

Ike Still Plans Private Power For TVA Area

By DOUGLAS B. CORNELL
WASHINGTON (AP) — President Eisenhower today stood by his plan to bring private power into the TVA area but said anyone who thought he wasn't supporting TVA was to put it in mildest terms—in error.

Eisenhower indicated he has no intention of changing his plan for private power in the face of attacks on it by numerous Senate Democrats and one Republican, Sen. Cooper of Kentucky. He said he is working for the entire United States, not one area.

Better Traffic Law Enforcing Said Needed

Oregon needs better traffic law enforcement and an expanded public campaign to promote safe driving, Paul Hill, western representative of the National Safety Council, told the Oregon Traffic Safety Division Wednesday.

Hill spent two days in Salem. He said Oregon needs stronger laws dealing with accident investigations, and more prosecutions of drivers to blame for accidents.

Hill also recommended stricter pedestrian laws, and expanded use of chemical tests for intoxication.

The center stripe on highways should be reflectorized. Oregon now has some of this type of stripe.

Newspapers and radio and television stations should be given more material to promote safety, Hill recommended. He also suggested better use of posters, and more speeches on safety.

Dr. Foster President of Quartet Group

Dr. Donald Foster, Salem dentist, was elected president of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., Salem Chapter at a meeting Wednesday night.

Other officers elected included Walter Snyder, vice president; Clifford Ingham, secretary-treasurer; Morris Adams, musical director, and George Dow, librarian.

The group, which reports a paid-up membership of 25, will this week send in to the organization's national headquarters for a charter.

The Salem chapter plans to meet each Wednesday night, with the next meeting slated again for the Marion Hotel Wednesday at 8 p.m. Officers said, however, they were looking around for suitable meeting quarters where "we can harmonize to our hearts' content."

New Licenses Due for Some Meat Dealers

Some Oregon meat dealers will need a different class of license than they now hold as the result of a recent opinion of Attorney General Robert Y. Thornton, State Agricultural Department officials said Wednesday.

Meat dealers who sell meat in quantity at a price discount based on quantity must now have a wholesale license. This applies whether the sale is to restaurants, hotels or other meat dealers. Under these conditions the license must be a Class A one, unless the wholesale business is restricted entirely to poultry and rabbits.

Dealers having any question as to the type of license their operation requires were advised to confer with State Agricultural Department officials.

Harness Races To Return at Oregon Fair

Thoroughbreds and trotters will share the limelight at the Oregon State Fair as harness racing returns to Lone Oak track for the first time since 1950, Charles Evans, state fair racing superintendent, said Wednesday.

Presence of the fastest trotting horses in the northwest has been assured by the Northwest Horse Association, according to Evans. Also appearing will be leading campaigners from California tracks.

Ten races will be staged daily except Sunday during the eight-day fair Sept. 4-11. The trotters will be featured in the first and third events. First post will be at 1:30 p.m.

Zemo Great For Itchy Skin Rash

Zemo, a doctor's formula, promptly relieves itching of surface skin rashes, eczema, prickly heat, athlete's foot. Zemo stops scratching and so aids faster healing and clearing. Buy Zemo Strength Zemo for stubborn cases.

Chinese Reds Promise to Free 6 Yanks

GENEVA (AP) — Red China has promised to free six detained Americans, including four Roman Catholic priests, the U. S. delegation to the Geneva conference announced Wednesday.

"The Chinese communist representatives have stated further that the cases of other detained Americans are still under review," the U. S. announcement said.

In Washington, the State Department said release of the six would leave about 44 American civilians and at least 15 U. S. military personnel still detained by Red China.

Of the civilians, 30 are in Chinese jails, three are under house arrest, and 11 have not received exit permits. The Chinese admit they are holding the 15 officers and enlisted men, but they also may have others.

American officials on their side have notified Peiping that 15 Chinese students who have been detained in the United States now may leave. The cases of other Chinese students in America still are being considered.

Stevenson Avoids Query On Candidacy

FAIRBANKS, Alaska (AP) — Adlai Stevenson good-naturedly brushed aside a query Wednesday whether he will seek the presidency again in 1956.

A reporter asked him at a press conference for comment on a statement by a local shoe shine parlor operator that Stevenson was "hoping" to become the country's next president.

The 1952 Democratic standard-bearer replied: "I'm afraid Jimmy's enthusiasm as a former Chicagoan and a member of the Democratic Club got the best of him."

He referred to Jimmy Johnson, who said after shining Stevenson's shoes Tuesday that the Democratic leader had high hopes of winning in 1956.

