### Why a Safeway, Quick-Frozen Turkey Means Better Eating for You!

Quick freezing is the modern miracle that makes it possible for Safeway to bring you turkey at its very best.

Here's why: the birds go into the freezer WITHIN AN HOUR after being completely cleaned—inside and out. There's no chance for the meat to lose its "just-dressed flavor. All the preparation—killing, cleaning, and freezing—is done as one continuous operation in spick-and-span plants, by skilled workers... and under U. S. Department of Agriculture supervision. Every step of the way—from selection of the birds from the country's finest flocks—to their display in our stores—gentle care is taken to assure that you get a turkey that will eat tender, sweet, and juicy.

The moment your knife glides through the first slice of white meat and the rich juices glisten on the blade, you'll know that you've got a turkey that will taste wonderful right down to the last tender morsel.

Even folks who live on turkey farms and can pluck, dress, and get their bird in the oven within a few hours can't enjoy any fresher-tasting turkey than you can with a QUICK-FROZEN TURKEY FROM SAFEWAY.
