AP correspondent George A. McArthur reported from the front that the Allied troops dug in early Monday about 100 yards below the crest. The last Chinese had fled.

An Allied officer gave much of the credit to the accuracy of Allied artillerymen and mortar gunners.

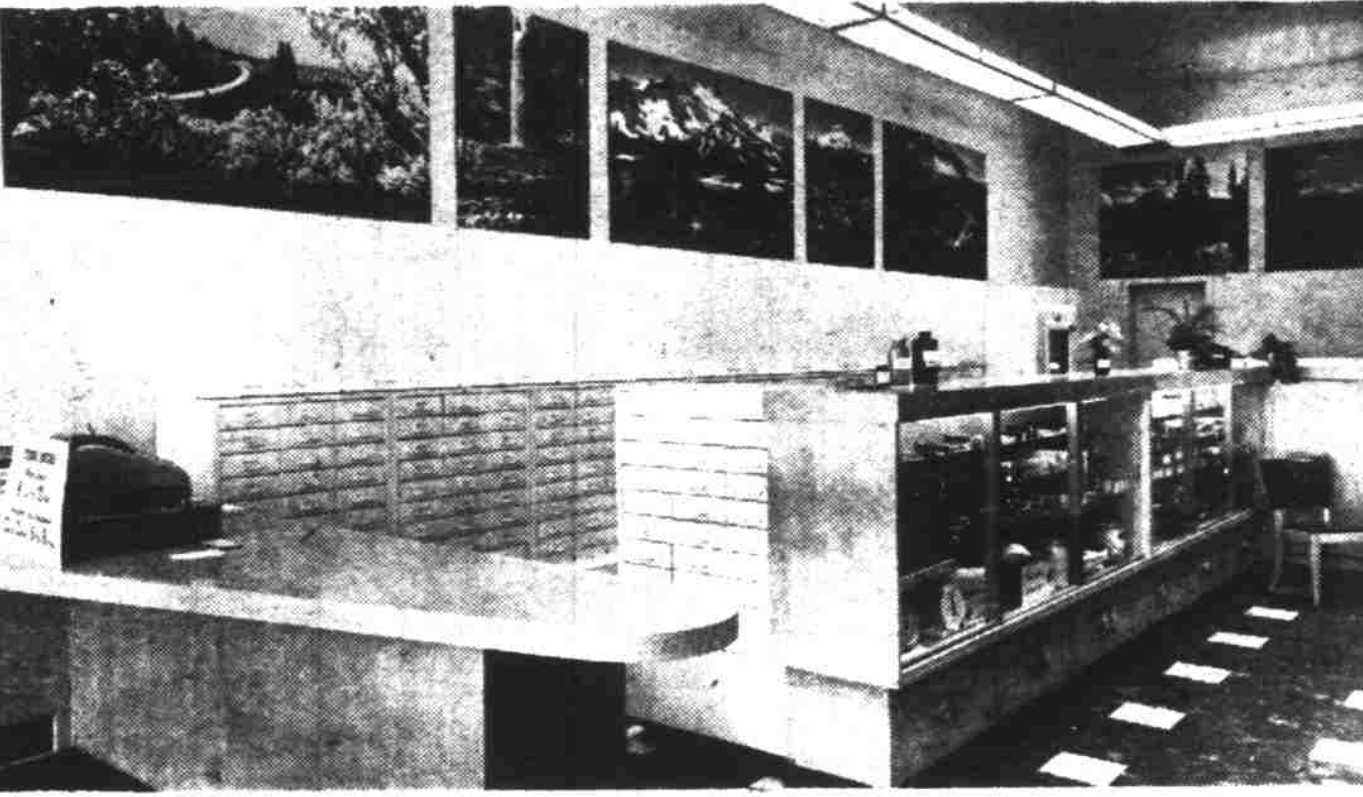

"Our accurate counter-battery fire silenced their mortars and artillery so the boys could get up the hill," he said.

