

Harley Mize, 61, Dies; Rites Set Friday

Harley LeRoy Mize, 61, died unexpectedly Monday at his home, 1173 6th St.

At the time of his death he was employed as an attendant at Oregon State Hospital. Formerly he worked at Sicks Brewery for over nine years until it closed recently.

Mize was born in Dunlap, Iowa, Aug. 14, 1891 and came to West Salem in 1937 where he had lived since.

He was a member of the Eagles here and local 324 of the Teamsters Union.

Surviving are his widow, Flora V. Mize, Salem; daughters, Miss Genevieve Mize, Salem, Mrs. Violet Driessche and Mrs. Clyd Hilton, both of St. Andrews, Wash., Mrs. Opal McLaine Harrisburg, Mrs. Lucille Cable, Salem, Mrs. Don Frye, Millvale, Pa.; two sons, LeRoy Mize, Portland, Fred Davenport, Scio; two sisters, Mrs. Leo Furgen, Sioux Falls, S. D.; Mrs. Maude Nash, Dubuque, Iowa; two brothers, George and Dave Mize, both of South Dakota, and two grandchildren.

Funeral services will be held Friday at 1:30 p.m. in Virgil T. Golden Chapel with interment at Lone Oak Cemetery, Stayton. The Rev. Harold Lyman will officiate.

WRECK INJURIES FATAL

HOOD RIVER, Ore. (AP) — Raymond L. Dodson, 23, of Burbank, Wash., died in a hospital here Monday from injuries suffered in a traffic accident near Carson, Wash., Sunday.

ACORNS FROM THE
Oak Room
WITH DEL MILNE

"Out of the mouths of babes, etc." Last week I unintentionally did a little eavesdropping. I just couldn't help hearing my daughters Carolyn, Margiame and Mary Lee planning the procedure for talking their dad into taking them out for dinner. They finally all agreed that they guess it would cost too much to take an entire family out to dinner. Well it certainly started me to thinking because I know there are hundreds of families just like ours. Families that if they could get a good dinner at a modest price would welcome the opportunity to eat out. I called in my chef and told him the story and last Saturday we started a \$1.25 dinner to be served each evening and Sunday. Each day will be different or at least one of the entrees will be different but as an illustration here is what our patrons received for \$1.25 last Saturday:

- SOUP OR SALAD
 - HOT HOMEMADE ROLLS
 - GRILLED DINNER STEAK
 - OR
 - ROAST SIRLOIN OF BEEF
 - POTATOES
 - A GREEN VEGETABLE
 - DESSERT AND DRINK
- and that, my dear friends, is cheaper than you can eat at home so come down to the Marion Dining Room any evening and try this new \$1.25 feature.

Prison Dining Room Opened After 10 Days

The State Penitentiary dining room was in use Monday for the first time since 1100 rebellious convicts went on a sit down strike 10 days ago.

Warden Clarence Gladden said the dining room was damaged by tear gas used by prison guards to drive the convicts out of the building. Many windows in the building were broken and had to be replaced.

Only 125 of the 1,100 convicts involved in the strike remained in their cells Monday. These included ring leaders of the rebellion and those in the segregation cellblock when the strike started.

The warden announced Monday that visitors would not be allowed at the prison until July 29. He previously had set the date for July 27. The postponement was ordered because prison officers who conduct the visits are off duty Mondays and Tuesdays.

Many of the convicts have been assigned to cleaning up the damage they caused during the strike. Others have been assigned to their normal jobs. Gladden said the clean-up should be completed within a week.

Completion of the new 94-cell segregation block got under way Monday under direction of E. E. Battersman, Salem contractor. He said the job would be completed within 60 days at a cost of approximately \$54,000.

The cellblock has been under construction by convict labor for nearly two years and, according to officials, there has been some sabotage of the structure. Battersman estimated it would cost \$45,000 to complete the structure with convict labor.

The new cellblock, when completed, will house incorrigible prisoners.

Stock Market Slips Slowly

NEW YORK (AP) — The stock market in a routine performance Monday declined moderately. Many leading issues fell around a point, a highlight of the session, but they backed down without being forced.

The Associated Press average of 60 stocks declined 50 cents at \$107.50. The industrial component of the average was down 70 cents while the railroads lost 40 cents and the utilities lost 20 cents.

The list was composed of 1,044 individual issues of which 296 advanced and 520 declined with 5 new highs and 38 new lows for the year recorded. Volume remained low at 830,000 shares. That compares with 840,000 shares traded Friday.

Wheat Prices Rise Firmly

CHICAGO (AP) — Wheat gave a quite impressive display underlying firmness on the board of trade Monday, closing on gains extending to about 2 cents.

