

It's 7 a.m. today—Wednesday—that Salem's one-way street grid goes into effect in the downtown area. Police have recommended that motorists give advance thought to where they're driving this morning so they don't turn the wrong way into one-way streets from force of habit. The Statesman offers this map as an aid. (Story on page 1.)

### Pilot's Gamble To Aid Miner Fatal to Four

VANCOUVER, B. C. — A pilot who apparently gambled on getting a badly injured miner out of the mountains to a hospital, despite severe weather, and the four in his plane died in a crash Monday. Among them was the miner.

A ground party radioed Tuesday night from the wreckage near Garibaldi Station, 55 miles north of here, there were no survivors.

The victims were pilot Bob Drinkwater; Joseph Neimayer, a Bridge River miner; Lucile Warden, 21, a nurse; and Lawrence Hamilton and Ernest Maple, passengers. Drinkwater flew to Bridge River earlier Monday to bring Neimayer, suffering from a head injury, to Vancouver.

He was apparently following the Pacific Great Eastern Railway tracks and flying low because of the wather, Russ Baker, Pacific Western Airlines president, said.

"Bob would never have attempted to fly in weather like that if he didn't feel the injured man's life depended on getting through," Baker added.

### Basin Group Asks Action on Water Policy

PORTLAND — The Inland Empire Waterways Association called Tuesday for the federal government to do more than talk about its proposed federal-regional partnership in Columbia Basin development.

A resolution urged the government to pass enabling legislation and also to explain in detail the way it expects the partnership to operate.

The resolution asked the government to assume a share of costs in development and to guard against monopoly by any group. It also said projects should include such things as flood control, irrigation, reclamation as well as power development.

The association provided for a group to study the partnership plan. Ten men will be on the committee, including four members at large and six to represent private utilities, public utilities, industry, navigation, fisheries and flood control.

The association heard Paul J. Raver, Bonneville administrator, say that the Pacific Northwest will need to add nearly 6 1/2 million kilowatts of power in the next 20 years.

Heavy Investment

He said this would cost \$2,200,000,000. The federal government has invested or is investing \$1,200,000,000 in Northwest power so far, Raver said.

How to raise the additional money is the first problem any federal-regional partnership will encounter, he said.

Brig. Gen. E. C. Itchner of the Corps of Engineers said a minimum of 27 million acre-feet of upstream storage is needed for regional flood control.

He said that for flood control purposes a dam on the Clearwater River would be preferable to one on the Snake, but that other considerations might bring about a recommendation for a dam on the Snake instead of the Clearwater.

He also said that because of local objections, the engineers would recommend the lower of two plans for a dam on the Columbia River at the John Day site.

### State Car Pool Construction Bid Accepted

(Story also on Page 1.)

The State Board of Control Tuesday accepted E. E. Batterman's low bid of \$183,868 for construction of a new state car pool garage at 13th and Ferry Streets.

At the same Statehouse meeting the board revised plans and gave final approval for a \$400,000 one-story state building to be built at 12th and Ferry Streets to house the State Finance Department, other state activities and storage space.

State Treasurer Sig Unander suggested that the new structure be set back one foot from the property line on 12th Street to "soften" the blank wall effect.

### J. H. Brown Succumbs to Heart Attack

Joseph Howard Brown, 62, of 1640 N. Capitol St., a plumber employed at Judson's Plumbing and Heating, 279 N. Commercial St., died unexpectedly Tuesday noon following a heart attack while at work.

Brown, who had been in poor health for several years, had been working at Central Fire Station Tuesday morning and collapsed shortly after returning to Judson's. First aidmen were called and administered oxygen, but Brown died on the way to the hospital in an ambulance.

A resident of Salem since 1933, the deceased was a rancher in Montana before coming to this city. He was born March 14, 1891 at Shiocton, Wis., and was a member of St. Vincent's Catholic Church.

In 1920 he married Mary F. Brown who survives him.