During much of the night battle, fog shrouded the peak.

McArthur said Sunday's volume of artillery fire in the Old Baldy fighting indicated heavy casualties.

The first open hearth steel furnace was set up in 1868.

Quisenberry Pharmacy Opens on S. Liberty

The recently-opened P. D. Quisenberry Pharmacy at 130 S. Liberty St., has drawn considerable comment for its mural display of enlargements from color photographs of the late Ralph Gifford, long-time photographer for the Oregon State Highway Commission. A portion of the pharmacy is portrayed above. It is open from 8 a.m. to 11 p.m. six days a week; from noon to 2 p.m. and 6 to 9 p.m. on Sundays, and maintains a 24-hour-a-day on-call service through the headquarters store number 3-9123.

Fall From Peak Kills College Instructor

INDEX, Wash. (AP)—A young University of Washington instructor, with a brilliant collegiate record, slipped and plunged 100 feet over a cliff to his death in a mountain climbing accident Sunday.

The body of Richard Waldo Berge, 23, Seattle, was found by a hastily organized rescue party among the rocks at the foot of the cliff on nearby 6,125-foot Mt. Baring along the western slope of the Cascades. Word was sent out by Forest Service radio.

Berge, president of his undergraduate mathematics honorary last year, became a teaching fellow in the university's physics department after his graduation.

Details of his death were scanty. Berge and his companion, Fred Beckey, Seattle, were climbing the peak about 40 air miles northeast of Seattle when the accident occurred. Both were expert climbers.

Beckey raced to the Mt. Baring lodge to call for help but did not pause long enough before returning to the mountain to tell how Berge fell.

The young victim's wife, Barbara, was a the lodge when she learned of his death. She returned to Everett, where Berge was born and reared. They have a daughter, Jan Marie, five months.

Coroner Ken Baker said Berge's mother is Mrs. Bessie Berge, Springfield, Ore., and his father, Waldon Berge, Portland. The young man's grandfather, Glen Hall, lives in Everett.

South Michigan Prison Con Stabbed to Death

JACKSON, Mich. (AP)—One convict was stabbed to death in a fight with another inmate in a fresh outbreak of trouble at Southern Michigan prison Sunday. Warden Bannan reported the situation was under control and declared there was no riot.

State police previously reported one convict was killed and four others were injured in the third outbreak in three months at the world's largest walled prison.

Sunday's disorder, the warden said, was a quarrel between two inmates in cell block No. 9 where one convict was shot to death in a riot July 6.

Stabbed to death was Harry E. Moore, 21, serving a sentence from Ingham County for burglary. The warden said Moore was stabbed by John E. Shirraef, 18, under a 7-35 year sentence from Kent County for armed robbery.

Sgt. Frank Mosher of the prison's custodial force went in after Shirraef in cell block No. 9 and seized him before the fighting could spread, the warden reported.

Rival Gangs Had blood was reported among inmates of block No. 9 from rival gangs that grew out of the disastrous million dollar riot April 20-25.

Before the April mutiny was quelled one convict was killed by state police gunfire and a score of inmates and guards were wounded.

The April mutineers surrendered in their fortress cell block No. 15 after authorities agreed to their reform demands and promised them a steak and ice cream dinner. No Extensive Damage

In another riot two weeks ago one convict was shot to death while two guards were held hostage for two hours. State police quelled that outbreak with gunfire before any extensive damage was done.

The previous riots resulted in

IRON ORE TAX HIGHER

ST. PAUL, Minn. (AP)—Iron ore occupation taxes to be collected by Minnesota this year will total \$26,275,375, a 40 per cent hike over the \$18,822,622 paid last year. The tax is to be paid by 40 companies operating 107 mines. Nearly 39 per cent of the total is assessed against the Oliver Iron Mining Co. The assessment was based on a net marketable 77,165,584 tons of iron ore.
