CIO Threatens Strike Against Bell Telephone

NEW YORK (AP)—The CIO Communications Workers of America Thursday threatened a strike at any time against the vast Bell telephone system.

Vice President John L. Crull of the CWA said in a statement:

"We are still seeking peaceful settlements, even though contracts have expired in some places. However, this situation can't go on forever. We are not ruling out the possibility of a strike at any time."

The union said it has a two million dollar strike fund to call on if needed.

A demand for an unspecified general wage increase, plus company paid hospitalization and surgical benefits, is at the root of the CWA deadlock with American Telephone & Telegraph and its subsidiary companies.

Also on record with a strike vote are 17,000 equipment installers of Western Electric Co. Their walk-out could affect the nation's entire telephone system.

GOPs, Region Power Men Meet Briefly

WASHINGTON (AP)—A scheduled meeting of Pacific Northwest Republican congressmen and regional power spokesmen lasted only briefly Thursday afternoon.

The Oregon - Washington congressmen were called back to the House floor for consideration of the Defense Department appropriations bill less than a half hour after the session began.

Rep. Mack (R-Wash.) told a news man later there was general agreement that additional power is needed in the region and approval of recent action by the Secretaries of Interior and Army seeking re-submission of the Libby Dam proposal to the International Joint Commission.

Also discussed, he said, were the various proposals for dams at Rocky Beach, Priest Rapids, Green Peter and Cougar to be built in partnership between the federal government and local agencies or utilities.

Red Pilot on Way to U. S.

NAHA, Okinawa (AP)—The North Korean pilot who flew a Russian-built MIG to South Korea last fall and turned it over to U. S. Air Force officers was en route Friday to the United States.

No Kurn Sok said before leaving Thursday he would spend part of the \$100,000 reward to attend the University of Delaware.

No has worked for the Air Force in the past seven months.