Other survivors are a daughter, Mrs. Ray R. Lockey, Schenectady, N.Y.; sisters, Mrs. Ethel Merkel, Lake Tomahawk, Wis., Mrs. Esther Lynch, Manitowoc, Wis., Mrs. Maude Larsen and Mrs. Jake Becher, both of Appleton, Wis.; one brother, Neil Brown, Appleton, Wis.

Funeral services will be announced later by Howell-Edwards Co.

### Pastor Bates Quits Pulpit At Silverton

SILVERTON—The abrupt resignation of the Rev. Arthur Charles Bates as pastor of the First Christian Church of Silverton was confirmed Tuesday by elders of the church.

But Harry Vetter, chairman of the elders, denied statements that the pastor had been asked to resign on short notice.

The Rev. Mr. Bates told The Statesman Tuesday night that the elders had "asked me to retire" a week ago and that he had resigned on Sunday.

Vetter told The Statesman "suggested that he retire for the sake of his own welfare."

"Pastor Bates is approaching 74 years of age," Vetter said, "and for his own good we have been hoping and praying that he would retire, but he wouldn't take the hint."

"Deacons and elders of the church and the congregation are behind Pastor Bates practically 100 per cent," Vetter added.

The Rev. Mr. Bates announced his retirement Sunday from the pulpit. It came as a surprise to the congregation. He has served for seven years.

### Stolen Auto Returned to Rental Agency

Proprietors of a Salem car rental agency considered themselves lucky Tuesday when a car, stolen from them Oct. 2, was returned unharmed and a man, charged with the theft, was returned to Salem.

Brought from Grants Pass Tuesday by a Marion County sheriff's deputy was Lester Leonard Simaly, who listed his address as General Delivery, Salem. He is charged with larceny by baillee and was held Tuesday evening in lieu of \$2,500 bail.

He was arrested in Grants Pass Sunday while allegedly in the process of selling a car, later determined rented from an agency in California.

Dale Mauck, associated with the Stevenson, Mefford and Mauck Co., 619 Court St., reconstructed the circumstances this way:

A man who identified himself as Alva Bert Verner rented a 1933 model car from them Oct. 2 and posted the necessary \$50 deposit. Instead of returning the car, he drove it to Idaho where he sold the car (using a bogus title) for \$1,000 and another car. He then drove this car to Grants Pass where he sold it and then went to California where he rented a car and came back to Grants Pass to sell that one. "It was while he was negotiating this sale that he was apprehended and identified as Simaly," Mauck explained.

"Oftimes our cars are abandoned," Mauck said, "but cases of theft are surprisingly rare."

Human hearing usually begins to be less acute shortly after the age of 20.

### Funeral for Dale L. Brooks Planned Today

Funeral services for Dale L. Brooks, 55, former employe at the Oregon State Hospital, who died Monday, will take place today.

The Virgil T. Golden chapel will be the site of the 2 p.m. services conducted by the Rev. R. E. Sanders. Concluding services will take place at Belcrest Memorial Park with ceremonies by Veterans of Foreign Wars, Marion Post 661.

Brooks was born at Newton, Ill., Oct. 1, 1898. He lived most of his life in that region and came to Salem in 1935. He was employed by the State Engineer's Department at the State Hospital.

Death came at a local hospital following a two months illness. He was an Army veteran of World War I, and was active in the VFW, Post 661. He also was a member of the Military Order of Cooties.

Surviving are his widow, Mrs. Mabel Brooks of Salem; brothers, D. W. Brooks of Fairmount, Minn., and Merle Brooks of Berea, Ohio; step-daughters, Mrs. Marjorie Wentworth, of Tacoma, Wash., and Mrs. Wanda Scrivens, Salem, and two grandchildren.

### Canada Navy Operates U.S. Arctic Radio

OTTAWA — The Canadian navy has taken over from the United States Air Force operation of the arctic radio station on Padloping Island, the Defense Department said Tuesday. The island lies off the east coast of Baffin Island.

The station carries out meteorological observations and provides radio navigational aids for aircraft flying the northern route between North America and Europe as well as those operating in Canada's far north.

