

Turkey to Resume Trade With Russia

ISTANBUL (AP) - Turkey has re-activated a 20-year-old trade agreement with Russia providing for a barter exchange of goods.

Red Power Reported Up In Indochina

By DONALD J. GONZALES United Press Staff Correspondent WASHINGTON (UP) - French and American officials studied reports Saturday that the Communists have increased their military strength in northern Indochina by three divisions two of them armored, since last summer's Geneva armistice.

Information about the Communist buildup came to light as French Premier Pierre Mendès-France and Secretary of State John Foster Dulles scheduled a final conference before the French Premier ends his current Washington visit.

A final communique on the French-American talks which began Thursday at the White House was to be approved at the conference. It was expected to be a very general expression of joint approval of common policies in Indochina, Asia generally and Europe.

To Visit U.N. Mendès-France was to fly to New York later Saturday for a visit to the United Nations before returning to Paris.

A reliable source said large supplies of arms have been shipped to Indochina from Communist China over a new railroad to the Indochinese frontier.

The source said the weapons were largely Russian-made but probably were from supplies used by China in the Korean war.

U.S. and French intelligence forces agreed enough military material was sent into Indochina to equip two new armored divisions.

The military buildup was considered a violation of the Geneva armistice which stipulated that neither Communist nor non-Communist foreign powers should provide arms to either side in Indochina.

Ponder Countermoves The Communist buildup raised the question of what steps the U.S. and France should take to counter it.

Dulles and Mendès-France already have agreed to send instructions to their representatives in Indochina to do everything possible to end quarrels in the free Viet Nam government between civilian and military leaders.

The amount of future American aid to the region is directly tied to the problem of establishing a monarchy.

The two leaders also discussed measures whereby neutral armistice observers could be sent into remote areas of Indochina to check on possible armistice violations.

The U.S. and France were not expected to reach any final agreement on the controversial question of whether American generals and troops would take over the principal responsibility for training native troops in free Indochina.

Roseburg Radio Station Honored

CHICAGO (AP) - Radio station CFQC, Saskatoon, Sask., Canada Saturday was awarded the "outstanding radio news operation of 1954" citation. The station won the same award last year.

The award was made by the Radio Television News Directors Assn. at the closing session of its three-day annual meeting. The competition was conducted for the association by the radio-television department of Medill School of Journalism, Northwestern University.

An award for radio coverage of court trials was awarded station KRNR, Roseburg, Ore.

A failure in this year's wheat crop is one immediate reason. Turkey will have to import wheat this year. The United States has also ceased buying Turkish chrome for defense stockpiles. Chrome brought in badly needed dollars.

The underlying and basic reason for shortage of exchange, however, is a government policy of expanding means of production within the country.

Large amounts of material and equipment have been imported from abroad to build new factories, for example. This had to be paid for in foreign currency.

Newspapers said the new Turkish-Russian understanding followed talks between Turkey's minister of commerce and the Russian ambassador in Ankara.

Under the agreement, Russia will obtain from Turkey: tobacco, fresh and dried fruits, livestock and wool. Turkey will receive construction materials and cotton textiles in return.

Newspapers noted that the U.S. National Security Council, in a resolution of Aug. 2, 1951, had exempted Turkey from a law providing for suspension of financial and economic aid to countries engaging in trade with Russia or its satellites.

Attack Kills Doctor Ellis

Dr. Fred Ellis, 72, in the dental profession in Salem for the past 42 years, died early Saturday at a Salem hospital a few hours after suffering a heart attack at the residence, 4166 Portland Rd.

Dr. Ellis was born in Minnesota Feb. 10, 1882 and moved to the Salem area with his parents when still an infant.

He was a graduate of Northwest Dental College at Portland. Dr. Ellis was a member of the Leslie Methodist Church, the Elks lodge and the Kiwanis Club. He also was active for many years in the Oregon Mounted Posse.

