

Laniel, Plevin Jeered

By PRESTON GROVER
PARIS (AP) — Parisians jeered Premier Joseph Laniel and Defense Minister Rene Plevin Saturday during an Armistice Day observance held while French Union soldiers were being led away to prison stockades from Dien Bien Phu.

Stones were hurled into Communist offices in Paris and firebombs into the plant of a Communist newspaper at Nice.

It reflected the bitterness many Frenchmen felt at the new defeat in a faraway war they have long learned to hate and whose mistakes they were seeking to lay at the door of the nearest one who could be held responsible.

Police lined the Champs Elysees from end to end Saturday morning long before the officials and columns of veterans made the traditional march to the Tomb of the Unknown Soldier at the Arch of Triumph marking the ninth anniversary of the surrender of the Germans in the ceremony at Rheims May 7, 1945.

Mild Applause
President Rene Coty got a mild burst of applause as he made his automobile pilgrimage to the tomb.

But when Laniel and Plevin drove by the limited number of on-lookers along the street hissed and booed.

"Send him to Dien Bien Phu!" they shouted at Laniel. Others cried "Shoot him!"

Plevin drew angry outbursts of "Resign, resign" and "Shame on him."

Trouble Before
It was the second time Laniel and Plevin had run into trouble at the Arch of Triumph.

Only a few weeks ago, after they dismissed Marshal Alphonse Juin from his advisory military functions for insubordination, Laniel was kicked and Plevin was slapped and had his hair pulled by a small band of demonstrators.

Rite of Silence
The Cabinet ministers had come to the tomb for a ceremony of silence during the early defense of the ill-fated fortress in Indochina.

But the limited number of police around Saturday was only a fraction of the number to be called out Sunday for a solemn rite by Gen. Charles de Gaulle, who himself will silently salute France's Unknown Soldier at the arch.

His followers expect De Gaulle's appearance will result in a resurgence of opposition to the European army plan, which he opposes, and which the present Laniel government is pushing toward a vote on ratification.

Police were called back from leave and the full force of Paris peace officers was expected to line all approaches to the streets.

There were some who thought the Communists might try to provoke a demonstration by the De Gaulle followers who have been invited to gather around the great circular plaza at the arch.

Party Tuesday For Inductees

Twelve men from Marion County will meet at the Salem YMCA Tuesday for farewell ceremonies prior to leaving for Portland where they will be inducted into the Armed Forces the following day.

Salem men scheduled for induction are Benjamin O. Pitzer, Lawrence T. Cherry, Thomas L. Sneath, Norman L. McDonald, Darwin D. Smith and Don T. Radley.

Others are Clarence L. Medack, Mt. Angel; William W. Mair, Silverton; James L. Bristow, Prineville; James L. Choquette, Woodburn; Henry L. Credille, Turner, and Owen E. Albin, Dallas. Albin was transferred from the Marion County office to Polk County.

One-Day Trip in Tiny Sloop Turns Into 20-Day Nightmare

PORTSMOUTH, N. H. (AP) — A feeble whistle at sea Saturday brought help to George Ramsdell, 30, whose one-day sail in his tiny sloop turned into a 20-day nightmare of cold, exhaustion and hunger on bleak, rain-swept Atlantic swells.

U.S. Rejected Asylum for MIG Designer

NEW YORK (AP) — A refugee aircraft expert said Saturday designs for the famed MIG15 jet fighter were lost to the West in 1946 when American military authorities refused to grant asylum to its German designer.

The swift, deadly MIG15 was one of the most effective weapons used by the Communists in Korea. The United States finally obtained its secrets last year by paying \$100,000 to a defecting North Korean pilot.

Saturday's statement on the plane was made by Valentin Sokolov, 41, who was identified before the House Committee on Communist Aggression as a high-ranking Soviet aircraft expert before his defection in 1946.

Sokolov told the committee the MIG15 was designed by Prof. Sergei Guenther, former head of the Henkel aircraft plant which built crack fighters and bombers for Nazi Germany.

Sokolov said he drove Guenther and a German girl to West Germany in an attempt to surrender in 1946 but he was accused by American Military Police of being a spy.

After three days of questioning by American and British officials, he said he and the girl were permitted to remain in the American sector. But he said he was convinced that Guenther was returned to the Russians.

