

Newspaper Strike Talks Held in Seattle

SEATTLE (AP)—Negotiators for the Seattle Times and the striking CIO American Newspaper Guild met Wednesday for the first time in more than three weeks, and arranged to continue discussions Thursday.

Harry Lewis, regional director of the Federal Mediation and Conciliation Service, said "there are no results to announce. The meeting Wednesday was purely exploratory."

The newspaper was closed July 18 by a Guild strike for a wage increase and other benefits. Wednesday's meeting, the first since Aug. 21, was arranged by the Conciliation Service after separate conferences with the union and management.

Extension of Hells Canyon Recess Due

WASHINGTON (AP)—The probability of a two-week extension in the recess of the Federal Power Commission's Hells Canyon hearing was indicated Wednesday in a letter made public by Mrs. Evelyn Cooper, attorney for public power intervenors against the Idaho Power Co.

The letter, sent to attorneys by examiner William J. Costello, announced his intention to extend the recess from Sept. 21 until Oct. 5.

It said in part that the examiner "has concluded that the intervenors have shown a need for some additional time for the preparation of cross-examination of the witnesses of the applicant."

Costello had said previously he would grant the extensions but had not indicated for how long.

Because of the short time before the scheduled Monday resumption of the hearing, Costello said formal announcement of the extension would be made Monday.

Malik Returns to U.N. Battle

NEW YORK (AP)—Stern-faced Jacob Malik, Russian ambassador to England, strides down gangplank of liner Queen Elizabeth in New York as he arrives to reinforce the Red delegation to the United Nations in the expected battle on the Korean issue. At left and behind Malik is Semyon K. Tsarapkin, Soviet delegate, who greeted him. (AP Wirephoto to The Statesman.)

Durkin Says Ike Favored T-H Changes

ST. LOUIS (AP)—Martin P. Durkin told an AFL group here President Eisenhower personally assured him less than a month ago he thought 19 proposed Taft-Hartley Law amendments should be submitted to Congress.

In resigning as secretary of labor last week, Durkin charged the White House with breaking an agreement to sponsor the amendments. But at that time Durkin carefully refrained from accusing Eisenhower of personally breaking the agreement.

Durkin, president of the AFL Plumbers' Union, told a meeting of the metal trades department of the AFL he conferred with the President on the matter in New York Aug. 20.

"The President agreed with me that the 19 amendments should not be withheld, that they should be submitted to Congress," Durkin said.

Durkin added he was notified a few days later by a White House spokesman the administration would not be able to go along with the proposed amendments.

Demos Abolish Women Division By 106-1 Vote

CHICAGO (AP)—The Democratic National Committee has formally abolished its 31-year-old women's division and invited women into its smoke-filled rooms on an equal footing with men.

But it was warned by a former suffragette, Mrs. Emma Guffey Miller, Pennsylvania national committeewoman, to mean really "equal footing."

She advised that there are some women eyeing the move suspiciously.

The committee by resolution approved action taken early this year by Chairman Stephen Mitchell in announcing a new policy of integrating women into the committee's operations.

The vote was 106 to 1.

Communist Leaves Alcatraz

SAN FRANCISCO (AP)—Robert G. Thompson (left), seized last month in a High Sierra cabin hideout, is shown as he leaves the launch from Alcatraz prison, handcuffed to another federal prisoner, Alby Thomas. Thompson is enroute to New York where he is wanted for bail jumping following conviction and sentence to three years in prison in 1949 for plotting the overthrow of the government by force and violence. 16 Streetcars Make Motel

CALGARY (AP)—Luxurious outdoor swimming pools aren't usually associated with churches, especially when the church is interdenominational and fashioned from an old streetcar.

Such is the arrangement that has made a holiday motel located on Bragg Lake near here, such a success. The architects, Cliff Butler and Fred Fry of Calgary, spent three years on the project.

Sixteen abandoned streetcars that once rattled through Calgary streets make up the motel. Thirteen have been converted as spacious cabins designed for four people, one as a shower car, one as a coffee car, and the last a church car complete with organ.

They are grouped in a wide circle around a park, the center of which holds an outdoor swimming pool 85 by 35 feet.

The original seats have been left in the church-streetcar, except for a cleared space at one end that serves the organ. Nearly 40 persons can be seated at one time.
