Modern Etiquette

By ROBERT A. LEE

Q. Does a woman employee ever call her employer by his first name?

A. This depends upon their respective ages, length of their acquaintance and whether or not the office is conducted informally. However, to clients and visitors, she must always speak of him as Mr. Gordon.

Q. Is it proper to write a "thank you" note to a hostess after a luncheon in her home?

A. "Thank you" notes are never in order after a luncheon. Instead, you return her invitation with a similar one when you can.

Q. When visiting in the home of a friend, and a box of candy is open on the table, is a guest privileged to help himself without an invitation?

A. No. To do so would be presumptuous.

Q. What is the best way for a man to ask a girl for dance?

A. "May I have the next dance," is probably the best manner.