Rep. Charles J. Kersten (R-Wis.), chairman of the committee, said after Sokolov's testimony that an effort would be made to learn the identities of military police officers involved.

"This is a great tragedy if true," commented Kersten after the committee voted to pursue the matter further.

Transit Strike Scheduled In Pittsburgh

PITTSBURGH (AP) — Residents of Pittsburgh—steel capital of the nation—and thousands of suburban dwellers prepared Saturday for the city's most crippling transit tieup in history as trolley and bus operators threatened to walk off the job Sunday at 1 a. m. (PST).

Harry Butler, president of Division 85, Amalgamated Assoc. of Street Electric Railway and Motor Coach Employees set the strike deadline after employees of Pittsburgh Railways Co. rejected a company offer to add a cost-of-living increase to the basic pay rate.

Portland Man Killed as Car Plunges Off Road

MADRAS, Ore. (AP) — An automobile plunged off Highway 26, 10 miles west of Warm Springs, early Saturday and killed William Raymond Koyhka, 42, Portland.

Two other Portlanders in the car were unhurt. They are Clarence Harold Olson and Jesse Lucius Cowan.

MAN, 80, HOSPITALIZED
George Morford, 80, of 615 S. 12th St., was taken by Willamette Ambulance to Salem Memorial Hospital Saturday night after he apparently suffered a stroke, according to hospital authorities. His condition early this morning was listed as "fair."

Man Held in Brutal Killing Of Woman, 82

BREMERTON, Wash. (AP) — Bremerton police arrested a young man Saturday in connection with the savagely brutal slaying of an 82-year-old woman, in whose blood-soaked clothing \$470 was carefully pinned.

Pinned apparently was the motive for the fatal attack sometime late Friday on the elderly victim, Mrs. Pauline K. Dahl, said Det. Lt. John Flout.

Flout said it was probable the would-be thief was frightened away from Mrs. Dahl's two-room house before he could find the money.

Pinned to her clothing were \$400 in currency and \$70 in traveler's checks. Another \$25 in cash was found in her purse.

The house, where Mrs. Dahl lived alone, had not been ransacked and her garments gave no indication they had been searched.

Flout said the young man picked up for questioning had blood stains on his clothing, but explained it came from the extraction of five teeth Friday.

An autopsy showed Mrs. Dahl was beaten and stabbed unmercifully. Her chest was crushed, her spleen and liver ruptured, her jaw fractured and she had been stabbed innumerable times about the chest, back and head. The room in which she lay was completely spattered with blood. A broken, handled knife was on the floor near the body.

Boy Wounded By Rancher

ROSEBURG (AP) — A 14-year-old boy was shot north of here Friday night by a rancher who said he thought he was firing at a sheep-chasing animal.

The boy, Charles Dossey, was struck in the head. He underwent brain surgery in Eugene. Attendees at the Sacred Heart Hospital there said he withstood the surgery well, but was in serious condition Saturday.

The rancher, Robert S. Borland Jr., said he saw his sheep running up a lane. He took a .22 caliber rifle along with him when he went to find what was chasing them.

He said lights of his truck disclosed something in the grass beside the lane. He thought it was an animal with brown fur, and he fired.

He said he was horror-struck to find he had shot a boy.

There was no immediate explanation for the boy's presence in the lane.

He is the son of Mr. and Mrs. Myrl Dossey of Winchester, the community where Borland also lives.

Streetcar Wreck Kills Car Driver

PORTLAND (AP) — An Interurban streetcar and an automobile collided at a crossing here Saturday night and Maurice D. Young, 66, the driver of the car, was injured fatally.

Cole is chairman of the Senate-House Atomic Energy Committee which begins open hearings Monday on a detailed new blueprint for controlling atomic energy.

It is designed primarily to carry out President Eisenhower's program of sharing more atomic information with allied nations and to lower barriers against private operation of atomic facilities.

But the committee-written measure also includes new clauses designed, Cole said, to impose absolute liability on officials who reveal "restricted" information and any person receiving it, including newsmen, who pass it on to unauthorized persons.

