IF YOU BUY IT, YOU'RE STUCK WITH IT!

WELL, IT'S YOUR MONEY ISN'T IT?

Patience is a virtue -- but it can be overdone. Though we warily watched the Pups accumulate over the past few months, we retained the courteous mein and the charitable heart.

The eminent fashion experts who pushed this or that for the Blue Birds "big moment" had our best interest at heart. It was just the weather or the locality or something.

Now something has happened to our sunny disposition and our simple faith. Our patience feels curdled and there's a gnawing suspicion that something should have been done about our eyes! The "terrific" styles now appear slightly "terrible."

Since the pups touch us in the highly sensitive region of the pocketbook, we may be prejudiced. But you don't have to agree -- it's a free country. We'll gladly sell them to you.
