

Jamborees Dot Weekend Cage Play for Preps

The popular basketball jamboree, the noisy, colorful opportunity for folks to see all league teams in action on the same night, dot the weekend cage outings for a number of teams. The Marion County B League jamboree, involving St. Paul, Chemawa, Gervais, Oregon School for the Deaf, Sublimity, Jefferson, Mill City, Gates, Detroit and specially invited Scio, will be played Saturday night in the new Jefferson High Gym. Scio High plays in a Friday night jamboree at Shedd.

Another Friday night jamboree has Phillomath appearing in a county affair at Alesia, and still another will see Albany, Corvallis, Lebanon and Sweet Home act at Sweet Home.

The annual Yawama League jamboree is slated for December 12 at North Marion, and the Willamette Valley League "jam" is booked for December 19 at Molalla.

Friday will also bring about the opening 1952-53 action for the Salem Vikings who play Roosevelt

of Portland at the Vik Villa. A Big Six League doubleheader will send Eugene to Bend Friday and Saturday nights.

Other Friday night games featuring the area's prep teams are as follows: Perrydale at Eddyville, Mill City at Cascade, Stayton at Canby, Jefferson of Portland at Molalla, Newberg at Silverton, Amity at Gaston and Sheridan at Dallas.

Dayton comes to the Salem Army Saturday night for a game with the Sacred Heart Academy

Cardinals.

The OCE Wolves of Monmouth take to the road Friday and Saturday for their annual series with the Southern College Red Raiders at Ashland. The Willamette Bears aren't scheduled to get their season underway until December 9 when they play the OCE's in the new Jefferson Gym.

For other than the jamboree clashes, Bee team prelims will take place Friday and Saturday nights for most of the high schools.

West Lineup Adds 8 More

Baker Among Latest Shrine Squad Picks

SAN FRANCISCO (AP) — Eight more football stars were added Wednesday to the West roster for the annual Shrine-East West football game here Dec. 27, bringing less than the full team of 25.

Record Salmon Count Reported

PORTLAND (AP) — Salmon migrating up the Columbia River over Bonneville Dam reached a record high of 875,795 this year, the Corps of Engineers reported Wednesday.

The total was 77,459 above the previous high of 798,336 in 1947.

Large numbers of blueback and steelheads were included in the total. That was because a strike of commercial fishermen in August permitted a major part of the runs to go upstream.

Besides the salmon, 199,526 miscellaneous fish were counted to bring the total to 1,075,321. That figure has been exceeded in 1938, 1940, 1947 and 1948.

Fire Guilty Coaches, Advises Hollis

PCC Head Says Prexies Key to Solving Abuses

PORTLAND (AP) — Abuses in recruiting college athletes will not be cleaned up until school presidents have the courage and authority to fire coaches for violating the spirit as well as the letter of the law.

So said Dean Orlando J. Hollis of the University of Oregon law school and president of the Pacific Coast Conference here Wednesday at a meeting of the Northwest Association of Secondary and Higher Schools.

His position was supported by Dr. A. Ray Olpin, president of the University of Utah, who said "most of the evils of intercollegiate athletics are associated with relentless proselytizing and reckless subsidizing of players."

Dr. Hollis said "you can write stuff in books and talk to groups and lecture athletics staffs until you are black in the face," but enforcement is in the president's office.

Fines Not Enough

He added, "if the president hasn't stamina enough or is not free to fire for viola on nothing is going to happen. Expulsions and fines won't do it."

He urged leadership of alumni organizations by men interested in education "instead of by small groups of wild men who take no other interest in institutions except athletics."

He said colleges were dodging reality with words and pointed out that the term grant-in-aid had been substituted for the words athletic scholarships. Such grants in tuition and fees range from \$75 to \$800, he said.

