

Miss Marilyn Palmer Weds Mr. Gries

At a nuptial mass at the Immaculate Conception Catholic Church Saturday morning Miss Marilyn Barbara Palmer, daughter of Mr. and Mrs. Irving Hemmens Palmer of Stayton, became the bride of James Vincent Gries, son of Mr. and Mrs. Peter John Gries of Sublimity.

The Rev. Matthias Jonas officiated at the 10 o'clock rites before a background of white chrysanthemums and greenery. The alternate pews were marked with clusters of the white chrysanthemums. Mrs. David York and Joseph Dougherty were the soloists and Miss Josephine Brand was the organist. The altar boys were Gary Gries, the groom's brother, and Dennis Frank, cousin of the bride.

Of parchment satin was the bridal gown fashioned in princess style in front with gathered back fullness that fell into a flowing train. Sequin spangled Venice lace embellished the scoop neckline, the cuffs of the long sleeves and the back peplum. A lace pillbox cap adorned with sequins held in place her double fingertip illusion veil. She carried a spray bouquet of Better Times red roses and green leather fern.

Bridal Attendants
Miss DeAnne Palmer was her sister's honor maid and the bridesmaids were Miss Beverly Roberts, Mrs. Ted Higberger, Miss Carole Frank and Mrs. Roy Christiansen. They all wore identical waist length frocks of raspberry red crystalite fashioned with boat necklines, Empire waists banded in matching velveteen and bouffant skirts.

Their matching velveteen bandeaus were of grape leaf design with a small cluster of grapes on one side. They wore short white gloves and carried cornucopia baskets filled with purple frosted grapes, pink rosebuds and leather fern.

John Gries served as best man for his twin brother. Ushers were Ted Higberger, Gregory Frost, Arthur Christiansen and Roy Christiansen.

For her daughter's nuptials Mrs. Palmer selected a mauve suit with pink hat and gloves and gunmetal accessories. Her flowers were pink Elfe roses. Mrs. Gries attended her son's marriage in a deep beige suit with avocado green hat and accessories and a corsage of yellow roses.

Reception at Gun Club
A reception was held at the Sublimity Gun Club. Pouring were Mrs. Vincent Mertz and Mrs. Margaret Winther. Cutting the cake were Mrs. William Roberts and Mrs. Amandus Frank. Assisting were Mrs. Sim Etzel, Mrs. Fred Albus, Mrs. William Hermens, Mrs. John Mertz, Mrs. John Gries, Mrs. Lee Higberger, Mrs. Gregory Frost, Mrs. Robert Humphreys, Misses Joanne Albus, Patricia Roberts, Geraldine Roberts, Dorothy and Arlene Heuberger, Marjorie O'Connor, Rose Marie and Mary Ann Freres, Janice Jungwirth, Darlene Boedigheimer, Donna Welter and Audrey Darby.

The newlyweds have gone to Palm Springs on their honeymoon and for traveling the bride donned a red changeable silk dress with white hat and gloves, black topcoat and accessories. After December 15 the couple will be at home in Stayton.

Two Apply to Bring Video To Madras

MADRAS (UP)—Residents of the Madras area are awaiting city council action on applications by two individuals to bring a television distribution system to the community.

Richard Hemphill, representing Nichols and Hemphill, of Madras, and Paul Rowan each applied to the council for an exclusive franchise to serve the city through an amplification system.

Rowan, who already has authority to bring a television signal to his radio shop here, said he would let the council and Madras residents decide if his picture was adequate to merit the distribution franchise.

Viewers would subscribe to the service, paying an installation charge and a monthly service charge.

Mr. and Mrs. Robert Moulton Gotke, Jr., (Carol Rentz) who were married Nov. 13 at St. Vincent de Paul Catholic Church. The bride is the daughter of Mr. and Mrs. Anton J. Rentz and the groom is the son of Mr. and Mrs. Robert Moulton Gotke. The couple will live in Salem. (Steimonts Studio.)

New Members Welcomed by AAUW at Evening Meeting

Educational television is new, but it has made tremendous strides in the last twenty four months, and it is a powerful force in helping the teacher in the school do a better job. These, and many other facts, were brought out in a panel discussion on "Why Should Oregon Look to Educational Television," on Thursday evening in the Carrier Room of the Methodist Church, when the members of American Association of University Women gathered for their regular monthly meeting.

Ms. W. L. Van Loan, Corvallis, members of the faculty of the department of psychology at Oregon State College, headed the panel which included: Mrs. Edward Taggart, Salem, James Morris, Corvallis, Mrs. Robert Stearns, Corvallis, Donald S. Somerville, Portland.

