## Four Mill City Residents Hurt In Auto Wreck

**Statesman News Service**  
MILL CITY—Word was received Tuesday that Mr. and Mrs. E. D. Cook and daughters, Donna Jean and Carol, all of Mill City, are hospitalized at Lake Charles, La., following a serious auto accident near that city.

Mrs. R. S. Mason, 1251 Howard St., Salem, advised that she had received a letter which explained the nature of the accident and conditions of the occupants during the weekend.

Mrs. Mason explained that the Cooks had spent the Christmas holidays with their son attending flight school at Pensacola, Fla., and the accident occurred en route home. She said that Mrs. Cook sustained a broken arm and leg; Donna Jean a fractured hip, broken leg and facial cuts; Carol suffered a broken jaw and leg and Cook had a nose injury.

All were placed in St. Patrick's Hospital in Lake Charles.

Mrs. Mason said the accident occurred when an oil truck pulled off a side road and onto the highway. In an attempt to avoid collision, Cook sideswiped the vehicle and overturned into a ditch. His car was badly damaged.

## No Takers For Building At Silverton

**SILVERTON**—Bids were called for the Washington Irving building Monday night by the city council, but no bids were received for once again.

The building, a former school, was acquired from the school district by a trade for the city-owned McGinnis Ball park some years ago. At the December meeting, the Veterans of Foreign Wars asked the city to set a price on it. However, as it was municipally owned property, Mayor Harry Carson advanced the opinion that others interested should be given an opportunity to bid, and time of opening the bids was set for the first council meeting in January.

## Farm Group Hears About Member Drive

**Statesman News Service**

MT. ANGEL — County Vice President Roy Rutschman was guest speaker at the meeting of the Mt. Angel Farmers Union at the Legion Hall Monday night explaining the need and purpose for the drive for members in Oregon.

He said the goal was to increase present membership of 2,700 to 3,500 by Feb. 10. Mt. Angel will be expected to add 125 members to the 373 now signed up. Reward for reaching the goal will entitle the local to send one or more members on an expense-free trip to the national convention in Denver this spring.

Rutschman suggested concentrated efforts to get the younger farmer element into the union.

Rutschman also spoke on Hell's Canyon Dam project and urged members to attend the meeting at the Labor Temple at Salem Friday night. He stated one of the chief advantages of the Hell's Canyon dam would be to assure cheap power to the Northwest which he said would be the country's greatest inducement to attract new industries.