Survivors include the widow, the former Zelman Hesson, whom he married in Portland 44 years ago; a son, Maj. Fred D. Ellis of Oxnard, Calif.; a daughter, Mrs. James A. Pate of Glendale, Ore.; a sister, Mrs. Wilson Webb of Santa Monica, Calif.; and one granddaughter, Charlotta Pate of Glendale, Ore.

Funeral arrangements will be announced later by Cough-Barrick mortuary.

West Stayton Resident Dies

Statesman News Service STAYTON - Henry Stinnett, a resident of West Stayton, died unexpectedly Saturday morning while working at the Andrew Bischoff farm near North Santiam.

He apparently suffered a heart attack while at work. Funeral arrangements are in charge of the Weddle funeral home.

Rita, Aly Sign Agreement

RENO, Nev. (AP) - Rita Hayworth signed an agreement Saturday which her lawyers said would end the nearly two-year-old dispute over terms of a divorce settlement from Prince Aly Khan.

Attorneys for Miss Hayworth, now the wife of crooner Dick Haymes, and Aly Khan, appeared in Reno this weekend with an agreement already signed by the Moslem prince.

The attorneys did not disclose the terms of the settlement.

Two Share County Corn Show Honors

Statesman News Service CENTRAL HOWELL - Entries from the Aurora and Woodburn districts took sweepstakes awards Saturday in the annual Marion County Corn Show, held in Central Howell schoolhouse under sponsorship of the county's Farmers Union.

In the 10-ear division sweepstakes laurels went to James A. Hadley of Aurora. Pat Johnson, Woodburn, was sweepstakes winner in the yield-per-acre division with his mark of 99.5 bushels per acre.

Hadley also was first in Class I (adults) of the 10-ear judging and Johnston likewise was tops in Class I of the yield division.

Raymond Warner, Silverton, first place finisher the previous three years, placed second in the 10-ear judging and W. E. Nafziger, Salem, was runner-up in Class I of the yield category with a 79.6 per acre figure.

Class II of the 4-H Club division of the 10-ear judging saw Richard Moorman, Salem Route 6, place first and Rudy Sonnen, Aurora, second. Future Farmers of America competition in this division was topped by Lyle Myers, Aurora, with Sam Myers, Salem, placing second.

In the FFA rivalry in the yield judging first honors went to Neil Reeling, Hubbard, 87.6; and second was Gordon Jones, Hubbard, 73.3. In the 4-H class Roderick Sonnen, Aurora, was first and his brother, Rudy Sonnen, Aurora, was runner-up.

In a corn judging contest, first place was shared by Cecil Ross, FFA of Salem, and Richard Moorman, Middle Grove, 4-H Club, each having 370 out of a possible 400 points. Next was Ron Clark, Woodburn FFA, with 355 points.

The ladies auxiliary of the Central Howell Farmers Union served dinner for approximately 183 persons present at the show. Dr. R. E. Fore, professor of farm crops at Oregon State College, addressed the group.

Silas Torvend, Silverton, was general chairman.

Mental Hospital Attendants Face Assault Charges

EAST MOLINE, Ill. (AP) - Charges of aggravated assault against nine men at East Moline State Hospital were filed in court Saturday and State Atty. Bernard Moran said he will begin an investigation of alleged beatings of mental patients at the institution.

Moran said the alleged beatings of patients not named occurred recently in the veterans' department of the hospital.

Moran said Saturday he received information about the reported beating and the mistreatment of at least two mental patients, one a World War II veteran who is eligible for 70 per cent disability pay.

Little more than an hour later, a single-engine plane crashed near Halifax in southside Virginia, killing four.

Letter's Start Delayed 33 Years CHICO, Calif. (UP) - A letter was finally on its way Saturday after gathering dust in a crack in the Postoffice wall here for 33 years.

The letter, mailed in 1921, was found when the wall was torn down in a remodeling job. Two checks, several \$1 bills and a number of stamps were also found.

