Bill to Relax Restriction on Indian Gains

WASHINGTON (AP)—A House Indian affairs subcommittee Wednesday approved legislation to set up procedure under which an Indian ward of the government might voluntarily obtain a certificate of competency.

To meet objections from some congressmen, the committee amended the bill to exempt from its provisions Indians in Arizona, New Mexico and Oklahoma. Issuance of a certificate of competency by the secretary of the interior on application of the Indian or a court decree would generally operate to give the Indian full control over real estate and personal property held in trust for him by the government.

It would free him from all federal government limitations especially applicable to Indians and terminate his right to share in the benefits and gratuities services presently extended to Indians as such.

Modern Etiquette

By ROBERTA LEE

Q. When a girl has spent a week-end in another girl's home, to whom should she address her "bread and butter" letter?

A. This letter may be addressed to her friend, but she certainly should include a message of sincere appreciation to the girl's mother, who usually deserves much of the credit for a pleasant visit.

Q. In restaurants where tartar sauce is served in little paper cups on the plate with the fish, how is this eaten?

A. You can either transfer a small portion to the fish with your fork, or you can remove a quantity of the sauce with your fork and place it on your plate.

Q. Should the bride who is being married in a suit or traveling costume carry a bouquet of flowers?

A. More appropriate would be a corsage of orchids, gardenias, or any flower that suits her fancy.