It was pointed out that the field of educational television is limitless. It can promote world peace, raise the educational level of all peoples, and make democracy more vital. At the present time there are seven educational television stations in existence. Governor Paul Patterson has a committee working on educational television plans for this state.

AEC Official Resigns for Private Work

WASHINGTON (UP)—The government's top expert on atomic power is going to work for private enterprise.

On Jan. 1 Dr. R. Hafstad will join the staff of the Chase National Bank of New York as consultant to the bank's industrial customers on peacetime uses of atomic energy.

The 50-year-old Hafstad has been director of the Atomic Energy Commission's Reactor Development Division since creation of the division in January, 1949.

He is credited by the scientific community generally and his AEC colleagues in particular with being perhaps the world's foremost authority on harnessing the atom for industrial power.

CADAVER 'JUST FUN'
KINGSTON, Ont. (UP)—Queen's University blamed "fun-loving students" Saturday for the scantily-clad cadaver of a woman, stolen from the medical laboratory, found hanging from a tree in front of a girl's dormitory.

Rites Read at Salt Creek Church

SALT CREEK — The Salt Creek Baptist Church was the setting for an autumn wedding Thursday night at 8 o'clock uniting in marriage Miss Dottie Beth Hevner, eldest daughter of Mr. and Mrs. C. G. Hevner, and Orville N. Aebi, son of Alvin Aebi. The Rev. Robert F. Penner officiated.

Dr. Norman Classen of Dallas was the soloist and Mrs. Classen was organist.

The bride wore a floor length gown with a chapel length train of white lace and tulle. The lace bodice was made with a low round neck and the full skirt was of lace over tulle. Her fingertip veil was caught to a crown of white pearls. She carried a white orchid and bouvardia.

The bride's attendants alternately wore identically made ballarina dresses in lavender taffeta with purple velvet trim and purple crystalite taffeta with lavender velvet trim and linen shoes to match the trim. Their headpieces were velvet ribbons caught with chrysanthemums.

Mrs. Don Rich of Portland, wearing purple, was maid of honor and the bridesmaids were Mrs. Thomas A. Lacey Jr. in lavender, Donna Hevner, sister of the bride, in lavender, and Mrs. Larry Hevner in purple. Junior bridesmaids were Joan Aebi, cousin of the groom, and Dari Sue Hevner, sister of the bride, both in lavender. De Nita Dee Hevner, sister of the bride, also wearing lavender, was flower girl. All carried baskets of white and orchid pom pom chrysanthemums with streamers of lavender and purple.

Carrying candles adorned with lavender and white chrysanthemums were candlelighters, Mrs. Valdean Aebi and Miss Janet Classen, both wearing purple gowns with lavender shoes.

Groom's Attendants
The best man was Carroll Aebi, the groom's brother. Ushers were Larry Hevner and the groom's cousins, Paul Buhler of Portland and Clarence Buhler. Escorting the junior bridesmaids were Jerry Fast and Jimmy Fast. Ringbearer was Jimmy Classen.

The bride's mother wore a navy blue crepe dress with jacket of lace. Her accessories were of navy and pink and her corsage was of pink roses.

The reception was held in the church parlors with Mrs. Frank Fast as hostess. Serving the wedding cake were Mrs. John Aebi and Mrs. George Voht, aunts of the groom. Mrs. William Kleen, Mrs. Harold Barnhart of Portland and Mrs. Orville Stepp were present. The groom's cake was passed by Judith Fast. Assisting were Misses Muriel Unger, Marlene Burr, Lorena Quirque, Shirley Garland, Frances Rehr, Delores Klassen, Luella May, and Mesdames Wayne Radke, Clarence Buhler, Richard Nallinger, Henry Classen, and Frank Green.

After the ceremony the bride and groom left for a two weeks honeymoon. The bride was wearing a two-piece white flecked navy faille suit with navy velvet trim and hat with navy shoes and purse and pink gloves. The couple will make their home in Sheridan.

Both are graduates of Dallas High School. The bride is dental assistant to Dr. E. C. McCallan in Dallas and the groom is in the heavy hauling business.

Two Sabrejets Crash, 1 Killed

NIAGARA FALLS, N.Y. (UP)—One Air Force jet pilot was killed and another parachuted to safety Friday night when their Sabrejet fighter planes crashed in separate mishaps during a practice mission.