Texas Auditor Quizzed About Missing Niece

MT. VERNON, Mo. (AP) - A 48-year-old Texas auditor held in connection with the disappearance of his 11-year-old niece told officers Saturday night: "I don't remember anything but I don't remember anything."

The auditor, Thurman Priest of Grand Prairie, Tex., is charged with kidnapping the girl, Jeannette Earnest, in Fort Worth, Tex., last Tuesday.

Officers are proceeding on the theory the child is dead, a conclusion they said was strengthened Saturday by positive identification of the girl's stained cotton blouse found hanging on a bridge railing near Lebanon, Mo.

A search for Jeannette's body in that area was called off temporarily Saturday night. It will be resumed in the morning.

The blouse, officers said, looked like it had been washed. Whether the stains were blood had not been established by laboratory tests before it was turned over to Texas officers cooperating with Missouri officials on the case.

Three Solons Stand Fast For Censure

WASHINGTON (AP) - Senators who recommended that Sen. McCarthy (R-Wis.) be censured for his treatment of Brig. Gen. Ralph W. Zwicker said Saturday they will stand fast despite the defection of one of their number, Sen. Case (R-SD).

Members of the special bipartisan committee that recommended that McCarthy be censured on two counts said that when the debate resumes they intend to reply to Case's contention that evidence new to him had undercut the basis for rebuking McCarthy for the way in which he questioned Zwicker at a hearing.

Sen. Edwin C. Johnson (D-Colo.) vice chairman of the special committee, said he was about to address the Senate on the Zwicker matter Thursday when he was advised that McCarthy could not be present because of illness.

Sen. Watkins (R-Utah), chairman of the six-member censure committee, said his view that McCarthy should be censured for his treatment of Zwicker is unchanged and that he will set forth his reasons when the Senate debate resumes.

Similarly, another member of the committee, Sen. Stennis (D-Miss.), said that "I haven't changed my position." He added that "The same facts exist now as when the committee voted unanimously to recommend censure."

Stennis said these facts show "an intolerable abuse of a witness who was acting under orders."

McCarthy Listed In Good Shape, Elbow 'Painful'

WASHINGTON (UP) - Sen. Joseph R. McCarthy (R-Wis.), remained in generally good condition Saturday although his injured elbow pained him sufficiently to "require some medication."

A spokesman for Bethesda Naval Medical Center, where McCarthy is confined, said the Senator spent a "fairly comfortable" night with "no essential change" in his condition.

CYCLE CRASH FATAL GRANT'S PASS (AP) - A motorcycle crashed from a road near here late Friday night, and fatally injured the driver, Ellis Leo Ivie, 32, Grants Pass. Survivors include his mother, three brothers and a sister.

Wreck Hurts 2 Salem Men

Two Salem area men were hospitalized with apparently non-serious injuries Saturday night following an accident near the intersection of Lancaster Rd. and Evergreen Ave., and state police cited one of them on a charge of being drunk on a public highway.

Duane Dennis Grogan, 29, of 4025 Claxter Rd., was taken by Willamette Ambulance to Salem General Hospital for treatment of rib injuries. He was given the citation by police.

Vernon Beck, 25, of 3050 Evergreen Ave., was hospitalized with lacerations and abrasions.

Officers said a 1947 Pontiac occupied by Grogan was struck by a 1941 Chevrolet coupe driven by Beck. Police said the accident occurred about 9:30 p.m.

The impact extensively damaged both vehicles. The Grogan car was knocked approximately 50 feet and Grogan was thrown out, police said. The gas tank of his car was torn loose and tossed a considerable distance, police said.

Grandmother, 82, Football Casualty

MILWAUKEE (AP) - An 82-year-old grandmother who is probably the nation's oldest football casualty of 1954, got out of the hospital Saturday and declared her sports career was ended.