The station was set up by the USAF, with approval of the Canadian government, during World War II.

### Brownell Favors Paid Defenders In Federal Courts

NEW YORK — Atty. Gen. Brownell said Tuesday night that paid public defenders as well as self-paid prosecutors should function in the federal district courts throughout the nation.

In an address to the New York Herald-Tribune Forum, the attorney general said he will ask the next session of Congress to legislate to this end.

Brownell noted that it is the standing practice of the federal courts to appoint defense counsel for accused persons unable to hire a lawyer of their own. The appointed counsel serves without fee. The attorney general said that in his opinion this is a defect and a weakness in the federal system of justice which should be corrected.

### Cora Smith Dies, Final Rites Thursday

Mrs. Cora Stuart Smith, 82, of 470 S. 14th St., died in a local hospital Tuesday. She had been in poor health for three years.

Mrs. Smith and her late husband, Horace W. Smith, who died in 1924, were among the first residents of Salem Heights, settling there in 1906. They were married Jan. 6, 1895 in Richland, Iowa.

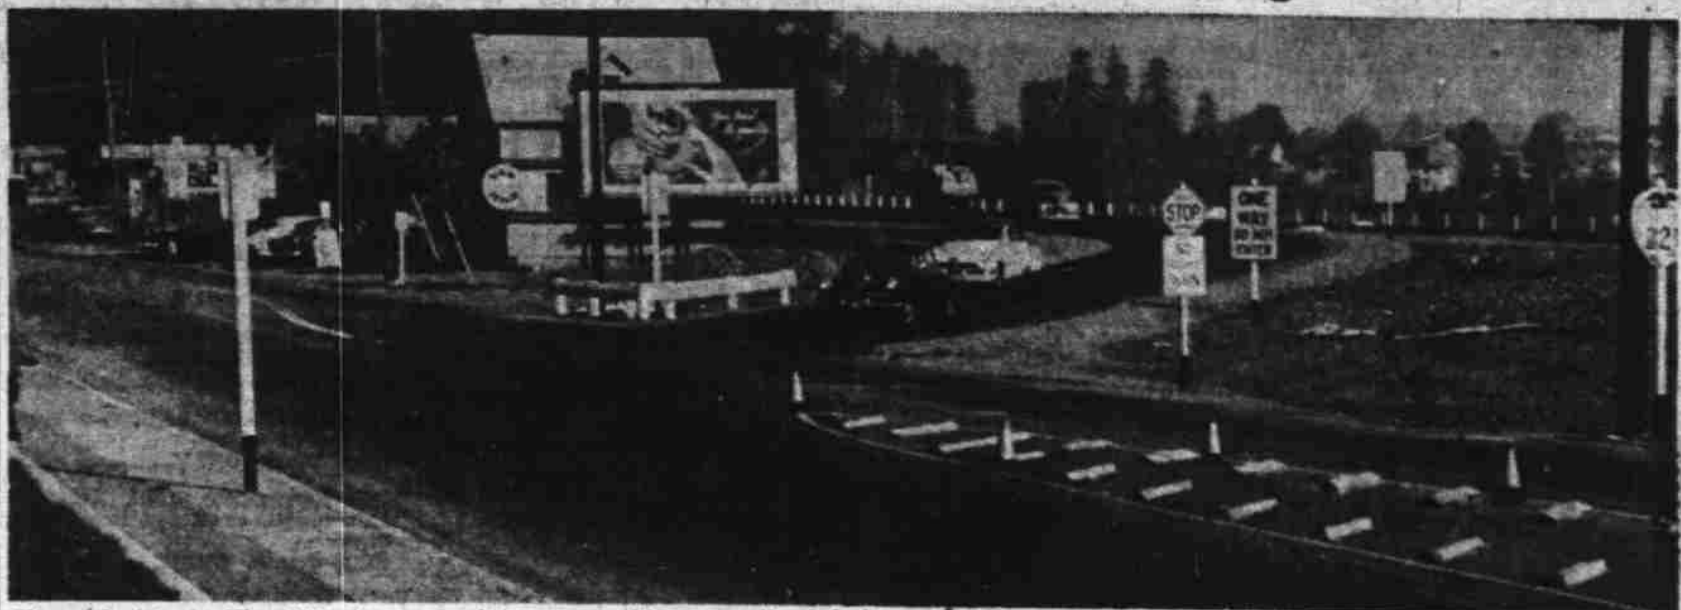

Mrs. Smith was born in Kansas April 25, 1871, and grew up in Iowa.

