

Slouch for Your Health

RICHMOND, Va. (AP)—If the Army listens to Dr. Alvan L. Barach there'll be no more of this "throw out your chest" posture. The same goes for the movie queens in Hollywood.

"You're a lot better off if you walk around in a slouch like a gorilla," said Dr. Barach who is professor of clinical medicine at Columbia University's College of Physicians and Surgeons in a lecture here.

"Never stand erect," he added, "it's not healthy. Your lungs stay flayed up. The position the Army teaches is vicious. We should all learn to breathe with our diaphragms — like singers do."

97 New Cities Form in Japan

TOKYO (AP)—All it takes to create a city in Japan is to sign up 30,000 people. It doesn't matter much where they come from. More than 97 new cities have sprung up recently. Since last December 943 towns and villages have been swallowed up.

Newly-born Tamana on southern Kyushu embraces two towns, 10 villages and assorted farms stretching over 13 miles.

The Japanese government is encouraging the move as a step toward greater efficiency and easier administration. Local politicians lose no time spreading the word.

Soon most of Japan's 87,000,000 people may be living in cities. But the cows, pigs, chickens and oxen will hardly notice the change.

West Huddles To Prepare for Cease Fire Bid

GENEVA (AP)—The Western Big Three huddled secretly Saturday to prepare a firm bid for a quick cease fire in Indochina.

U. S. Undersecretary of State Walter Bedell Smith met Saturday night with Britain's Foreign Secretary Anthony Eden at an earlier conference with Eden and French Foreign Minister Georges Bidault.

No information was released concerning the meetings but they were known to be mapping strategy for the secret sessions to be held with the Communist delegations next week.

Soviet Foreign Minister V. M. Molotov and Red China's Foreign Minister Chou En-Lai were believed to be consulting also on strategy for the crucial week ahead.

Tax Change to Affect Indians

OKANOGAN, Wash. (AP)—The Okanogan County assessor says Indian-owned cattle and farm machinery are being listed for the first time for state property taxes. He said state officials have ruled the property taxable unless it was issued originally by the federal government.

The Colville Indian Reservation is a large part of the county. The Indians, says the assessor, are very cooperative.

To Perform Next Weekend

Many horses and riders will be on the scene at the State Fair grounds next Saturday and Sunday for the Salem Saddle Club's horse show. Among the performers will be Miss Geraldine Crawford of Salem, who will ride thoroughbred Palomino Arizona, owned by George Arbuckle, in the pleasure show, western equitation, Palomino and parade horse class of the show. PLANE BUILDER DIES

SANTA MONICA, Calif. (AP)—Ma. Gen. Oliver P. Echols, chairman of the board and chief executive of Northrop Aircraft Corp., died Saturday in St. John's Hospital. He was 62.

Tiger Recaptured, Another Shot

CHICAGO (AP)—Two young Siberian tigers slipped out of their cage at suburban Brookfield Zoo Saturday when a keeper failed to shut the door.

One was coaxed back in. Zoo attendants cornered the other in the zoo's hospital yard and shot it to death. The tigers did not endanger some 5,000 visitors who were unaware of the escape.

The animals, about three-fourths grown, were obtained last summer from the Copenhagen zoo.

Dulles Says A-Pool Talks In Deadlock

WILLIAMSBURG, Va. (AP)—United States efforts to negotiate with the Soviet government for a world atom pool for peaceful purposes have wound up in a deadlock, Secretary of State Dulles said here Saturday.

But, Dulles said, "we shall persist in our efforts to negotiate in relation to Germany, Austria, Indochina and atomic energy."

That statement was substituted in delivery for what he said in his original prepared text: "We do not exclude the possibility of agreements of limited scope."

The change was made without explanation by the State Department in Washington. It did not seem to alter the sense, although the emphasis was shifted more to U. S. determination to negotiate, and less to the possibility of gaining agreements.

Speaking at a celebration of the 17th anniversary of the Virginia resolution for American independence, Dulles said, "Negotiations with the Soviets were necessary to find out what they might be willing to do."

But, he added, there has been no compromise of liberty on the part of the free nations and no relaxation of vigilance. "Out of talks held under these conditions, has at least come a demonstration of the implacable purpose of the rulers of the Soviet Communist bloc."

"We are confronted with a massive system which, despite its present power, believes that it cannot survive except as it succeeds in progressively destroying human freedom."

The struggle between the Communists and Free World cannot be resolved by any agreed partition of humanity between freedom and despotism. It would be intolerable for us to concede hundreds of millions of souls to despotism."

Dulles said the future of freedom rests with a small minority of mankind. That is why it is indispensable that the people of our republic, for their part, should hold fast to the faith of their fathers."

Tiny Train Serves Food

ROYAL OAK, Mich. (AP)—On Detroit's outskirts, is a little restaurant which serves food delivered by a miniature train and gives customers their change in a model dump truck. Owner William Brooks is chief cook, waiter and bottle washer.

Sightseers definitely aren't welcome.

When Brooks started the business in 1938 his first menu mentioned "five cent Cokes for 10 cents and medicine pie for a quarter." The combination of Brooks, the food and the unique fixtures brought him a rash of sightseers. In 1944 they crowded out the regular customers by talking more than eating. Brooks connected entrances with an electrical opening and locking system, refused entry to some patrons and got a club license.

Much of the club's railroad atmosphere is the work of some well-to-do patrons who helped develop the time-saving gadgets, Hamburgers and cups of coffee travel from kitchen to customer via model train.

Brooks has no railroad career in his background. He spent 18 years writing and editing advertising copy and factory magazines before the restaurant business beckoned.

SOCE STUDENTS ELECT

ASHLAND (AP)—James Kennett, 25, Medford, won the presidency of the Southern Oregon College of Education student body in election results announced Saturday.

SHE WAS WRAPPED UP

MERIDEN, Conn. (AP)—A woman driver got a parking ticket. "But officer," she expostulated, "I was trying on a girdle and they gave me a size too small. I couldn't get out of it in time to put in a second nickel." The ticket cost her \$1 anyway.
