**Jackson Gets Spotlight After Upset Win Over Bucceroni**

By MURRAY ROSE  
**NEW YORK (AP)**—The whole town's talking about the incredible Jackson boy: Tommy (Hurricane) Jackson, that is.  
 Twenty months a pro, 18 pro fights, 22 years old, no formal schooling, a self-made fighter, Jackson is one of the leading challengers for the heavyweight crown.  
 "I want Rocky Marciano now," he said after demolishing Dan Bucceroni, world's third ranking heavyweight, via a sixth round technical knockout Monday night. "I was chased out of Rocky's camp. Now I want to get even."

Nobody laughed at this physically dynamic, 62 1/2, 191-pound Georgia-born New York Negro. Jack Dempseys and other expert boxing men rate Jackson at least the equal of Ezzard Charles, Roland LaStarza, Nino Valdes and Tommy Harrison who precede him in the heavyweight rankings.  
 "With experience, he'll be a great fighter," said Dempsey. "But he's tough enough now as it is with his peculiar style."  
 Peculiar is the word. He throws

punches as fast as a welterweight, sops up punishment like a sponge, has speed and energy to burn, and always is in superb condition. He has a good orthodox left hook which he throws rapidly and often. All of his other punches are Jackson-invented including his double uppercut. He brings up both hands simultaneously in a scooping motion.

He runs 5 to 10 miles daily on the boardwalk near his Rockaway Beach home. Then he journeys some 20 miles by bus and subway to Stillman's gym in mid-town New York. The gym opens at noon and closes at 3:30 p.m. Tommy is the first there and the last to leave. He has to be chased home. Sometimes he works as much as 20 rounds a day.  
 He spent eight days at Marciano's camp when Rocky was pre-

paring for his second Walcott fight.  
 "The last day I boxed two rounds with Rocky," said Jackson. "He asked me to go another. I said 'okay.' When it was over I said to Rocky: 'Another?' He looked at me mad and said 'Get out of here.' I went home that day."  
 After he whipped Bucceroni to make his pro record 18-1-1, someone asked what he was going to do Tuesday.  
 "Go to the gym," he said.

**Wolves Open Ball Sched Friday**

OREGON COLLEGE, Monmouth (Special)—The Oregon College Wolves open the 1954 campaign Friday as they journey to Forest Grove for two seven-inning games with the Pacific University Badgers.

The OCE starting infield likely will include dependable Captain Bob Frantz at shortstop, Stan Hays at second base, Bill Hicks at third base and Gene Owens, a catcher last year, at first base.

Red Hales, freshman from Salem, probably will be the left field starter. Fleet, strong-armed Darrel Davis, a three sport letterman, gets the opening call in center field and may also be called on for pitching chores. Clarence Grassman, a

regular last year, will go in right field if a shoulder injury suffered last week permits his playing.

Freshman Wayne Osborn, Salem Legion product and Eric Jacobson, Junction City, are battling for the catching spot, with Osborn having the edge at present due to more accurate throwing.

The starting pitching assignment is a tossup among Bob Jolma, Ray Nairn and John Sutton.

**Seixas Nabs Wins**

SAN JUAN, P. R. (AP)—Top-seeded Vic Seixas of Philadelphia scored two easy victories Tuesday to advance to the third round of the men's singles of the International Tennis Tournament here. Seixas defeated David Rodriguez, Puerto Rico 6-1, 6-2 and Charley Pasarell 6-0, 6-2, also of Puerto Rico.  
 Art Larsen of San Leandro, Calif., had trouble defeating Bob Bedard of Canada, 9-7, 6-3.

*Cadillac*

**"Dream Car" of Twenty-five Million!**

You've heard and read a lot about various "dream cars" in recent months—but here's the "dream car" of them all!

Research among motorists would seem to indicate that literally tens of millions of people dream of owning this car—and would take steps to change their dreams into realities if they felt their economic situations justified them in doing so.

It is—as you undoubtedly know—**Cadillac**.

What can there be about a motor car to make it stand so eloquently apart from all other products of its kind?

The reasons are not far to seek or difficult to evaluate. They are simply the fruition of a fifty-year policy of strictest adherence to the highest possible ideals in engineering, manufacturing and service.

Not once in all this time has Cadillac deviated

from its policy of building as fine a motor car as it is practical to produce.

Today, Cadillac has become an international symbol of all that is good and desirable in the automotive world—the special favorite of the most discriminating motorists to be found anywhere.

Small wonder that so many millions who have never driven a Cadillac have it so high on their dream list of wonderful things to own. The truth of its incomparable goodness is obvious to everyone.

The 1954 Cadillac is the greatest Cadillac of them all—more beautiful, more distinguished—and with the finest performance of all time.

Come in and see it. Whether you expect to buy a Cadillac or not, you are welcome to see and inspect the new Standard of the World.
