A week's dishwashing is a bigger job than the weekly laundry. (It's around a thousand cooking and eating utensils for a family of four.) Like your weekly laundry, dishwashing deserves a special something that will make it less of a chore—and yet not harm your hands.

NEW

this can in your kitchen is the next best thing to a dishwashing machine

Our laboratories found that one canful of this new Lux Liquid Detergent will wash more dishes than several boxes of the most popular laundry powder. It cleans so well and costs so little because it's designed for dishwashing . . . not for getting out the entirely different kind of grease and dirt in soiled overalls. —And it's almost as mild on your hands as Lux Toilet Soap.

Packed in a can as it should be — with a dripless spout.

Won't break like a bottle. Won't get soggy or take up room like a box. And the dripless spout keeps the liquid from dripping down the side of the can.

YEARS AGO, we asked our laboratories to develop a product especially for dishwashing. Something that would be as superior for dishes as Lux Flakes care is for stockings.

Now, it's no small order to come up with something as good as a product that lets you double the wear of your nylons. But that you'll agree Lux Liquid Detergent is that good for dishes.

It gets dishes clean like nothing else does by literally soaking them clean. It cuts away the grease. Gets between the clinging grease and the dish. Dissolves the grease.

For fast, efficient dishwashing—with or without wiping—no powder can touch it.

What's more, it dissolves instantly (it's pre-dissolved). It has a nice smell and it will make suds even in ice water.

As for mildness, we can truthfully say it's almost as mild as Lux Toilet Soap—and that's going some. Lux Liquid Detergent is mild.

Now, how about cost? Lux Liquid Detergent is thriffter for dishwashing than the most popular laundry powder.

A few drops wash a whole dishpan-full of dishes. A couple of trials will show you how little you have to use.

In other words, it's pleasant and thrifty to use, it does the job well without a lot of fuss, and it's easy on your hands. For these virtues it's unequalled by any other product.

This new Lux Liquid Detergent naturally has a Lever Brothers guarantee. You can have your money back if you don't think it's the greatest little helper with the dishes that ever came along—but we honestly believe you'll love it. LEVER BROTHERS

Remember—it's LUX LIQUID for dishes, LUX FLAKES for nylons. You can double the life of your nylons with LUX FLAKES care instead of harsh wash-day treatment in washday suds. If you want to, you can prove to yourself how gentle LUX FLAKES care saves stockings. Get two new pairs. Wash one pair with any washday product. Wash the other pair the LUX way—in pure, gentle LUX FLAKES. Do this for several weeks—and you'll see the difference LUX FLAKES care makes.
