

College of Cardinals Prepares to Elevate 24 Catholic Prelates

By WILLIAM L. RYAN
VATICAN CITY (AP) — The Sacred consistory Monday morning to with Pope Pius XII in solemn secret consistory Monday morning to elevate 24 prelates from 13 nations to this Senate of the Roman Catholic Church.

At a time of grave world crises, the Pope is raising to full strength the college which administers the affairs of 425 million Catholics of the world.

He is extending representation in the college to 27 nations, the broadest in the church's nearly 2,000 years of history.

The cardinals-designate, among them Archbishop James Francis McIntyre of Los Angeles, will be waiting at their respective residences for the arrival of colorfully clad papal messengers to announce their elevation.

To Get Hats
On Wednesday, the new cardinals receive the zucchetto, a cardinal's skull cap; the biretta, a square red clerical hat without pom-pom; the cappa magna or great cape and the mozetta, or short cape.

Thursday the new cardinals will be summoned to the great, colorful public consistory at St. Peter's, where the pontiff confers the galero, or red hat.

For Catholics it will be both a joyous occasion and a solemn reminder that the church is fighting for its life in Communist-dominated countries.

Dispute With Reds
In many cases the fight centers about the right of Catholics to remain loyal to the Vatican at a time when Communist regimes are attempting to impose national, government-dominated churches.

Archbishop Stefan Wyszynski of Poland, has informed the Vatican he will be unable to appear in person to receive the red hat symbolizing the rank of cardinal.

The implication in the message seemed to be that he could obtain permission to leave Communist Poland, but might not have been able to return.

Won't Be Present
Archbishop Alojzije Stepinac of Yugoslavia has said he would not be present. The Yugoslav archbishop served five years of a 16-year sentence in prison, imposed by the Communist regime of Premier Marshal Tito, on a charge of collaboration with enemies of the state in wartime.

The Tito government angrily broke diplomatic relations with the Vatican when the archbishop was nominated for the red hat. Stepinac, too, has expressed fear that if he left his country, he would be unable to return to his flock.

The church's fight for life in Communist countries is symbolized by Josef Cardinal Mindszenty of Hungary, now in prison for life on a charge of conspiring against the Communist state. He received his red hat in the great consistory of 1946.

CIO Woodworkers Ask Pay Boost, 6-Hour Work Day

PORTLAND (AP) — CIO Woodworkers will ask a wage increase, a six-hour work day and other benefits in their new contract the union's Northwest Regional Negotiation Board announced Sunday.

The board, which represents some 50,000 workers in Oregon, Washington, Idaho, Montana and Northern California, said it would ask a 22 1/2-cent hourly wage increase when negotiations on the new contract open next month. Present contracts for most of the workers, including loggers, plywood mill workers and boommen, expire April 1.

Ike to Confer With Cabinet On Problems

NEW YORK (AP) — President-elect Eisenhower will discuss the incoming administration's plans to deal with a wide range of domestic and foreign problems at a meeting Monday with his Cabinet designees and other key appointees.

Vice President-elect Nixon also is scheduled to sit in at the pre-inaugural conference—the first get-together of all the members of the Eisenhower top command.

The general will meet with the full group of about 25 Monday, then probably will hold a series of additional conferences Tuesday with smaller units.

Eisenhower's aides said the initial meeting at his Commodore Hotel headquarters will amount to a full-scale review of the foreign and domestic problems which the new administration will face when it takes office Jan. 21.

Eisenhower's program for dealing with those problems is based to a great extent on recommendations already submitted to him by the nine men he has named to his Cabinet and by other top appointees.

The plans are sketched in broad outline in the inaugural and State of the Union addresses on which Eisenhower has been working for more than a month.

On the foreign affairs side, those plans call in part for naming a commission to study American psychological strategy in the "cold war."

An informed source who asked not to be named said that Eisenhower has decided to create such a commission to review that strategy and to recommend methods for its improvement and coordination.

This source said the commission will be headed by William H. Jackson, a New York banker.

The plan reportedly calls for the naming of three commission members by Eisenhower himself, and one each by John Foster Dulles, secretary of state designate, Charles E. Wilson, who will be secretary of defense, and Harold E. Stassen, named to head the Mutual Security Agency.

Jackson has served as deputy chief of the Central Intelligence Agency, now headed by Gen. Walter Bedell Smith. Eisenhower announced Saturday that Smith will be under secretary of state in the new administration.

Seventy Aliens Registered in County Area

About 70 aliens have registered so far this month at the Salem Postoffice under the McCarran-Walter Immigration Act (Public Law 414), effective Dec. 24, 1952, according to local Postoffice officials.

The new law, also known as the Immigration and Nationality Act of 1952, requires that every alien who is in the United States on Jan. 1 of each year shall report his address during the month of January.

The Immigration and Naturalization Service in Seattle, Wash., has estimated that in this district, which comprises Oregon, Washington, Idaho, Montana and Alaska there are about 140,000 aliens who will be required to register under the act.

The law states that any alien who is temporarily absent on Jan. 1 shall report his address within 10 days (10 days after his return to the United States.)

Parents or legal guardians for children under 14 years of age must submit a report for them.

Alien address report cards, Form I-52 may be gotten at any U.S. Postoffice or any U.S. Immigration Office.

Any alien or his parent or legal guardian who "willfully or inexcusably fails to report is liable to criminal prosecution and deportation," according to the act.

Police Seek Red Leader In Pakistan

KARACHI, Pakistan (AP) — Police reportedly raided the main headquarters and branch office of Karachi's Red-dominated Trade Union Committee Sunday in search of the local No. 1 Communist, wanted in connection with last week's bloody student riots.

Officials were tight-lipped about the reported manhunt, but a union spokesman, Mohamed Ali, said a searched the dingy downtown offices of the committee and then raced to a branch office in a suburban working area, looking for Aziz Ahmed Khan, the Red leader who is believed to have gone underground.

All told the police the 25-year-old leader had "gone somewhere for treatment of an illness, but we don't know where."

Earlier in the day, A. T. Naqvi, chief commissioner for Karachi Province, said the student riots in the capital were spearheaded by Communists and prom-

ised their leaders would be arrested. Naqvi told a news conference the situation now was almost normal and that police and Army troops were easing up their heavy patrols after arresting 384 persons overnight.

He reported another riot victim had died in a hospital, bringing the death toll to 12. At least 266 persons, including 152 police constables, were injured in the violence which erupted Wednesday. The riots grew out of students' protests against a 45 per cent increase in tuition fees, and authorities said Communists encouraged the violence.

OREGON STATE COLLEGE—A scholarship fund of \$500 has been received by the school of home economics at Oregon State College from the estate of a 1929 graduate "in gratitude" for her education.

Provision for the scholarship money was contained in the will of Vivian A. Berg, who died in 1952 at her home in Coeur d'Alene, Ida. The check came to Dr. Bera H. Brandon, acting dean, from Miss Berg's brother, Maurice C. Berg of Spokane, executor of the estate.

U.N. Repels Heavy Attack

SEOUL (AP) — Bloody infantry fights flared on the long-quiet Korean ground front early Monday. U. N. troops hurled back about 1,200 Reds in the heaviest actions in recent weeks.

U. S. B-29 Superforts slammed 100 tons of bombs on railroad yards deep in Northwest Korea Sunday night in their third straight night attack on rebuilt Red supply lines from Manchuria to the front. The Reds threw their biggest ground assault—by some 600 men—against Allied positions northeast of the Punchbowl, a shallow valley on the cold and rugged eastern front.
