Prof. Butler To Present Program

An evening of music will be a feature of the monthly meeting of the Salem Branch, American Association of University Women Thursday night at 8:15 p.m. in the recital hall of the Music Building on the Willamette University campus. The program will feature Stanley Butler, assistant professor of music at Willamette. Members are asked to bring their husbands and guests to this musical program and meeting.

The theme of the program is "Piano Music for Four Nations," with informal comments about the music by Mr. Butler. Prof. Butler will give the same lecture recital on the regular Willamette University College of Music Faculty series on March 21, which is open to the public.

Mr. Butler received his bachelor of music degree from Michigan State college. While attending Harvard University he taught piano at Longy School of Music located in Cambridge, Mass. He later was a member of the music department at Western Reserve University in Cleveland, Ohio, and then he returned to Harvard to complete his studies for his master's degree. He joined the Willamette faculty in 1950.

Mrs. Arthur Sprague will welcome the members and guests. There will be no business session at this meeting. Members of the AAUW board will greet guests at the door and pass out programs. Mrs. S. E. Leslie is in charge of the decorations. It will not be necessary for members to telephone reservation for this meeting.

To Entertain Bosses

The Salem Credit Women's Breakfast Club will hold their annual business breakfast Tuesday morning at the Marion Hotel at 7 a. m. A special program has been arranged by Miss Lena Blum. The St. Patrick's Day theme will be used in the decorations.

Hello Spring!—As I was coming back to the store from a call this morning I drove past so many flowering plum trees—all dressed in their new spring finery. Makes you feel happy inside, doesn't it, to contemplate the new spring colors these bare, bare trees produce in the warmth of the sun?

It makes me think, too, of how our homes can reflect the warmth of our own personalities in color and beauty. We realize that Mother Nature has provided the same pigments to be used for color and design inside our homes as she uses herself in painting the landscapes. Now is the time to look at our homes with fresh viewpoints to see if we are living in the atmosphere we need to make us feel happy, peaceful—a sense of well-being. Color affects each one of us—if we live in a drab atmosphere, we feel drab.

As I was planning the colors and fabrics for draperies and reupholstery yesterday for a client I wondered if it were well known that we have here in our store the facilities to make every type of custom drapery, slipcover and bedspread, that we have an artist of an upholsterer—he can do anything! We have had people say: "Well I like this fabric now who can I find to make it up?" It always brings a sigh of relief when we answer that they need look no further, we can take care of it all here.

This is the time to step back and look with new eyes on your home. If it didn't sound like so much work I'd tell you to run around the block three times, and then go through the house from stem to stern—take mental notes as you go of the rooms that lack color, of the wall that seems bare, of the curtains the droop in the guest bedroom. Inspect the kitchen—wouldn't a gay wallpaper work wonders in the dinette? Bring your list down and see the answers to your problems—pictures and accessories to give your room a fresh personality, new wallpapers and fabrics to give a new approach to your decor. I'd be so happy to help you work out a "new look." This is 1954—don't be limited to 1939 ideas! Have fun—
