

Beachlike Scene at La Guardia Field

NEW YORK, N. Y. — Wind-whipped water on runways at New York's La Guardia Field make it appear like a beach as the season's fifth hurricane, dubbed Edna, brushed the area. As a precaution, most planes and ground vehicles were moved into hangars to minimize damage. (AP Wirephoto)

Ontario Ban Lifted by AAA

BOISE (U. S. A.) — A four-month "off-limit" ban placed on Ontario, Ore., by the Idaho State Automobile Association has been lifted. R. G. Cole, manager, said Sunday. The AAA started routing motorists around the nearby Oregon city last May after receiving complaints from tourists of "undue delays" in handling of traffic violations by the courts and an "arrogant attitude" by some officers. City officials now have corrected the situation, Cole said, and motorists now are being given a choice of two westbound routes—through Ontario, or through Payette and Weiser, Idaho.

Because goats have eaten most of the vegetation, observers say that Ma'a Tierra, island off Chile, reputedly the original Robinson Crusoe site, is being washed into the sea.

College Kids From Hawaii Spread Cheer

HONOLULU (U. S. A.) — Tourist-conscious Hawaii is taking full advantage of the 500 students who each year go to the mainland to attend college.

The Hawaii Visitors Bureau provides each student with an information kit, and, for those who want it, hold a short course in Hawaiian to give-out more detailed information.

The students, called "College Ambassadors," can use their ambassador kits for classroom assignments, answering other student queries about Hawaii and other island promotions.

SELLERS BEWARE
SACRAMENTO, Calif. (U. S. A.) — "Come in and steal 'em," said a store sign advertising air conditioners valued at \$225 each. Burglars stole four.

Housebuilders In Spare Time

RICHMOND, Va. (U. S. A.) — When Mr. and Mrs. Donald Hunt decided on a new home they didn't go around looking for a lot of advice. They are building it themselves—in spare time.

The project grew out of an addition Hunt made to his old home. It was so successful that he spent the next winter drawing plans for an entire new home. He thought it might take five years to build, but now hopes to make it in two since the Hunts are working on it at night to get more "spare time" for the project. In the day he works as maintenance engineer for the Bank of Virginia. Mrs. Hunt is an accountant for the city health department.

Beckoning Hand In Ice Machine Gives Gal Chills

ANNVILLE, Pa. (U. S. A.) — Miss Barbara M. Grosky of Anville, suffered a chilling experience while trying to get ice from a self-service dispensing machine.

Instead of ice coming down the chute when she deposited her quarter, a cold hand appeared and beckoned to her.

Miss Grosky, a bit unnerved, ran to a nearby service station where keys for the machine were kept. She then watched a service attendant open the ice dispenser. Inside was Ralph W. Hopple of Anville, who was repairing the big machine when its door swung shut trapping him.

Lions Send Help To Resettled Huk

MANILA (U. S. A.) — Lions clubs of the United States have donated some \$500,000 worth of trucks, tools, plows and a complete rice mill to the Philippines.

Most of the equipment has been sent to the southern island of Mindanao, where the Philippine Army is resettling those

former Huk who agreed to cease their rebellion and turn in their arms.