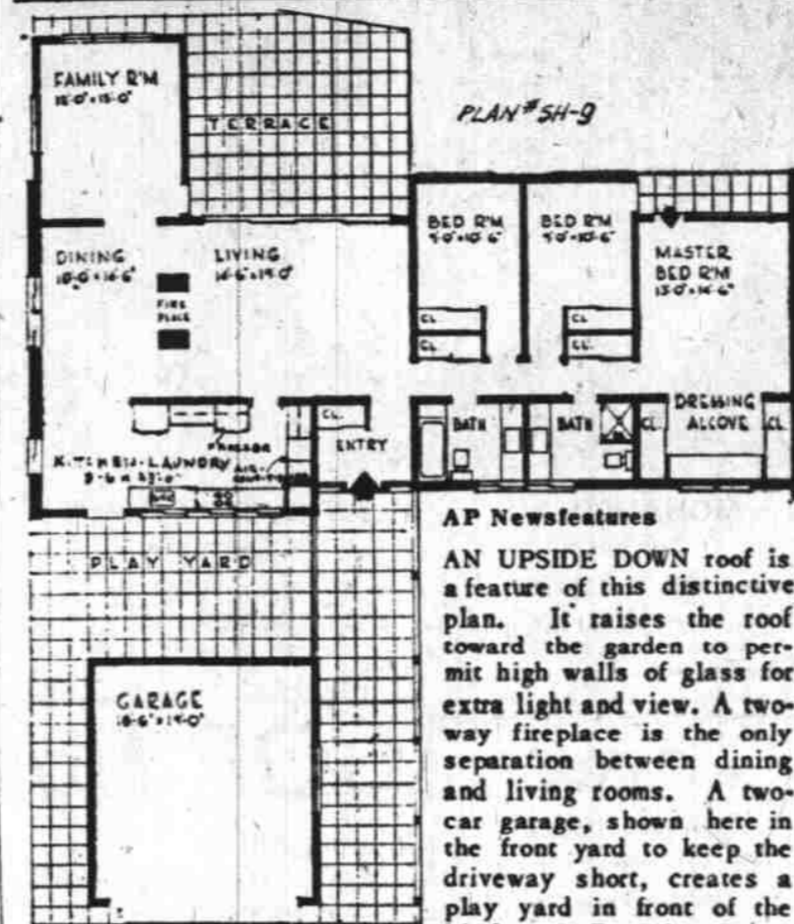

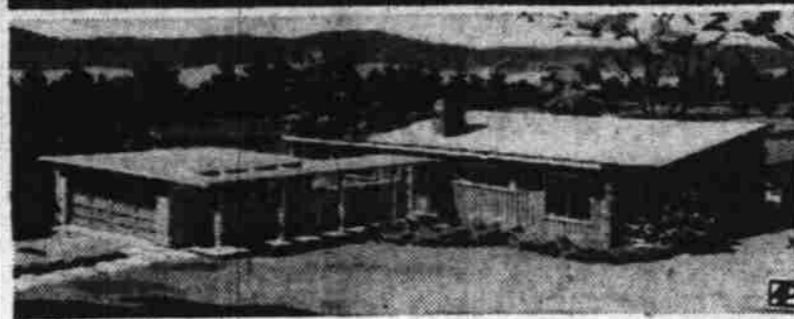

The dead pilot was Maj. William M. Coleman, 36, a native of Ft. Lauderdale, Fla., who has been living with his wife and two children near here. His plane crashed in flames in a field two miles south of Wilson.

The other pilot, Lt. Col. Rufus Woody Jr., 32, bailed out safely.

News of Farm, Home and Garden

HOMES FOR AMERICANS

AN UPSIDE DOWN roof is a feature of this distinctive plan. It raises the roof toward the garden to permit high walls of glass for extra light and view. A two-way fireplace is the only separation between dining and living rooms. A two-car garage, shown here in the front yard to keep the driveway short, creates a play yard in front of the kitchen. But the garage could be placed in the rear or attached to one side of the house without altering the balance of the street facade. The house, without garage, covers 1,744 square feet. Without the family room in the rear, which could be omitted, the area would be 1,536 square feet. This design by Howard H. Juster, A.I.A., for Show House, 501 Fifth Ave., New York 17, N.Y., is featured in the current issue of Living for Young Homemakers.

Cures Offered for Some of The Flaws in Your Dream House

By VIVIAN BROWN
AP Newsfeatures Writer

There is no such thing as a dream home. Every house has a problem it seems, and even the most contented homemaker can find a flaw in her beautiful castle.

"What shall I do about it?" becomes a daily question when she looks at drab walls or a cigarette burn in the sofa or dull floors. Here are some queries from readers. Perhaps the answers will help you solve a problem here or there:

Q—I am putting new appliances in my kitchen. Should I choose the new colored ones or stick to plain white?