Wheat closed 1 1/4-2 1/2 higher, corn 1/4 lower to 1/2 higher, oats unchanged to 1/4 higher, rye 3/4 lower to 1 cent higher, soybeans 3/4 lower to 1/2 higher, and lard 7/8 to 20 cents a hundred pounds lower.

Auto Kills Child At Cave Junction

CAVE JUNCTION, Ore. (AP) — A little girl was struck by a car and killed as she played in the street in front of her rural home near here Monday evening.

She was Diane Louise Gates, one-year-old daughter of Mr. and Mrs. Bert Edgar Gates, Erer Hall identified the driver of the car as Henry Appey, Route 1, Cave Junction. Hall said Appey told him he did not see the child until too late.

Zoning Group To Study Data On Annexation

Salem Planning and Zoning Commission will tackle annexation policy again tonight, along with a zoning change hearing and reports of assorted requests from Salem area property owners.

The annexation discussion is prompted by the City Council which asked for a city attorney's opinion and commission report on annexation restrictions which might be imposed on a new area within the city.

City Attorney Chris Kowitz' report is to the effect that a city may refuse to annex property until it is provided with certain improvements, like sewer lines, water connections or paved streets. He also reports that once annexed a territory should have the same rights as any other part of the city.

Some of the aldermen wondered if a condition that certain city facilities would not be provided until after a specified time.

The zone hearing set for tonight at the City Hall meeting is a proposed change from residential to restricted business zoning which would allow a court apartment development by R. O. Lewis on the north side of State Street between 21st and 23rd Streets.

One of the reports will be on Roy S. Melson's request that Greenwood Avenue in the Keizer district be extended 302 feet to the east.

Zoners also will consider proposed vacation of an alley on property where West Coast Fast Freight is building a terminal in North Salem.

Rain Brings New Japan Flood Threat

TOKYO (AP) — Torrential rain rains raised rivers and broke dikes 100 miles southwest of Tokyo, threatening Monday to bring on Japan's third disastrous flood in three weeks.

Several hundred houses were flooded in the Tokyo area but constant rains of the last four days tapered off here.

Two hundred miles southwest, flood waters receded from mountainous Wakayama Prefecture, where National Police said 297 bodies had been recovered. Ground sea and air rescue teams searched for 2,103 more persons reported missing. The missing included 300 school children.

U.S. Air Force planes dropped food to stranded villagers. U.S. Army land craft carried in relief goods.

The new flood threat struck at Nagano and Shizuoka prefectures where downpours continued after skies cleared over Wakayama. Hundreds in the threatened areas fled to higher ground. Men worked desperately trying to plug gaps in river dikes.

The first flood three weeks ago took 700 lives and injured more than 1,000 others on the southern island of Kyushu.

Hill Battles Erupt in Korea

SEOUL (AP) — A series of scattered, savage hill battles erupted on South Korean sectors of the Central Front Monday night and early Tuesday. American divisions reported only patrol action.

The heaviest fighting against the South Korean divisions was far lighter than the savage outbreak in the west Sunday night when two Red battalions overwhelmed U.S. Marine units defending Berlin and East Berlin hills. Only 14 Leathernecks escaped.

The action Monday night shifted to the central front. A Chinese battalion of some 750 men smashed into ROK positions west of the Pukhan River, but was thrown back after three hours of trench fighting.

That was the largest assault during the night.

Silverton Girl Hurt in Wreck

An eight-year-old Silverton girl received minor injuries in one of two accidents investigated by city police Monday.

She was Kathryn Overlund, a passenger in a car driven by her mother, Mrs. Leona M. Overlund. The girl suffered a cut lip when thrown against the windshield. She was treated by first aidmen.

The accident occurred about 1:45 p.m. at Summer and Madison Streets when the Overlund car collided with the rear of a car operated by Clinton O. Pitney, Eugene, police said.

Both cars traveled about 100 feet after the impact. Cars driven by Larry C. Martin, 3270 Livingston St., and Harriet H. Harris, Aumsville, collided at Leslie and South High Streets about 4 p.m.

Both cars were badly damaged, police reported, but there were no injuries.

Movie Tax Repeal Gains

WASHINGTON (AP) — The House Monday overwhelmingly passed a bill to repeal the 20 per cent Federal tax on motion picture tickets. President Eisenhower had opposed the legislation.

Warships' Visit To Turkey Draws Russian Protest

MOSCOW (AP) — The Soviet Foreign Ministry protested Tuesday night to Turkey against the forthcoming visit to Istanbul of British and American warships.

