Honored

LYMAN E. SEELY

Junior Citizen Selection New At Woodburn

(Story also on page 1.)

WOODBURN—Lyman E. Seely became Woodburn's first Junior First Citizen Tuesday when a group of three senior citizens announced their decision. Eight persons had been nominated for the honor.

Woodburn's Junior Chamber of Commerce sponsored the selection for the first time. Charles Cornwell was chairman of the committee in charge which included Gary Butcher, Dr. Lucas Springer, Glen Dryden, Robert Elder, Keith Olson and Paul Dickenson.

Seely was born at Woodburn on Dec. 15, 1917 and started his banking career as a bookkeeper at the bank here in 1938 after graduating from Oregon State College. He was promoted to assistant cashier in 1946 and became manager in 1948.

During World War II he served as a captain with the Air Force in the European theater. He is married and has two children.

A new steel plant on the Delaware River has 75 miles of standard railroad track in its 3,900 acres.

Physicist Held As Former Red

WASHINGTON—A federal grand jury at Richmond, Va., Tuesday indicted Jerome Mayo physicist, on charges that he falsely denied membership in the Communist Party.
 The indictment was announced here by Atty. Gen. McGranery. He said the false statement charge was based on denials of Communist membership made by Greenberg during an interview with the FBI on Dec. 15, 1947, at Norfolk, Va.
 Greenberg at the time was employed as a physicist in the laboratories of the National Advisory Committee on Aeronautics at Langley Field, Va.

East Salem—Mr. and Mrs. George Shull and sons have returned to their home on Market Street after visiting relatives at Richmond, Calif.

The telescope was invented in Holland, but Galileo, an Italian, so improved and developed it that his name was long associated with all telescopes.

If you sell anything for a living...

DON'T MISS THIS IMPORTANT ELECTION FACT:

Television and Radio did an outstanding job reporting the Election Returns...

BUT people bought more Newspapers than ever—to read all about it!

ELECTION EDITIONS UP—AS MUCH AS 30%! A spot check of newspapers across the country reveals:—Issues reporting election returns ran 10% to 30% higher than their normally recorded circulation.

NEWSPAPER READING highest in history! Circulation of newspapers in the U. S. has grown twice as fast as population. In 1920 population was 106 million; today it's 155 million—up 47%. In 1920 weekday newspaper circulation was 28 million; today it's 54 million—up 94%!

TELEVISION HAS brought us more interesting things to read about—in newspapers. Among families with TV sets, newspapers are as important as ever. According to "Videotown, 1952", a survey by Cunningham and Walsh, the well-known advertising agency:

PEOPLE SPEND AS MUCH TIME with newspapers as in the days before television. The survey shows that while other family activities—like magazine reading, movie

attendance and entertaining—have fallen off sharply, newspaper reading is still just as popular!

EVERYTHING NEW stimulates newspaper reading. The newspaper as a medium grows stronger and stronger as people gain more and more interests in the world about them.

ADS IN NEWSPAPERS MORE EFFECTIVE. They reach more customers today than ever before. They give any selling message a down-to-earth, urgent, local quality that brings immediate buying action.

IF YOU SELL ANYTHING for a living, make sure it's advertised in the newspaper—where your selling message can go to virtually all your customers. Where they can read it when they wish, wherever they will, study it as long as they want. Vote for newspapers in your ad program and you vote for sales! *The newspaper is always "first with the most!"*

It's fun to keep fit

Let Sun Valley add variety to "Bread Hungry diets"—and safely, too. Sun Valley Bread baked with no shortening whatever, is low in calories, (less than 50 to the slice) yet high in energy producing proteins. Try SUN VALLEY BREAD toasted tomorrow morning.