Sublimity Set For B Jamboree

SUBLIMITY (Special)—The Sublimity Saints, with but four lettermen on hand and hardly any height within the ranks, will take part in the Marion County B League basketball jamboree at Jefferson the coming Saturday night. The Saints are led by Captain Ron Ruff, 5-9 guard who won all-State honors in last season's state Class B tournament. Other lettermen are 5-8 Whitey Bradley, 6-1 Joe Steinkamp and 5-11 Vic Frank, 5-8 Louie Heuberger, 5-8 Bill Hendricks, 5-10 Jerry Kintz and 5-11 Dave Parrish.

Duckpin Aces Face Bowlers

Can a good duck pin team beat a good bowling team—or vice versa?

That point will be settled in a coming series between stars from B and B Duckpin Courts and kegling standouts of Capital Lanes.

The factions will collide at B and B Saturday night, 7 o'clock, with two teams representing each side. A return match with the big balls is slated for the Capitol alleys on Saturday night, Dec. 20th.

General Grid Turnouts Equal Figures of '51

NEW YORK (AP) — The South and the Midlands kept college football attendance on an even keel during the 1952 season although declines were registered in nearly every other region.

The annual Associated Press survey of attendance at major games revealed Wednesday that the crowds increased by a whopping margin in the Southern, Southeastern, Big Seven and Missouri Valley Eastern independent", showed a decline of 1.49 per cent. The average crowd per game was smaller by 378 cash customers.

Those figures are so small they probably can be disregarded, since some colleges furnished only "round number" estimates of their crowds and since only conference members were counted outside the East.

The biggest declines in attendance were noted on the Pacific Coast and among the Eastern independents. Over all attendance for the Pacific Coast Conference was down almost 15 per cent in spite of some huge turnouts, a drop that left the experts scratching their heads to find explanations.

In the East, attendance as a whole declined 9.49 per cent although the Ivy League colleges lost only 5.67 per cent.

Southern California, the Coast champion, recorded a total of 242,466 for six games as compared to 354,298 last year. That was mainly because UCLA was the "home" team for their annual clash, which drew 96,899, and the over-all total was not affected.

Stanford another big loser pointed to a similar switch in the locale of the "big game" against California but also blamed televising the Michigan game for a drop from the estimated 45,000 to the 35,000 who actually attended.

Tackle of Top Rival Brought Title to Barker

SPOKANE (AP) — Ed Barker, the Washington State College and who took the Pacific Coast scoring title, actually won it with a spectacular tackle.

His chief challenger was George Black, Washington wingman. Late in Saturday's game between the rival Washington schools, Black caught a pass from All-America Quarterback Don Heinrich and seemed headed for a sure touchdown.

He had broken into the clear and was under full sail when Barker angled across the field and overhauled him from behind on the W.S.C. seven after the play had gained 70 yards.

Washington went on to score, but it wasn't Black that made the touchdown. Barker finished the season with 44 points, Black with 42.

AAU Seeks Key to Money Problems

By JACK HEWINS

SPOKANE, Wash. (AP) — Finding a means of pumping some financial blood into the Amateur Athletic Union will be one of the major chores of the 300 or more delegates to the association's 64th annual convention here Thursday through Sunday.

Daniel J. Ferris, veteran secretary of the ruling body of many American sports, said Wednesday the patient was suffering from a bad case of purse-string anemia.

"We may have to appeal to the public for assistance," Ferris said. "For most of our 64 years the registration charge has been 25 cents and you know how far a quarter goes in 1952. Club memberships bring in additional funds and the national organization shares in receipts from some national championships."

"But for several years the income has been holding at the same level while expenses have been doubling and tripling. Regional associations also are feeling the financial pinch, with a number of them in the red."

Ferris said there is a "good surplus" in the Olympic fund, which will be held over as a nest egg for the next Olympics.

Many new activities, especially the Junior Olympics, have helped increase the financial load. Forty committees, most of them dealing with individual sports from basketball through the alphabet to wrestling, will meet Friday.

Several committees will go into session Thursday morning with the opening of the 1952 convention, among them the executive, foreign relations and Junior Olympics groups. The first general assembly will be a brief session Friday morning before the full day of committee meetings.