Licks Cancer

ATLANTA, Ga. — Attractive Avis Flury, 18, whose leg was amputated when she was 10 because of cancer, poses in front of her Lakewood Heights home near Atlanta, Ga., with her golf club. Her story is one of those prepared for the American Cancer Society telling how three people stood up to the dread disease and won.

Avis, who has an artificial leg, has boy friends and is active in school and church affairs. Her biggest thrill came when her senior classmates chose her as "prettiest girl in the class" at Atlanta this year. (AP Wirephoto)

Flury said she was frightened away from Mrs. Dahl's two-room house before he could find the money.

Pinned to her clothing were \$400 in currency and \$70 in traveler's checks. Another \$25 in cash was found in her purse.

The house, where Mrs. Dahl lived alone, had not been ransacked and her garments gave no indication they had been searched.

Flout said the young man picked up for questioning had blood stains on his clothing, but explained it came from the extraction of five teeth Friday.

An autopsy showed Mrs. Dahl was beaten and stabbed unmercifully. Her chest was crushed, her spleen and liver ruptured, her jaw fractured and she had been stabbed innumerable times about the chest, back and head. The room in which she lay was completely spattered with blood. A broken, handled knife was on the floor near the body.

18 Initiated Into 40 and 8

Eighteen men were initiated into the 40 and 8, fun and honor society of the American Legion, during the annual Spring Wreck of the Marion County Voiture 133 held Saturday afternoon and evening at the Senator Hotel. Formal initiation took place during a dinner Saturday night.

Included in the initiation were new members from Salem, Toledo, Coos Bay and Astoria. John Crockett, chef de gare of the Voiture 153, said men from the latter three towns were included in the Salem activity because no initiation ceremony is held in their own voitures.

Police ARREST TWO
State police Saturday night arrested two persons on charges of driving while intoxicated. Held in lieu of \$250 bail each were Gale Alfonso Buchheit, Silverton Route 2, and Glenn Ray Smith, Portland.

Dulles Opens Talks on Asia Alliance Plan

By JOHN M. HIGHTOWER
WASHINGTON (AP) — Secretary of State Dulles, following up an unusual Saturday meeting of the National Security Council, Saturday opened diplomatic talks on proposals for a southeast Asian alliance to block the Communist drive in Indochina.

Dulles is prepared to urge potential southeast Asian allies — and the U.S. Congress — to undertake firm pledges of action in the area. These pledges could lead to intervention in the war by the United States and other members of the coalition.

Dulles conferred Saturday with New Zealand Ambassador Leslie Knox Munro, to push forward plans for a conference of proposed alliance members as quickly as possible.

Munro is New Zealand's deputy member on a three-power south-west Pacific alliance which presumably will be one of the cornerstones of the project new coalition. The alliance is composed of the United States, Australia and New Zealand.

Dulles also talked with British Ambassador Sir Roger Makin about the situation in southeast Asia.

The Security Council meeting at the White House under President Eisenhower's chairmanship lasted 90 minutes. It brought together the President, Dulles, Defense Secretary Wilson and other high administration officials for a new look at the Indochina crisis in the light of the fall of Dien Bien Phu.

Dulles also talked with British Ambassador Sir Roger Makin about the situation in southeast Asia.

Siamese Twins Joined at Head

MEMPHIS, Tenn. (AP) — Siamese twin girls, joined at the head, were born at the city's John Gaston Hospital Saturday.

Condition of the Negro infants is good, doctors said, and X-rays indicate they are normal in every other respect.

Doctors said it was too early to determine if they can be separated, like the Brodie twins of Chicago. The twins are joined so that they lie face to face at an angle of about 45 degrees. The forehead of one is connected to the top of her sister's head.

McKay to Use Teleprompter

PORTLAND (AP) — Secretary of Interior McKay's power policy talk will be carried by a Portland television station and 20 Oregon radio stations Monday night.

Station KPTV on channel 27 will make the telecast, in which McKay will use a teleprompter, a device that is attached to the television camera. It presents one line at a time to the speaker, and can be speeded or slowed as the speaker desires.

Among the radio stations carrying the talk will be KSLM, Salem and KWIL, Albany.

NEGOTIATIONS ADJOURN
NEW YORK (AP) — Negotiations were adjourned for the weekend Saturday after a three-hour session between the Western Electric Co. and two CIO unions.
