

# Ike to Confer With Dewey About Trip

By MARVIN L. ARROWSMITH  
AUGUSTA, Ga. (AP) — President-elect Dwight D. Eisenhower and Gov. Thomas E. Dewey of New York will talk over the general's fourth-coming trip to Korea and other policy matters at a conference here Friday.

And Eisenhower will hold an important round of policy-making meetings in New York next week with other Republican leaders.

Sen. Robert A. Taft of Ohio, chairman of the Senate GOP policy committee, may sit in.

In Washington, meanwhile, the White House announced that Eisenhower and President Truman will meet there Tuesday at 2 p.m. for the discussion Truman proposed last week. That session will deal with international and domestic problems facing the new Republican administration.

Plans for the Eisenhower-Dewey conference and the New York sessions were announced at the general's vacation headquarters here Wednesday by his press secretary, James C. Hagerly.

Dewey will leave New York state by plane Friday morning for a vacation in Miami, Fla. He will stop off in Augusta for four or five hours at Eisenhower's request, Hagerly said.

Arrangements for the meeting came against a background of reports that Dewey will get a Cabinet post in the new GOP administration. He has been mentioned for secretary of state or secretary of defense.

Dewey said last week, however, that he intends to serve out his

term as governor. It runs for two more years.

Hagerly repeated that no date has been fixed yet for Eisenhower's trip to Korea. The general said during the campaign that if elected he would visit Korea in an effort to end the war there.

Dewey's scheduled meeting with the President-elect to discuss the Korean trip, among other matters, came amid reports that Eisenhower aides already have been in touch with the Pentagon regarding arrangements for the visit and—more important—the military situation in Korea.

Hagerly said, in reply to a question, that he did not know whether Dewey will accompany Eisenhower to the Far East.

And he said he had no information on whether the general plans to consult with John Foster Dulles, GOP foreign policy adviser, before going to Korea.

Dulles, like Dewey, has been mentioned as a possible Eisenhower choice for secretary of state.

# Rotary Club Collects Gifts From 99 Cities

(Story and picture on page 1.)  
Gifts from 99 cities around the world were Salem Rotary Club's treat for members' wives Wednesday night.

The club also had commendation from as many foreign Rotary Clubs for its Good Neighbor policy, expressed in letters accompanying the gifts.

With the receipt over the last several months of each of the items for which the Salem Club had written individual notes of gratitude were sent to participating clubs, with much of the secretarial work being handled by Mary Jane Orsborn of Portland Gas and Coke Company. Names and addresses also were included with each gift, and the women receiving them are to write notes of their own.

Programs for the international Ladies' Night distributed at the affair last evening featured reproductions of some of the letters received from foreign clubs, and each item of the menu was printed in a different language.

Some 100 couples participated in the dinner and program. They heard short talks by Betty Peterson of Germany and Corry Bonger of Holland, both students at Oregon State College; Sylvia Kjeldstad of Norway, at University of Washington, and Monique Bara of France, at Willamette University. All told of customs, games, and family life in their home countries.

The gifts came from clubs in the following cities:

# Hotel Elevator Operator Brings About Arrests

PORTLAND (AP)—Henry O'Brien, hotel elevator operator, Wednesday brought about the arrest of two men on burglary charges.

O'Brien told police he became suspicious of the pair—Beverly Smith, 30, and William Richard Cronk, 28, both Seattle—after he took them to the seventh floor. He turned out the lights in the elevator and watched through a crack in the door. He said he saw them prowling a room in the Congress Hotel. O'Brien called police who found Smith and Cronk hiding in a broom closet.

# DRIVER ARRESTED

Myron Henry Ketchum, Portland, was arrested Wednesday evening on a charge of driving while intoxicated. He was held in lieu of \$250 bail.

# Ballerinas Get Shower

VIENNA (AP)—After many years without, the ballerinas of the Vienna State Opera finally are getting their own shower-room.

They haven't had one since Vienna's famous Opera House was destroyed in the last days of the war. Since then, the opera ballet has trained and rehearsed in a musty cellar of the Theater an der Wien, in which the opera is now held, and the ballerinas have shared that theater's scanty bathing facilities with singers and others.

Within a few weeks, the ballet will move into two newly-rebuilt and modernized studios of the Opera House for rehearsals. It marks the beginning of a general move back to the Opera House which will be completed when the structure is rebuilt as it stood before the war.

# Overseas Mail Deadline Near

Packages intended for Christmas delivery to servicemen overseas, and others receiving mail through APO's and FPO's should be mailed by this Saturday.

Salem Postmaster Albert C. Gragg reminded Wednesday that no assurance of delivery by Christmas can be given for items mailed after this week.

Air parcel post is available, but slow surface transportation in some areas does not make this feasible and size of packages is closely limited.

# Highway Planned To Rout Huks

MANILA (AP)—The Philippines is building a 21-mile highway northeast of Manila designed to wipe out a hiding place for Communist Huk guerrillas and open more than 40,000 acres of virgin land for cultivation.

President Elpidio Quirino, in ordering immediate construction, said the road would be financed jointly by U. S. mutual security and Philippine counterpart funds. The cost was estimated at a million dollars.

# Minister's Gift Aids Boys

HARTFORD, Conn. (AP)—The Rev. Fletcher Douglas Parker and his wife received gifts totaling \$2,891 on the 25th anniversary of their coming to the Immanuel Congregational Church but they didn't keep the money very long.

The entire amount has been turned over to the Independent Social Center to convert a basement owned by the organization into a gymnasium and recreation room for boys. The Rev. Mr. Parker, a member of the board of the center, said he hoped the gift would help turn some young men into the right paths.

# NEW TV CHANNEL SAN FRANCISCO

(AP)—A second San Francisco-Chicago microwave channel for live television programs will be put in operation in January, Pacific Telephone and Telegraph Company said Wednesday.

# LIE DETECTOR TESTS

WASHINGTON (AP)—Seventeen firemen have been ordered to take lie detector tests in an effort to find out if any of them got the \$2,000 reported missing from a home after a Halloween night fire.
