There's lots of choice when making a selection of nuts, and there are innumerable uses for each.

Walnuts, of course the most popular of home grown nuts, has wide use in recipes and filberts are close runners-up.

Chopped walnuts make any sundae topping taste better, and for extra good flavor try roasting the walnuts before chopping them. Put the shelled walnuts into a shallow pan and slip into a 400 degree oven for 15 minutes. They're delicious sprinkled on cake frostings too. on cake frostings, too.

FOR CAKES

Sprinkle this topping on a cake before it is put in the oven to bake. Stir together 2 tablespoons each peanut butter, granu-lated sugar and flour until crumbly, add 1 tablespoon strong coffee and ½ cup broken pieces of walnuts. Spread over cake batter. When your cake comes out of the oven it's frosted and

For springtime teas and parties, make some spicy walnuts to serve in the prettiest glass or silver compote. Melt 1 tablespoon butter in a shallow pan, add 1 cup walnut halves and roast in slow oven about 25 minutes. Remove from oven and sprinkle 1/2 cup sugar blended with 1/4 teaspoon each cinnamon

HOT ROLLS

Give brown 'n' serve fan-tan rolls extra glamor this easy way. Break the tiny fans apart slightly and tuck in a bit of honey mixed with buttered diced roasted almonds and chopped raisins between each section. Brush the tops with melted butter and bake in a 400 degree oven about 10 to 12 minutes.

Traditional sandwiches for a wedding reception are chicken and almonds. For the filling combine finely chopped roasted almonds with minced chicken, and mayonnaise spiked with lemon juice. Make small closed finger sandwiches and dip the edges

first in mayonnaise and then in finely chopped parsley.

Try this with 8 brown 'n' serve clover leaf rolls. Spread the bottom of a loaf pan with a mixture of 3 tablespoons each melted butter and chopped roasted almonds and 1/2 cup brown sugar. Put the rolls in the pan upside down and bake in a 400 degree oven about 25 minutes. Let stand 1 minute. Serve rolls right side up.

Those owners of one nut tree or a hundred, and other women who have a supply to use up each year find cookies to be among the most satisfactory uses. This cookie, a popular type, include walnuts or filberts instead of the familiar coconut or almonds.
