Milk Control End Opposed By Grocers

PORTLAND—The Oregon Independent Retail Grocers Association, in a joint meeting with representatives of the Oregon Milk Committee, endorsed the producers campaign against the repeal of the present Oregon Milk Control Act, according to Claude E. Hall, Waldport, association president.

"We as independent grocers x x x believe that the vitally important dairy industry needs the protection of the Oregon Milk Control Act in order to encourage continued production of a dependable supply of quality milk for Oregon consumers" and "we condemn the efforts of a large national chain organization x x x to repeal the present Milk Control Act which has been instrumental in building the dairy industry of Oregon during the past nineteen years," the resolution said.

Dead Turkeys, Truck Topple

Thanksgiving ingredients took a tumble in Salem Saturday noon when a truckload of turkeys of the dead, non-flyable variety, overturned at the west end of the Center Street bridge.

The truck, belonging to Oregon Turkey Growers Association and driven by Lyle Everett Suttiff, 1785 Lancaster Dr., was turning onto Wallace Road off Edgewater

Street after crossing the bridge when the mishap occurred. Investigating officers said that no citation would be made and witnesses testified that Suttiff was not speeding.

The truck rolled on its left side in one traffic lane and autos on Wallace Road were diverted while the vehicle was righted.

The birds had been killed and dressed in Eugene and were racked in the truck for delivery. Suttiff was uninjured in the t. ble.
