Soybeans Sag Deeply Across Trade Board

CHICAGO (U) — Soybeans lacking the support of the expired May contract, sagged heavily on the board of trade Thursday. That weakness distressed some grains too and only added to the difficulties in which hard found itself. Wheat managed a little recovery toward the close after opening steady and then giving ground under negative news from export circles. Wheat closed 1/4 to 1/2 cent lower, corn 1/2 to 1 off, oats 1/4 to 1 higher and rye 1/4 to 1/2 better. Soybeans were 2 1/4 to 8 1/2 cents less and lard was 68 to 88 cents lower.

Stock Market Soars Upward Substantially

NEW YORK (U) — The stock market cast aside its hesitancy Thursday and advanced substantially. The rise took the Associated Press average of 60 stocks up to the neighborhood of the levels seen after the big crash of 1929. The average gained 60 cents at \$124.80, a level near the peak of 1930 and around the point where the average stood in October 1929 after the disastrous crash that heralded the great depression. Since last September, the stock market has been advancing steadily, and in recent weeks it has been near the 1930 peaks with new high marks being established almost daily. The industrial components of the Associated Press average was up 60 cents at \$169.40, equal to the previous high, rails gained 90 cents at a new high of \$92.20, and util-

DO SALEM GIRLS MAKE GOOD TRUCK DRIVERS?

The automobile industry is having a lively year. All the new 1954 models have been on the road for several months now, and everybody has had a pretty good chance to see what they're like. All the big towns have had Auto Shows. Some towns have had two! Lavish amounts have been spent to impress Mr. and Mrs. American Driver with the splendor and glamour of the "all-new" '54 models.

But amidst all the floodlights and fanfare, has anybody considered the plight of our women-folk! Some of our local gals are getting pretty fed up with the "bulk and bulge" trend in auto design. They are beginning to say things like this:

A. The garage now has to be slightly larger than the house, else the car won't fit in.

B. Dents and scratches are an every-day occurrence — as traffic gets heavier and cars get bigger.

C. It was hard enough to find one parking place downtown. Now you have to find two!

D. You can't enjoy driving anymore, because you feel like you're piloting the "Queen Mary."

But don't despair gals, we have a perfect solution for you. It's the 1954 Mercury! Seventeen feet of the most responsive and functional transportation ever put on wheels. Official registration figures show that huge public acceptance has greeted Mercury's "Reasonable" approach to auto design...giving Mercury owners better re-sale values! In fact, Mercury is America's fastest growing car!

Free-flowing lines spell the difference! A look—and a feel of solid, rugged, compactness about the whole car! A feeling of control. And a combination of brilliant performance and sparkling styling that you can't buy anywhere else!

This is the car for you gals! Just ask the men!

TODAY'S WAY to SLIM BEAUTY

Amazing new WHITE DIET BREAD helps you keep your vim while you stay slim
