

Britons Send Word of Yanks Held by Reds

MOSCOW (AP)—Six British civilians and an Irish priest arrived here Monday after long internment in North Korea. They reported that three Americans held with them during part of their two years and eight months imprisonment had died of illnesses. A spokesman for the group said seven other Americans held with them in a farmhouse outside the North Korean capital of Pyongyang still were alive and in apparent good health when they left there nearly a month ago. The American Embassy has been informed that, through Soviet good offices granted recently by Foreign Minister V. M. Molotov in response to a U. S. request, seven Americans soon would be on their way to Moscow on the first leg of their trip home.

BATHEGATE, Scotland (AP)—British Trooper Edward O'Donnell, 31, released by the Korean Communists in Monday's prisoner exchange, sent a telegram to his father's residence here saying he was homeward bound. He does not know his father died two years ago, just after O'Donnell's capture.

Wheat Promotional Campaign to Continue

PORTLAND (AP)—A promotional campaign for Oregon wheat will be continued, E. J. Bell, Pendleton, Oregon Wheat Commission Administrator, told the Pacific Northwest Bakers Conference Monday. He said this included cake baking contests, State Fair exhibits and a motion picture being made to show wheat production, marketing, milling and baking. Some 300 bakers attended the opening of the three-day meeting.

Gilbert Given 3-Year Term

Charles R. Gilbert, 1020 N. 16th St., was sentenced to three years in the State Penitentiary Monday in Marion County Circuit Court. The charge was obtaining money by false pretenses. Gilbert had pleaded guilty to passing a worthless \$25 check in Salem in February. The court also heard Ray Elvin Ehlike, 333 Union St., plead innocent to the charge of contributing to the delinquency of a minor, on which the grand jury indicted him last month. Trial date was not set.

Britain Requests Chiang to Halt Fighting in Burma

UNITED NATIONS, N. Y. (AP)—Britain urged Nationalist China Monday to broadcast an appeal to 12,000 Chinese guerrillas now fighting in Burma to lay down their arms and accept internment. Sir Gladwyn Jebb, British chief delegate, said in the U. N. Assembly's Political Committee that if Generalissimo Chiang Kai-shek has no physical control from Formosa over the guerrillas under Gen. Li Mi, his government at least could make a broadcast appeal. He said the soldiers should be interned or evacuated.

Sec. Humphrey Not Fearful of Depression

NEW YORK (AP)—Treasury Secretary George M. Humphrey said Monday there will be no depression in America, come a Korean armistice or even full world peace. "Adjustments, yes, but not depression," he added in his maiden speech as the fiscal weathervane of President Eisenhower's new Republican cabinet. The former Midwest iron ore magnate told the annual luncheon of the Associated Press at the Waldorf-Astoria Hotel: "So long as we maintain the soundness of our money; attain that nice balance between achieving security from aggression and maintaining economic strength; eliminate waste and handle our fiscal affairs with wisdom, America can look forward to good jobs at good pay and real advances in our scale of living. "We can have a stronger economy based on sounder fundamental conditions than we have known in many years." Humphrey advised the 1,000 editors and publishers that "taxes should not be reduced until expenses are under control." But he quickly added: "That does not mean that no relief from present taxation at least could make a broadcast appeal. Just the opposite is true. Taxes must come down. It's

Testimony in Police Slaying Case Heard

ROSEBURG (AP)—The Douglas County Grand Jury began hearing testimony Monday on the fatal shooting by police officers of C. D. Burgoyne last Feb. 1. Police fired an estimated 1,000 bullets into his cabin. They said he had resisted arrest on a warrant accusing him of threatening an assault. The grand jury investigation was ordered by Attorney General Robert Y. Thornton after he had investigated the shooting at the request of Gov. Paul Patterson. A group known as the Douglas County Committee for Justice, made up of Burgoyne's neighbors and acquaintances, had asked the investigation. The committee contended the shooting wasn't necessary—that tear gas could have been used or a friend sent in to talk to Burgoyne. Ten of the 14 officers involved in the shooting testified Monday. Subpoenas have been issued to about 40 other persons, many of them Burgoyne's neighbors. The jury is made up of four men and three women. Thornton and his assistant, Howard Loneragan, are conducting the investigation.