A—If you are the type who becomes bored easily with color or who likes to change your home around from time to time, colored appliances will not please you. Since a big investment is required it is best to choose appliances in white which will go with everything, and to plan paint, floor

covering, curtains and other accessories in your favorite colors. When you tire of the colors you have selected for walls or accessories you can always change them at small cost.

Q—I have a painted primitive type chest and I'd like to remove the paint to discover what wood is in the article. There are layers and layers of paint and design to be taken off.

A—Before you remove the paint, perhaps it would be well to discover whether you could integrate the piece into your home. These chests are much sought after right now. If you prefer a modern looking chest you could even sell your chest as it stands now and buy the type you like.

Q—How many colors may be used in one room?

A—The general rule is three. Solids are combined usually with stripes and figured materials to permit combinations of the solid colors for unusual effects.

Q—Will a paint roller do the entire job of coating my walls or will I need a brush to smooth it in?

A—A brush is not needed except at corners and at ceiling where an unpainted area will be left when the roller goes as far as it can.

Q—I wax my floors frequently but they never seem to retain their shine.

A—Perhaps you use a polish containing water which will dull wood floors.

Questions & Answers

Question—Can you tell me the name of a small evergreen which would be good in planting a garden? I want some evergreens—I don't see how the coast can be without them—but the great big Italian Cypress that we had at our Portland home seems too big for our smaller ranch type house which we have built at Salem—Newcomer.

Answer—Would the Gowen Cypress (Cupressus Goveniana) answer? This tree, if you request three feet high and six feet across, touching the soil all around. The coloring is good and it has berries on it when it reaches three or four years. There are a number of dwarf evergreens now. The smaller houses have brought a real development—which I do not think we can call a fad—along this line. One of our Salem nurseries has rather specialized in dwarf evergreens and has a lovely line. Most of the nurseries in the Willamette Valley area carry some dwarfs.

Question—I want to plant only pink and white flowering shrubs. I have quite a bit of space and I plan to have a gardener plant the things when I get them. But I don't know what kind of shrubs to plant. I want a tall one like the buddleia in the background, only I don't want the purple color that they have. Would you have some shrubs I might choose from? And where could I get them?—F.V.

Question—Want to build a small kiln for firing ceramics. Can you tell me where I could find plans for this?—T.R.

Answer—Your library should have books on ceramics with instructions for building the kiln. There's a magazine, "Popular Ceramics" which carries numerous advertisements on such kilns.

Question—Have been trying to get some moss for orchids but cannot find any. Are there any greenhouses that carry it? W.B.

Answer—Yes, there are some garden supply stores and some greenhouses. I have been able to get it a couple of places. Osmundia moss is good, too, for covering the sticks you use to hold up philodendrons.

Question—Seems like there is a lot of interest in geraniums now. Would like to grow some in my green house, but want a few different ones. The biggest

Answer—In dwarf geraniums, you might try Elf, which has lovely leaves as well as scarlet flowers. Or Madam Fournier, with dark purple-green leaves and small scarlet flowers. Perky, red flowers with white center. Pigma, about the smallest of the dwarf zonals seldom exceeding six inches in height. Is bushy, and flowers freely.

Cactus-flowered geraniums gives you the Double Poisetia, a deep red with narrow twisted petals, odd enough for anyone. Moel, a double white with twisted petals and fairly large flowers. Red Spider, with single scarlet flowers which have rolled petals. This last is a very unusual geranium.

Carnation-flowered—The margins of the petals are toothed resembling small carnations or sweet Williams. You'll find this very attractive. Included are Cerise Carnations, Jeanne and Madame Thibaut.

Rosebud Geraniums—The flowers never open wide, resembling clusters of small, half-opened roses. The flowers are all very double, and include Apple Blossom Rosebud, Crimson, Rosebud, Red Rosebud and Pink Rosebud.

You should like, too, the fancy leaved geraniums such as Display with the green leaves edged with a wide band of yellow and a zone of scarlet, crimson and brown. Skies of Italy, green leaves edged yellow with a strong brown zone splashed with red. The leaves are more showy than the small scarlet flowers. It is popular wherever it is shown. Cloth of Gold has yellow to yellow-green leaves without any zone. Looks like an autumn tree. The flowers are rather small, single and scarlet.

Question—Seems like there is a lot of interest in geraniums now. Would like to grow some in my green house, but want a few different ones. The biggest

Answer—Your library should have books on ceramics with instructions for building the kiln. There's a magazine, "Popular Ceramics" which carries numerous advertisements on such kilns.