Mrs. Ann Kammerer tried to punt her 14-year-old grandson's football Nov. 7. The ball was blocking the doorway of her home. In trying to kick it away she fell and broke her thigh.

"Imagine doing such a foolish thing when you're so old," she said.

From now on, said Mrs. Kammerer, she'll stick to crocheting, knitting and perhaps a little tating.

Hermann Field, Wife to Stay in Switzerland

LONDON (AP) - Hermann Field and his wife issued a joint statement Saturday night saying it was essential for both to have a complete rest and they therefore would "remain quietly in Switzerland for the present."

The Cleveland architect was released recently after five years' imprisonment in Communist Poland. He arrived in Zurich Friday. The statement was released in London by Mrs. Field's mother, Mrs. Dorothy Thorneycroft, who said she received it by telephone.

"We were happily reunited yesterday in Switzerland. This moment was so overwhelming for us both that we were unable to meet the press, and we asked them to understand this."

"Now it is essential for us both to have a complete rest and we shall therefore remain quietly in Switzerland for the present. We wish to express our deepest gratitude to everyone who has helped us." (Signed) Hermann and Kate Field.

Mrs. Hermann Field had resided in London during the time of her husband's disappearance behind the Iron Curtain, where he went searching for his brother Noel.

Noel Field and Noel's wife, Herta, were released a few days ago by the Communist government in Hungary. The Noel Fields are still in Hungary. Mrs. Hermann Field left London Thursday for Zurich.

Hermann's sister, Dr. Elsie Field of Urbana, Ill., also is with him in Switzerland.

A Swiss government spokesman said the two women feel Field's health, "especially his mental state, was very much shaken and that he should not be subjected to questioning at this time."

A Foreign Office spokesman said earlier it was at Dr. Field's particular request that the secrecy was being maintained.

Red Chinese Planes Bomb Pisha Island

TOKYO (AP) - Chinese Red aircraft and artillery Saturday bombed Pisha Island, a Nationalist point off the Chekiang Coast, Peiping radio reported.

A "mixed formation" of aircraft, the radio broadcast said, scored direct hits on the command post, artillery emplacements and ammunition dumps. The raids, it said, caught defense forces "completely unawares" and no anti-aircraft fire was encountered.

After the Communist planes had returned to their base, the broad planes attempted a retaliatory raid but a group of Nationalist fighters said they "fled southward" when another group of Red planes threatened interception.

Results of the evening artillery bombardment of the island were not given.

Pisha Island is 31 miles southwest of the Tachen Islands which are about 200 miles north of Formosa.

Weather Again Delays Test of Landing Unit

Uncertainty of weather conditions Saturday discouraged Civil Aeronautics Authority testing of McNary Field's instrument landing system and the test now is expected to be held Monday-if the elements cooperate.

Purpose of the test is to determine whether the system's glide path is now capable of normal operation. The CAA ordered the glide path out of operation last summer after inspectors reportedly found a defect in the device.

Since then trees have been cut down near the main runway at the airport, the antenna pole has been shifted and the angle of the slope's beam raised a degree. Airport officials took these steps to remove the defect and anticipate restoration of the device once the test is made.

The glide path is vital in directing aircraft into landings under bad weather conditions.

Salem Office To Offer Four Timber Tracts

Four tracts of timber appraised at \$185,442.85 will be offered for bids on Dec. 7 by the Bureau of Land Management in Salem, it was announced Saturday.

The tracts contain an estimated 8,676,000 board feet. Also to be offered at the same time are two tracts from which bigleaf maple burls and figured wood can be removed. One burl tract is at Lacombe and the other near Scotts Mills.

The four tracts of timber are located in Polk, Linn, Benton and Clackamas Counties. The Polk tract is appraised at \$45,384.55; Linn tract at \$80,567.20; Benton tract at \$57,474.30 and Clackamas tract at \$2,016.80.

The auction will open at 9 a. m. at the district forestry office, 215 N. Front St.
