Strike Ends At Prineville

PRINEVILLE (UP)— A 13-week strike at the Ochoco Lumber Company at Prineville was ended Sunday when workers voted to accept a renewal of their old contract for a two-year period.

The mill resumed operations Monday with a day shift and officials said a night shift would be organized before the end of the week. The full complement of 185 employes will have returned to work by next week they said.

The Ochoco settlement leaves only one pine operation— Brooks-Scanlon at Bend—still on strike in the central Oregon area. The Ochoco mill crews had demanded a 12 1-2-cent hourly pay increase. The firm has a daily payroll of some $3000.

Farm fires each year take 3,000 lives in the United States.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Relieves Pain—Shrinks Hemorrhoids

New York, N.Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to stop bleeding—without surgery.

In case after case, pain was relieved promptly. And, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

Now this new healing substance is offered in ointment form under the name of *Preparation H.** Ask for it at all drug stores—money back guarantee. *Trade Mark.

Tin Tycoon, Wife to Face Kidnap Charge

PARIS (UP) —Hotel heir James Goldsmith said Monday he will press "kidnaping" charges against his multi-millionaire in-laws even though they returned his daughter.

Goldsmith won the custody of his ailing four-month-old daughter, Isabel, Saturday but the child was not returned until Sunday.

Bolivian tin tycoon Antenor Patino and his estranged wife, the Duchess of Durcal, had claimed that Isabel, born on her mother's deathbed, was too ill to be left in care of her busy father.

Young Goldsmith said, however, his family would not neglect Isabel.

"I am naturally terribly happy to be reunited with my child and I'm sure her grandmother, my mother, can give her all the loving care necessary," Goldsmith said.

The baby's own mother, the former Isabel Patino, died of a cerebral hemorrhage last May only months after she had eloped to Scotland with Goldsmith. Papa Patino followed the couple and attempted legally to prevent their marriage but finally and begrudgingly gave his consent.

Goldsmith charged the Patinos with "kidnaping" last Wednesday when he returned from a business trip to Liberia and was told the duchess had taken the child from the Versailles hotel suite where he had agreed Isabel should be kept during his frequent absences.

Plan for Sale Of Surpluses Abroad Eyed

WASHINGTON (UP)—The Agriculture Department and "various" foreign governments are working out arrangements for the first foreign purchases of American farm surpluses under a one billion dollar surplus disposal program.

Agriculture Secretary Ezra T. Benson Sunday disclosed the "preliminary discussions" and said he hopes to authorize the first purchases "within the next few weeks."

The department is finding out the kinds and amounts of commodities buyers in foreign countries may want to purchase under the part of the three-year-old program which permits the sale of up to 700 million dollars worth of surplus farm crops in exchange for foreign currencies. The Agriculture Department administers that part of the program and the Foreign Operations Administration handles that part which permits disaster donations of up to 300 million dollars worth.

Benson echoed President Eisenhower's words of last week, that there is "no intention on the part of the United States" to undertake a "surplus dumping program" in carrying out the act. He said "undue disruption" of world market prices will be avoided.

More Timber From National Forests Asked

SAN FRANCISCO (UP) — The California Chamber of Commerce said Monday it has adopted a recommendation that government agencies boost national forest timber sales to private firms to the maximum amount provided by law.

The recommendation was made by a special subcommittee of the statewide resources committee headed by Dr. Robrt Gordon Sproul, president of the University of California.

Sproul said such a policy by the government "would double the amount of timber which has been available annually from national forests."

Because of this, he said, "there would be a decreased demand for rapidly shrinking supplies of privately owned timber, reduced competition for the limited supplies now available from government lands, reduced consumer lumber prices and increased future timber supplies."

Grain Prices Turn Weak

CHICAGO (AP) — Most grains turned weak on the Board of Trade Monday but soybeans, particularly the September future, displayed strength.

Wheat closed ⅛ lower to ½ higher, corn 1¼ to 2 cents lower, oats unchanged to ½ lower, rye 1 to 2¼ lower, soybeans, 1¼-9¾ higher.

Tuesday is the last day for trading in all September futures. After that any outstanding open contracts must be settled by delivery of the cash commodity.

Stock Market Closes Lower

NEW YORK (AP) — The stock market made an about face Monday and closed lower.

Prices opened higher and kept going until early afternoon when they slowly turned and headed down. The pace of trading slackened noticeably when the bend to lower levels commenced. The dip went to around 2 points in key areas. Gains with a few exceptions ranged to a point.

The Associated Press average of 60 stocks declined 80 cents an $134.30. That was the amount it gained Friday when the average got back up again to a new high for the year, the latest in the succession of 25-year peaks.

Volume came to 2,060,000 shares as compared with 2,250,000 Friday.