The Soviet note said the visit would constitute "a kind of military demonstration."

The protest demanded "additional information" from the Turkish government on these visits. It was delivered to the Turkish ambassador in Moscow by Deputy Foreign Minister Valerian A. Zorin.

The note said: "It is impossible not to direct attention to the circumstance that during a recent period entries into the ports of the Black Sea straits (Dardanelles) by units of foreign ships including big warships have become more frequent and that the above-mentioned visits in Moscow by 10 American warships and 22 English warships can be described as a kind of military demonstration."

Solons Urged To Talk Less And Act More

WASHINGTON (AP) — House Speaker Martin (R-Mass) Monday called for "more action and less talk" in Congress to clear the decks for the lawmakers to adjourn by Aug. 1.

And Sen. Knowland (R-Calif.), acting Senate majority leader, threatened to hold the Senate in continuous session from 9 to 10 o'clock in the morning until midnight every night if necessary to wind up the current session 12 days hence.

With the nation's capital sweltering in muggy, 90-plus heat, Martin and Knowland disclosed speedup plans to newsmen after conferring with President Eisenhower at the White House.

The two GOP leaders said they told the President they are still aiming at adjournment by Aug. 1—a week from next Saturday—but will hold Congress overtime if necessary to dispose of "must" legislation.

"Step on Gas"
"We realize we've got to step on the gas," Martin told reporters. Martin and Knowland agreed that Aug. 1 deadline for adjournment can be met, perhaps with a little prodding, and they listed the following items, along with the usual money bills, as top priority measures:

1. Extension of the Reciprocal Trade Agreements Act.
2. The Continental Shelf Bill, establishing a federal domain over submerged lands beyond the historic boundaries of the states.
3. Admission of 220,000 European refugees over a 3-year period.
4. An increase in first-class and other postal rates.
5. Establishment of a Small Business Administration.
6. Extension of farm credit provisions.
7. A military public works bill.
8. A series of commerce and navigation agreements with foreign countries.
9. Authority for President Eisenhower to send surplus foods to foreign countries in an emergency.

IN FOURTH WEEK OF COMA
Mrs. Carl Wellman, 1160 Alpine Ave., has been in a coma for nearly four weeks at Salem General Hospital since suffering a series of strokes due to high blood pressure June 24-25, a member of the family reported Monday. Her condition is listed as critical. Mrs. Wellman and her husband operate Wellman's Market and Drug at 490 N. Commercial St.

It is believed that the duck was domesticated considerably later than geese.

Photographer Sentenced in East Germany

By DAN DE LUCE
BERLIN (AP) — A free lance photographer was sentenced to life imprisonment and 15 alleged accomplices were condemned to prison in Dresden Monday in the largest show trial of East German rebels so far held by the Communists.

It also was the first big achievement of Hilde Benjamin, "the Red Gollum" who was made East German minister of justice to replace the purged Max Fechner.

The photographer, Lothar Markwirth, was charged with leading the uprising June 17 in the little Polish-German border town of Niessky, where the Secret Police headquarters was burned and Red officials beaten. Sentences of his alleged henchmen included:

A master wheelwright received 13 years, a shoemaker 11 years, a vulcanizer and a builder 10 years each, and eight teen-agers from 4 years to 6 months in prison.

Markwirth, a Liberal Democrat and a district assembly man, hid against the riots in a haystack but was arrested before he could escape to West Berlin, the prosecutor said.

A letter allegedly written by Markwirth just before his arrest expressed belief that the Communist regime would "not last another six months."

The Niessky Revolt had not been publicly reported in East Germany until the trial Monday. The town is near Goerlitz, on the Niessky River, where Polish tank troops saluted the striking workers.

The mass verdict came after several smaller trials in the capitals of five East German provinces resulted in sentences up to life for rebels.

Anti-Communist German organizations with extensive networks of informants in the Soviet Zone said Monday night that the spirit of resistance is far from crushed.

They said hundreds of nationalized plants and factories are continuing to slump in production because workers are or defiant slowdown.

Man Killed as Fishing Boat, Tanker Crash

ASTORIA (AP) — One man lost his life and a second was rescued in the crash of a tanker and the 40-foot fishing boat, Columbia, six miles below Astoria in the Clumbia River Monday.

Trapped in the pilot house and drowned was Harold Henry Sties, 47, Warrenton, skipper of the fishing boat. Coastguardsmen rescued Harold Heart, also of Warrenton, who had clung to the hull of the capsized craft.

The tanker, the Bunker Hill, stood by until the rescue was made. It apparently suffered no damage. Both vessels were out-bound and there was no fog.
