Modern Etiquette

By ROBERTA LEE
Q. Is it all right for a woman to place her purse and gloves on the restaurant table while she is eating?
A. No; she should keep them in her lap. Or she may place them on a vacant chair if she feels sure they are safe and that she won't forget them.
Q. When writing a letter to a boy of high school age, should "Master" or "Mr." be written before his name?
A. The title "Mr." should be used.
Q. When men are being introduced across a table to one another, should they make any attempt to shake hands?
A. No; this would prove very awkward. A courteous "How do you do" and a smile are all necessary.
