Stevenson Asks U.S. Lead World Toward Disarmament

U.N. Shelves Plans To Seat China Reds; Mrs. Pandit Elected

By FRANCIS W. CARPENTER

UNITED NATIONS, N. Y. (AP) - A United States resolution shelving all proposals to seat Red China in the United Nations this year was approved, 44-10, by the General Assembly Tuesday in a heated opening session.

The delegates also voted, 35-11, against balloting at the first session on a move by the Soviet delegation to toss out Nationalist

five were believed to have perished in the crash. Pieces of the plane were strewn over a wide area. The shattered plane was sighted about mid-day by a Ketchikan flier, Herman Ludwigsen, and positively identified later by ground parties which beat their way through heavy brush to the scene.

The scattered remnants were from a green DeHavilland. Hall, Albuquerque, N. M., was flying twin-engined DeHavilland of that color when he vanished with his friend on a flight from Ketchikan to Bellingham, Wash., last Aug. 17. Members of the ground crews reported after darkness and rainy weather forced them to leave the spot that a suitcase carried by the Hall party had been found, but no

other personal belongings.

Defeats 'Impy'

NEW YORK @ - Manhattan Borough President Robert F. Wagner Jr. was nominated for New York mayor Tuesday night in a smashing triumph for the so-called New Deal wing of the Democratic Party.

Wagner defeated incumbent Vincent R. (Impy) Impellitteri in a Democratic primary with many national implications. It possibly marked the end of a comeback attempt by former Democratic National Chairman James A Farley, who supported Impellitteri.

Impellitteri conceded the nomination on the basis of unofficial returns at 1:10 a.m. Wednesday. At that time returns had been counted from 2,910 of the city's 4,-392 election districts. Wagner led 211,830 to 116,438.

Others Behind Two other candidates ran far behind in the voting.

One feature of the election was the lightness of the vote. The total appeared likely to run far below the record 800,000 cast in 1937, despite the fact that from the standpoint of charges and counter-charges this was the most bitter intraparty fight since 1925.

Liberals Win The victory for Wagner, son of the author of the New Deal labor relations law, apparently cemented control of the city and state Democratic machinery in the hands of Democrats known as liberals.

This group included such nationally known figures as Rep. Franklin D. Roosevelt Jr., Sen. Herbert H. Lehman and Averell Harriman, former mutual security administrator and a contender last year for the presidential nomination. In winning the nomination, Wag-
