## Wake Up To More Comfort Without Nagging Backache

Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and disniness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as atress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. It's amazing how many times Doan't give happy relief from these discomforts—help the 15 miles of kidney tubes and filter fush to assume the substantial of the subst
