

Reduced Auto Insurance Still Under Study

State Insurance Commissioner Robert Taylor said Wednesday his office is still studying an application for lower automobile insurance rates received earlier this week from mutual insurance companies in New York.

Unofficial report that the application would be made came out several weeks ago. Similar reduction rates have been applied for in several other states.

"We just got the information from the mutual companies last Monday," Taylor said. "It's very complicated and will take us some time to analyze it."

If approved by Taylor the rate reductions would be: A 25 per cent drop in premium costs for cars driven for pleasure, less than 7,500 miles a year and only by two adults, both at least 25 years old.

Twenty per cent reduction for family cars driven principally by adults but with children permitted to drive up to 25 per cent of the mileage.

Youthful drivers without family ties, however, would pay 30 per cent more.

Money Awaits World War II Prisoners

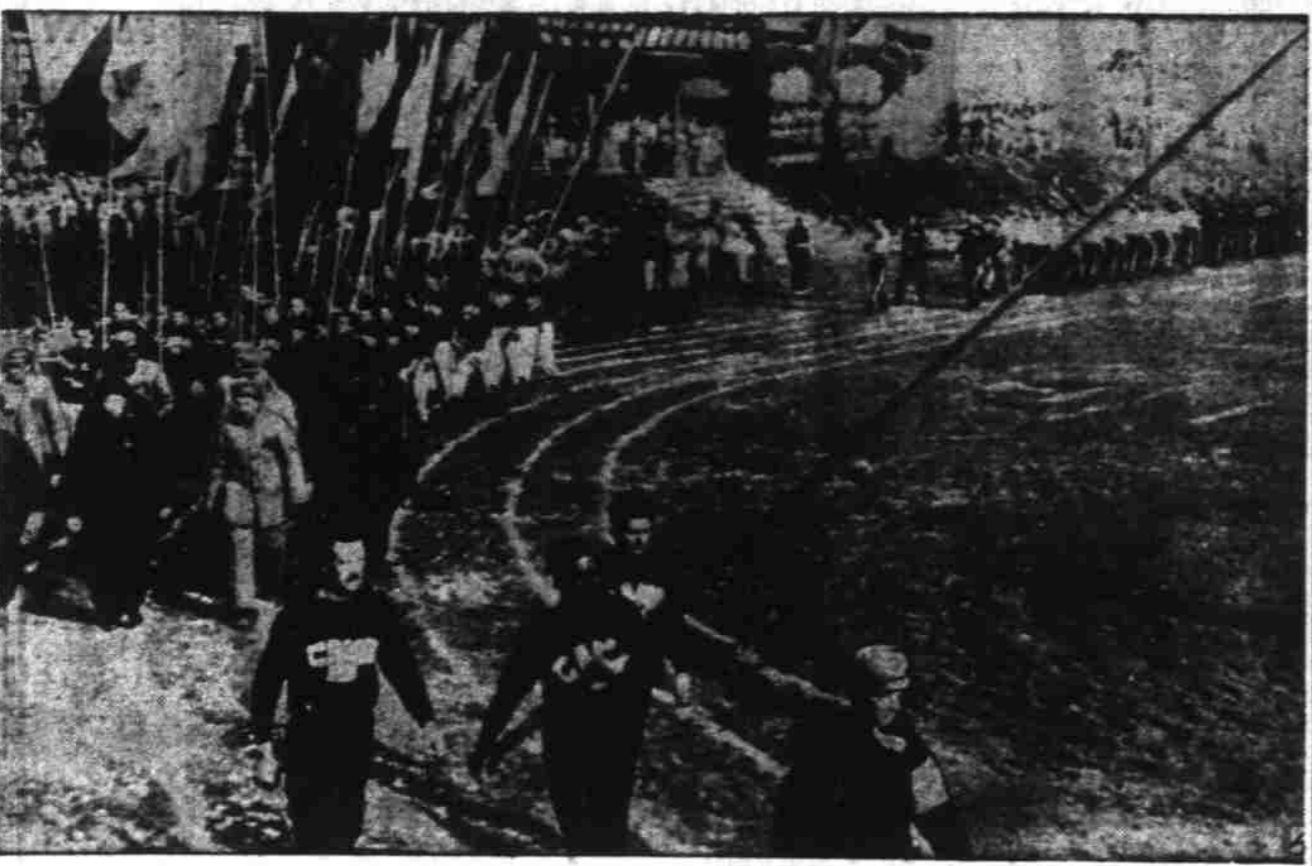

Four Willamette Valley veterans, who were held as prisoners of war during World War II, are the object of a search by the State Veterans Department so they may be paid money due them for time spent in prisoner of war camps.

The department Wednesday was asked by the War Claims Commission to assist in search for the four since checks which had been mailed to them were returned, marked "address unknown." The benefits range from \$5 to around \$1,900.

The men and their last known addresses are: Harold D. Graymer, Salem; Stanley Orrin Nold, 8979 N. Portsmouth Ave., Portland; Wallace Glenn Taylor, 745 N. Russell St., Portland, and James Treece Langwell, 1225 East Third St., Albany.

Ex-Red Held Deportable

HOUSTON, Tex. — A federal judge held Wednesday that an immigrant who was formerly a Communist is mandatorily deportable. Judge Allan B. Hannay said such would be the case even if the immigrant's behavior has been above reproach since leaving the party.

Hannay made his ruling while denying the petition of Roger Nehamia Berrebi, 39-year-old cotton clerk who was seeking a writ of habeas corpus to prevent his deportation.

Alsea Search for Body of Salem Man Continues

Dragging operations in the Alsea River for the body of George (Todd) Walker, 68, City Transit Lines driver, uncovered a fishing reel Wednesday and searchers hoped to find the body soon.

The reel belonged to Orval (Johnny) Hale, also a Salem bus driver, who was Walker's companion on the fateful fishing trip Monday. Hale managed to get ashore after their rubber boat upset.

Members of Walker's family and other volunteers along with Sheriff C. N. Lilly who have been dragging the swift and muddy river, believe the body may be caught under brush or logs near where the reel was found.

Dragging will center at this spot again today.

Dr. Samuel Johnson suffered from tuberculosis of the glands.

Freed POW Greeted by Wife

TACHIKAWA, Japan — When Air Force Captain Zachary Dean of Douglas, Kan., arrived at the Tachikawa airbase in Japan after his repatriation in the final exchange of sick and wounded prisoners of war it was a happy moment. He was reunited with his wife who had remained hopefully in Japan since Dean was shot down in Korea in April, 1951. (AP Wirephoto via radio from Tokyo to The Statesman.)

Driver Escapes As Logging Truck Struck by Train

Although his logging truck was demolished, James A. Muzzey, 33, of 2310 Lansing Ave., suffered only minor injuries when struck by a train Wednesday morning at Chemawa. Muzzey told state police he was

eastbound across the north end of the Chemawa School grounds. The road runs parallel to the tracks just before crossing, and Muzzey said he heard no train, so turned across.

The dual rear wheels of the truck were thrown 150 feet from the crash scene by the impact of the southbound Southern Pacific freight train. Muzzey was taken to a Salem hospital but released after out-patient treatment.
