

# Bell Blasts Big Ten For Selfish Relations

By RALPH BERNSTEIN  
PHILADELPHIA (AP)—Commissioner Bert Bell of the National Football League Tuesday blasted Big Ten athletics officials and others as "isolationists and selfish men" intent on severing years of harmonious relations between college and professional football.

Bell said Kenneth (Tug) Wilson, Big Ten commissioner; Theodore B. Payseur, Northwestern University athletic director; Tom Hamilton, Pittsburgh athletic director and Fritz Crisler, head of athletics at Michigan, are the ring leaders in an attempt to cause a rift between college athletics and professional sports.

"They're not kidding us. We know what the real reason for their sudden attack on pro football is our elaborate nationwide television program. They're sore because we televise on Saturday nights."

"Well, we're going to televise on Saturday night and Sunday afternoon. We went through a lawsuit alone for eight weeks in federal court at a great expense. We won and we're going to give the public all the television we can," Bell said.

The portly commissioner said Wilson, Payseur, Hamilton, Crisler and the rest are afraid to allow unlimited television in college football "because they figure Notre Dame would sell their games coast-to-coast year in and year out, freezing the rest of them out of the picture."

"These selfish men have banded together to keep Notre Dame in the same boat with them. They hide behind that 'Protect the small college' stuff, but you don't notice them scheduling small colleges to help out, do you?"

Bell's ire has been aroused by a letter from Wilson and a report he received on the conference of athletic heads meeting at Purdue University last June 13-14.

Boxer Archie Moore fought for 16 years before he won the lightweight championship in his 12th fight.

## Dressen Still Not Decided

LOS ANGELES (AP)—Chuck Dressen says he has had feelers from major league clubs for 1955 but any report he has agreed to terms is "only rumor."

Dressen, who managed Brooklyn to pennants in 1952 and 1953 and then resigned last year when tendered only a one-year contract, piloted Oakland to third place in the Pacific Coast League this season. His Oaks then copped the governor's cup playoffs.

The Los Angeles Examiner said Dressen, 55, who has spent 35 years in baseball, has agreed to terms but said its sources were not at liberty to name the club. The paper paid names are to make the announcement after the world series.

The Examiner said Dressen will leave for New York by plane Wednesday to confer with "his new bosses."

Chuck confirmed that he's flying East to see the world series but said the rest of the report is "all guess."

### CASILLO BY DECISION

DETROIT (AP)—Rocky Casillo, 140½, of Blue Island, Ill., outpointed Bob Rossie, 148½, of Cedar Rapids, Ia., Tuesday night in an eight-round welterweight bout at the Motor City Arena.

There were no knockdowns in the bout.

## Bruins Set Goal On Passing Attack

LOS ANGELES (AP)—The UCLA Bruins spent Tuesday's practice session sharpening up their passing attack for Saturday' contest with the University of Kansas at Lawrence.

Coach Red Sanders said there is a lot to do yet in readying the Bruin passing machinery. UCLA's top loser, Primo Villanueva, spent most of the afternoon passing because he saw so little action against San Diego Navy.

Primo has been suffering from a pulled muscle, but Sanders said he will be ready to go against Kansas. Bob Heydenfeldt, favoring a slightly sprained ankle, laid off kicking Tuesday. But the Bruin's ace kicker also will be ready for the Kansas game, Sanders said.

## Two Named by Management to Study Strike

PORTLAND (AP)—Martin N. Deggler of Hoquiam, Wash., and Loran L. Stewart of Cottage Grove, Ore., have been named by management to serve on the governors' fact-finding committee, the Oregon Journal reported Tuesday.

Earlier, the CIO named Chester Dusten of Portland and the AFL named Earl Hartley of Seattle to serve on the seven-member committee which will investigate the Pacific Northwest lumber dispute.

The other three members will be selected by the governors of Oregon and Washington.

Deggler, who is president of the Harbor Plywood Corp., and Stewart, president of the Bohemia Lumber Co., could not be reached for comment on the newspaper's report.

## Batchelor Trial Awaits Findings Of Psychiatrist

SAN ANTONIO, Tex. (AP)—The court-martial of Cpl. Claude Batchelor Tuesday recessed until Friday after testimony that the corporal participated in plans to escape from his Communist captors in North Korea.

The recess was called to await a deposition from Dr. Leon Freedom, Baltimore psychiatrist, on the issue of temporary insanity by reason of brainwashing.

The deposition was asked by attorneys for Batchelor, who is being tried on charges of aiding the enemy and informing on fellow prisoners when he was a POW.

## No Verdict Reached in Fleming Case

FT. SHERIDAN, Ill. (AP)—An Army court of 11 officers deliberated 4½ hours Tuesday without reaching a verdict on enemy collaboration charges against Lt. Col. Harry Fleming.

The court-martial board recessed at 4:30 p. m. and announced it would resume deliberations at 9 a. m. Wednesday, CST.

Fleming, 46, of Racine, Wis., is the first American Army officer to face a court-martial for behavior in a Korean prisoner of war camp.

The case was given to the court after Lt. Col. John R. Pritchard, the prosecutor, charged that the prisoner's chief aim during three years of captivity was "to survive without regard to the means or the consequences."

## Homes in Path Of Timber Fire In California

LOS ANGELES (AP)—An offshoot of the brush and timber fire in the mountains near Newhall was headed toward Placerita Canyon Tuesday and a new firebreak was thrown up to protect 150 homes and ranches in the canyon area.

But the threat to a Veterans Administration hospital and the county's Olive View Tuberculosis Sanitarium diminished. Officials of the institutions said they were not in immediate danger. At one time Tuesday the fire burned within a half mile of the VA hospital.

Flames have swept some 1,500 acres.

## Firm Formed for Uranium Production

EDMONTON (UP)—Lowell M. Birrell, president of American Leduc Petroleum, announced here that the firm has formed a subsidiary, Ace Turner Uranium Corp., to enter the field of uranium production.