Surviving are daughters, Mrs. Gail Minnich, Mrs. Harriet Blankenship and Mrs. Pauline Nichols, all of Salem, Mrs. Maureen Greer, Spokane, Wash., and Mrs. Verle Petersen, Chicago, Ill.; sister, Mrs. Minnie Ball, Fairfield, Iowa; nine grandchildren and nine great grandchildren.

Funeral services will be held Thursday at 1:30 p.m. in Clough-Barrick Chapel with interment at City View Cemetery.

### Bread Short VIENNA (INS) — The leading Hungarian Communist newspaper "Szabad Nep" complained that "in spite of the excellent grain harvest in Hungary the bread supply is still entirely insufficient." The paper admitted that in many Hungarian towns and villages bread is virtually unobtainable.

## Sharp Curve Onto Edgewater Street Brings Protest

City and state traffic officials are checking up on this connection of the new westside riverfront highway and Edgewater Street, between McNary and Patterson Avenues in West Salem. Salem City Council heard a complaint that fast traffic coming into Edgewater from the sharp curve above, plus no-parking on the street, had damaged a beauty shop business nearby. The city will see if a cutback curb would allow some parking space. (Statesman photo.)

### Business Fairly Stable, Up 2 Points

DETROIT — National Automotive Fibres, Inc., reported the company's net profit for nine months ended September 30, totaled \$2,599,462 after \$3,388,258 federal income taxes) equal to \$2.61 per share on 996,145 shares.

This compares with a net profit of \$1,402,272 (after \$932,558 tax, equal to \$1.41 per share for the 1952 nine months.

### Stock Market Fairly Stable, Up 2 Points

NEW YORK — Strength of individual issues coupled with occasional spots of weakness Tuesday added up to a fairly steady stock market.

Gains went to around 2 points while losses in key areas were held down to fractions.

After the market closed, the New York stock exchange announced a short interest as of Oct. 15 of 2,188,398 shares, the largest total since mid-February of 1952 and the biggest month-to-month gain since Jan. 15, 1951.

The Associated Press average of 60 stocks gained 20 cents at \$106.70. The industrial and utility components of the average each gained 20 cents while the railroads held unchanged.

The list was composed of 1,129 individual issues of which 486 advanced and 362 declined with 19 new highs and 8 new lows for the year touched during the session.

Volume came to 1,280,000 shares as compared with 1,190,000 shares traded Monday.

### Federal Price Supports for Grains Listed

WASHINGTON — Secretary of Agriculture Benson announced Tuesday the government will support the price of oats, barley, rye and grain sorghums produced in 1954 at 85 per cent of parity — the same percentage as this year.

In dollars and cents, however, support prices will be lower for oats, barley, and grain sorghums but not for rye. This results from a progressive shifting from the old 1910-14 base to a modernized parity formula.

Benson also announced a reduction in the support level for 1954 crop flaxseed. Flaxseed will be supported at 70 per cent of parity instead of the 90 per cent support now in effect.

### Grains Lose, Gain on Board

CHICAGO — Grains flattered around aimlessly throughout most of the session on the board of trade Tuesday, ending with minor gains and losses. There were a few more plus signs than minus at the finish.

Wheat closed 1/4 lower to 1/4 higher, corn unchanged to 1/4 higher, oats 1/4 lower to 1/4 higher, rye 1/4 higher, soybeans unchanged to 1/4 higher and lard unchanged to 58 cents a hundred pounds higher.