Turning to the subject of Alaska, Stevenson told newsmen that "I don't see anything but hope for your territory... your problem is to create year-around employment for the increasing population."

Democrats See Victory in Montana Vote

WASHINGTON (AP) — Sen. Mansfield (D-Mont) said Wednesday the Montana primary election augurs well for Democratic victories in the Rocky Mountain and Pacific Northwest areas this fall.

Noting that more Democrats than Republicans turned out in Montana Tuesday, Mansfield said: "It is gratifying that once again Montana has demonstrated that it is basically a Democratic state."

"The Republicans' broken campaign promises and pledges have not been forgotten by the American people and the Republicans will have to answer on this basis in November," Mansfield added.

Mansfield, not up for re-election this year, said heavy voting for Democratic nominees in Montana was in marked contrast with the primary in 1952, when "the Republican ticket ran neck and neck with the Democratic ticket and in some races received more votes."

Noisy Teen-Agers Are Welcomed

SACRAMENTO (AP) — There's one place where a bunch of noisy adolescents is a welcome sight. That is in the special unit for mentally ill adolescents at Napa State Hospital.

The new unit was set up to give about 80 mentally ill teen-agers specialized treatment.

"It is much to early for any judgment," said the Mental Hygiene Department in a report, "but at least they are now showing the healthy sign of being noisy on their own wards where they used to just sit and stare on the adults wards."

Woman Tortured On Main Street

"They're killing me," she cried, "my burning caloused feet!" But why moan about it when money mediated ice-cream with soothing linolin does such a grand comforting job. Starts with amazing speed to soften stinging sores and callouses. So cooling, restfully refreshing for tired, burning feet. Get Ice-Mint today.

Another auto stolen in Portland was recovered in Salem, police reported Wednesday.

India Police Kill 8 in Mob

NEW DELHI, India (AP) — Police fired Wednesday on a mob that put the torch to a court building at Indore, 420 miles south of here. Eight persons were killed and 40 wounded in the clash.

Six fire engines fought the blaze, but a brisk breeze fanned the flames.

Reports received here said the trouble started Tuesday when 3,000 students demonstrated against the transfer of an Indore College principal.

A curfew, which kept Indore quiet during the night, was reimposed Wednesday night.

Officer Files \$26,599 Suit For Injuries

EUGENE (AP) — Suit for \$26,599 for injuries suffered in a 1952 accident has been filed in Circuit Court here by Warren C. Wiley, Eugene motorcycle policeman.

The suit alleges the woman motorist turned her car into the path of Wiley's motorcycle while he was en route to the scene of an accident. The action contends the officer was sounding his siren and the motorist failed to stop.

One-Time GI Thinks He'd Be Executed

OLYMPIA, Wash. (UP) — A prisoner of war who cast his lot with the Communists and refused repatriation in Korea believes he will be "hung like they did the other fellows who went home" should he return to his native land.

Mrs. Jewell Bell, wife of 23-year-old Otho Bell, said here she has received numerous letters from her husband and that he thinks two men who did come back Cpl. Edward Dickenson and Cpl. Claude Batchelor have been executed by U.S. authorities.

She said Bell's letters from Peiping, China, have asked her and her young daughter, Paula, to go to China and be with him.

"I told him I would have no part of that because I don't believe in their way of life," she said.

"I don't think Otho's real thoughts are in those letters," she said. "He is scared of something."

OUT OF GAS

AURORA, Ill. (AP) — The gas company can't use gas to heat its new building. Gas heat is permitted only for single family homes and the company still has more than 100,000 applicants on its list.

Pilot Killed, 19 GIs Hurt as Jet Fails To Pull Out of Dive

OKINAWA (AP) — A Marine Pantherjet on a mock strafing run plowed into a hill Thursday, killed the pilot and injured at least 19 American soldiers in a shower of flaming fuel and debris.

The Army said the jet failed to pull out of a dive while making a simulated strafing run over troops of the Army's 29th Regimental Combat Team.

Helicopters were ordered to evacuate the injured to the Rukuyus Army Hospital.

The accident occurred near Easley Range, where the 3rd Marine Regiment is conducting a practice amphibious invasion of Okinawa, defended by the 29th Combat Team.

Names of the casualties were withheld.

Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. PASTETEX, an alkaline (non-acid) powder to apply to your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, gooey, pasty taste or feeling. Get PASTETEX today at any drug counter.

In the Middle Ages, the use of certain furs for garments was almost a badge of office—for instance, the use of ermine by judges.

Fish in the Columbia River are tested periodically for possible radioactivity which might be derived from the Hanford Atomic operation.
