Americans' Reactions to McCarthy Mixed, Letters to Newspapers Show

By THE ASSOCIATED PRESS

Joe McCarthy "makes my blood boil," "Joe must go—to the White House."

Across the land, such are the conflicting views of thousands of Americans in letters to newspapers.

Most of their comment on the televised Army-McCarthy hearings centers personally on Sen. Joseph R. McCarthy.

Opinions are strongly pro or con with little middle ground.

To one letter writer in Des Moines, Iowa, McCarthy "reminds a person of a Roman dictator and his henchmen sitting beside him."

Another, in Minneapolis, says "what we need is 100 more McCarthys in Washington."

The Associated Press asked a cross-section of newspapers from coast-to-coast whether the preponderance of letters they received during the first weeks of the hearings was for or against McCarthy.

61 Papers Checked.

Sixty-one papers were checked. Of these 25 reported receiving a majority favorable to McCarthy; 19 said the majority was anti-McCarthy; and 17 said the letters ran about 50-50.

One newspaper which declined to participate said it believed there was an inspired letter writing campaign on behalf of McCarthy.

In the senator's home state of Wisconsin, the anti-McCarthy Milwaukee Journal said the majority of its letters from within the state were pro-McCarthy, but that letters received from outside Wisconsin make the count about 50-50.

It added, however, that "it is impossible to make any kind of accurate estimate since some of McCarthy's vociferous supporters write often, keeping up an individual barrage."

The Providence (R.I.) Sunday Journal conducted a poll of its readers and said the results indicated:

1. Neutrality about the senator has all but disappeared; and

2. While the senator had increased his supporters slightly, those who now disapprove of him have increased greatly."

The Journal said the replies broke down thus:

Before Hearings

Approved McCarthy 2,670 (36.3 per cent)

Disapproved McCarthy 2,969 (40.3 per cent)

Indifferent 1,726 (23.4 per cent)

NOW

Approved McCarthy 2,923 (39.7 per cent)

Disapproved McCarthy 4,418 (60.0 per cent)

Indifferent 24 (0.3 per cent)

For McCarthy

In most instances, the preponderance of letter writing sentiment was in line with the newspaper's editorial policy on the topic.

The New York Daily News, friendly to McCarthy, reported that it received about 300 letters a week on the controversy; and that they favored McCarthy 20 to 1.

The New York Post, outspokenly anti-McCarthy, said it received about 250 letters on the topic with only 12 favoring McCarthy, a ratio of more than 20 to 1 against him.

3,000 Chinese Students Stage Sitdown Strike

SINGAPORE (AP) — Three thousand Chinese students accused of being under Communist influence staged a sitdown strike at Chung Cheng high school over the weekend to protest compulsory military service. They marched out Sunday afternoon after being without food for 27 hours.

They had turned the school into a stronghold in defiance of school authorities in order to shield some 300 Chinese youths between 18 and 20 who have refused to register for military service in this British colony. Defense officials say they realize these youths, British subjects by accident of birth and apparently loyal only to China, would not be useful in the armed forces but must register under the law.

Forty of the objectors left Sunday night for Hong Kong by ship en route to Communist China. L. H. N. Davis, colonial defense secretary, said the students did not need exit permits and could go where they chose but would be liable for military service "immediately they step back into the colony." The same ship carried 400 other Chinese toward the China mainland.

2 North Salem Burglaries Investigated

State police and Marion County sheriff's deputies Sunday investigated two burglaries in North Salem involving Nick's Inn, 3725 Portland Rd., and the Agate Shop, 3980 Portland Rd.

O. F. Franklin, owner of the Agate Shop, told deputies about \$50 worth of costume jewelry was missing. Entry was made by forcing a basement door.

Missing from Nick's Inn was an estimated \$95 in coins from cigarette and amusement machines, officers said. The intruders entered the building by removing a plate glass window.

Apparently both entries were made by the same party, according to deputies, who found a set of burglary tools at the inn, Frank Nicholas, inn owner, told officers he closed the establishment about 3 a.m. Sunday.
