"PGE electricity is my biggest bargain"

Says Mrs. Robert E. Clarke, 3025 N. Montana Avenue, Portland

"It is so clean, so safe — and makes our living easier and more enjoyable for just pennies a day"

Keeping house for a family that includes two energetic little boys requires a lot of cleaning, washing and cooking—and as Mrs. Clarke says . . . "I just don't know what I would do without the ever-present help of PGE electricity. It just seems as if I'm always flipping a switch on some electrical appliance to help me." As a matter of fact most PGE customers call on safe, dependable electricity over a hundred times a day. It does so much yet costs so little.

The Clarkes, like so many PGE families, have just recently modernized their wiring with PGE's new easy-pay wiring financing plan. Their rewiring included new and convenient floor plugs and a larger circuit box that enables wiring for their electric dryer which they hope to install in the near future. Mrs. Clarke states, "I used to live in Florida, and electricity was so expensive that my family couldn't enjoy it the way we do here. But now we enjoy ALL-ELECTRIC living at bargain prices."

Actually the average PGE customer pays less than half as much per kilowatt hour as the average rate in the rest of the country. PGE electricity is truly your biggest bargain!

INVESTIGATE . . . PGE's easy-pay WIRING FINANCING PLAN

Don't put up with inefficient appliances, dimming lights, or dark corners any longer. Modernize your wiring the painless PGE way. Simply list all of the wiring improvements you want made, have them estimated by a reliable electrical contractor and tell him you want to take advantage of PGE's wiring plan. He will do the rest. You pay nothing down, as little as \$3 a month right with your electric bill. This is just another exclusive service which PGE customers can enjoy.

The magic of electricity brings television entertainment for the entire family. The cost? . . . 3 hours for a penny!

Whether it's a quick lunch or a full-course banquet, PGE electricity is ready to do a fast job at the flip of a switch. Cost? . . . only 5c a day!
