FRENCH ROSE IS NOT A PARISIAN PERFUME!

It is one of the almost countless plants used in the operation of a modern apothecary shop such as ours. Yes, it is used in filling prescriptions and our Registered Pharmacists will tell you all about it in case your Doctor's prescription calls for its use. The fine art of compounding prescriptions is one of the most respected in the world. And we are justly proud of the long record of our Pharmacists because we have been pleasing Doctors for many years. When you think of prescriptions, think of us.
