

Middle Grove School to Try Conferences

Statesman News Service
MIDDLE GROVE — Parent-teacher conference will replace report cards for first graders at Middle Grove School this fall, members of the school Mother's Club learned Tuesday night.

Principal Wallace Turnidge discussed the subject and said the conferences would be confined to first graders at first as an experiment. He invited all mothers to attend a school assembly at 1:45 p.m. Friday. The program will concern weather instruments which pupils in his room have been making.

The club will hold a rummage sale Nov. 12 and will sort the rummage Friday afternoon, Nov. 7, at the school.

Attending Tuesday night were 26 mothers including many who were new to the club. Miss Eleanor Burton's room won the attendance prize. Hostesses were Mrs. John Everhart, Mrs. LeRoy Austin and Mrs. Stanley Bullock.

New 1953 Dodge Cars Placed on Display

DETROIT—This Dodge Diplomat, a hard-top, is one of the sleek, new models in the 1953 line. It is powered by a new 140-horsepower Red Ram V-Eight engine which develops its high efficiency on regular grades of fuel. A new compactness is declared to make it one of the most maneuverable cars on the road. It is being offered with a choice of four different drives—Gyro-Torque, Gyro-Matic, automatic overdrive or standard. It is now on display in dealers' showrooms including the Stan Baker Motor company at Salem, Oregon.

Style Changes Noted; Power, Beauty Cited

DETROIT—What are regarded as the most dramatic changes in the 38-year history of the Dodge passenger car were unveiled here Wednesday as Dodge Division of Chrysler Corporation introduced its 1953 "action car."

The new, completely restyled Dodge with a 140-horsepower Red Ram V-Eight engine will go on display in dealers' showrooms across the nation Thursday.

Sweeping changes in both styling and chassis features plus the unprecedented efficiency of the new engine were announced by W. C. Newberg, president of the Dodge Division.

New beauty and a smooth flowing effect were achieved, Newberg said, by favoring the lower, softer lines and increased glass area with a touch of continental design. These styling changes are being offered in the entire 1953 Dodge line which consists of 10 different models, Newberg said.

The 140-horsepower Red Ram V-Eight engine is featured in the Coronet series, while the popular six cylinder engine is retained in

the Meadowbrook and Meadowbrook Special series. The Wayfarer is not included in the 1953 Dodge lineup.

The highly-touted new Dodge Red Ram V-Eight engine is compact in size and light in weight. It produces more horsepower per cubic inch of displacement than any other automobile engine in volume production today, Dodge officials said.

Dodge's new power plant is based on design principles used in high-output aircraft engines. Its horsepower is 140 at 4,400 r.p.m. Displacement is 241.1 cubic inches.

It develops this high power output on regular grades of fuel despite its high-compression ratio of 7.1 to 1, engineers said.

Liberty District Will Seek Water From Salem Hts.

Statesman News Service
LIBERTY — Wayne Sipe has been elected chairman to head a group of residents of the Liberty area who seek to obtain water from the Salem Heights Water District. Elected vice chairman was John Turner; secretary, Isaac Schmidt; and treasurer, Lester Smith.

A meeting at Liberty Monday night showed many Liberty residents very low or entirely without water.

Myron Butler, director of the Salem Heights Water Department, told of the legal procedure for annexation into a political subdivision. The area is to be determined, bounded by a legal description, and the description incorporated into a petition before it is signed by residents.

The area interested in securing water is from Browning Avenue, south to Boone Road; from Liberty Road to the Sunnyside Road; and a small portion southwest of Liberty. The petitions must reach the Salem Heights Water District by Nov. 15. The election is scheduled for Dec. 1.
