

# Nicaragua, Costa Rica Agree to Neutral Zone Between 2 Countries

By RICHARD G. MASSOCK  
SAN JOSE, Costa Rica (AP)—Costa Rica and Nicaragua agreed Thursday on a plan to bottle up hostilities in Costa Rica with a neutral buffer zone astride their common border northwest of the present battle area. The agreement was announced by the Organization of American States (OAS) peace commission.

# Child's Love Has Value, Solons Claim

OLYMPIA, WASH.—A battery of attorneys argued successfully Thursday that a parent should be able to put a value on the love and affection of a child.

The arguments preceded passage in the Senate by a 94-10 vote of a bill permitting parents to seek damages for such losses in cases of accidental deaths.

Under present law, damages are restricted to the value of a child's services until it becomes of age, minus support expenses.

The amended law was passed after a floor debate in which it was termed "materialistic" and a measure opening the door to suits by "unscrupulous persons."

It was vigorously defended by four attorney members of the Senate.

The bill was introduced by Sen. William G. Gissberg, Marysville Democrat, and Sen. Neil Hoff, Tacoma Republican.

Sen. John H. Happy, Spokane insurance man, charged that passage of the bill "would be a great mistake, throwing the door open to suits by unscrupulous people."

"You cannot place a value on the love and affection a parent has for his child," Happy said.

Similar feelings were expressed by Sen. Tom Hall, Skamokawa farmer, who said:

"I cannot understand a parent who would attempt to place a valuation on love and affection. It smacks of materialism. Such things cannot be paid for."

Defending the bill, Dale McMullen, Vancouver attorney, cited a case in which a Vancouver couple whose child was killed in an auto mishap received damages of only \$262.

"If you think that's fair, go ahead and lick this bill," McMullen said.

Hoff said the objections of materialism were no better founded than they would be in case of a husband bringing suit for the accidental death of his wife.

"This bill is not being furthered by 'unscrupulous people,' but by those making an honest attempt to take care of a loophole in our present laws."

Joining with Sen. Hoff in its support was Sen. William Goodloe, who termed the bill "a boon to insurance companies."

Earlier, the Senate heard introduction of six bills designed to tighten highway safety. The measures would require minor drivers to show proof of financial responsibility and to carry insurance; restrict erection of signs near railroad grade crossings, and make jail terms mandatory for drunken drivers.

# Articles of Incorporation Filed by Firm

A \$500,000 broadcasting firm filed articles of incorporation Thursday with the Marion County Clerk's office.

Lawyers handling the filing said that they were not at liberty at this time to disclose any plans or name any members of the corporation, which is called the Oregon Broadcasting Co.

It is authorized to issue 50,000 shares of stock with a par value of \$10 each. Stated purpose of the corporation is to "carry on the business of owning, leasing or otherwise acquiring, managing, operating and controlling radio and television stations."

Filing the articles were Salem lawyers, Thomas B. Gabriel, Norman K. Winslow and Roy Harland. Initial office of the concern is given at 406 Masonic Building.

**NON-SUPPORT CHARGED**  
Calvin Laverne McCoury, 295 N. 24th St., was arrested by Marion County sheriff's deputies Thursday evening on a King County, Wash., warrant charging him with non-support. He was held in the county jail. Bail was set at \$3,000.

# Solon Thinks China Holding Over 800 GI's

(Story also on page one)  
CHICAGO (AP)—Sen. Knowland (R-Calif.) said Thursday night there is strong reason to believe Red China holds "something over 800 other GIs" in prison besides the 11 American airmen held on spy charges.

Knowland said the men did not show up in either the little or big switch prisoner exchanges following the Korean truce in 1953. He said the names of the imprisoned American soldiers were learned from Red Propaganda broadcasts, other released POWs and Pentagon reports.

"We have strong reason to believe they hold more than 15 they acknowledge holding," the Senate minority leader said in an address at the annual dinner of the Cicero Manufacturers Assn., earlier, he told newsmen that this nation's failure to take a stand in the Pacific if the Reds take over all of Asia could mean "moving our line of defense back to the type necessary for fighting."

Eleven U. S. airmen were sentenced by the Chinese Reds to 10 year terms on spy charges. Knowland said the Reds also hold four additional "fighter airmen." He said 32 civilians, including clergymen, businessmen and students, also are illegally imprisoned.

Knowland also said the United Nations has an obligation to tell the world what it is prepared to do if the men are not released. He added the U. N. should make the declaration within what he called "a short time."

"I do not intend to remain silent while a single American rot in a prison cell," Knowland said. "I'm amazed at some of our allies in the U. N. who would give in to appeasement of the Communists," he said.

The California Republican told a news conference earlier that the spread of Communism in Asia is a challenge to the United States.

He said he thinks x x x 4th grad

**Ike Starting Third Year As President**  
WASHINGTON (AP)—Dwight D. Eisenhower got off to a pleasant start Thursday on his third year as President — encouraged to paint and play golf whenever he can.

At a surprise White House ceremony, Vice President Nixon presented him with an anniversary gift from the Cabinet. It was a beautifully bound eight volume set entitled "The Great Centuries of Painting."

"Wonderful!" said the President. "I certainly am grateful and I might say astonished."

The President's personal physician, Maj. Gen. Howard M. Snyder, reported the 64-year-old Eisenhower as "in excellent health for a man of his age."

Dr. Snyder's only complaint was that the President hasn't had nearly enough exercise since his golf-almost-every-day vacation in Colorado last October.

**Actress Weds Manufacturer**  
CHICAGO (AP)—Ted Briskin, Chicago camera manufacturer, and actress Colleen Miller, 23, formerly of Toppensh, Wash., were married Thursday.

It was the third marriage for 36-year-old Briskin. His first marriage was to Betty Hutton, the Hollywood star by whom he had two children.

The ceremony was performed by Municipal Judge Joseph Drucker and the couple left later for a Miami Beach honeymoon.

Briskin and his second wife, actress Joan Dixon, were divorced Jan. 18.

**Preacher With One Lung Sent Induction Notice**  
EAST FALLS, Idaho (AP)—James E. Jones, 28, received an induction notice from a San Francisco draft board Thursday—but the government may have some difficulty.

The prospective inductee is Rev. Jones, ordained minister of the Open Bible Standard Church. Jones said his left leg is four inches shorter than his right due to a childhood attack of polio and his lung was removed because of tuberculosis.

Rev. Jones is scheduled to be inducted at San Francisco Feb. 3, but he plans trying to explain things to the Coeur d'Alene, Idaho, draft board in order to save the long trip.

**Fisherman's Body Still Uncovered**  
TILLAMOOK (AP)—Efforts failed Thursday to recover the body of Dallas Smith, 51, Tillamook, who drowned in the Wilson River while fishing Wednesday.

Smith's two companions said their boat hit a log in the river, and threw them overboard. The two, James McMullen and Bill Brandow, both of Tillamook, were able to swim ashore.

# Wanted by FBI Two Hit, Run Cases Reported

WASHINGTON—The FBI has announced that Clarence Dye, 44, (above) wanted in Ohio in regard to an armed robbery, is on the "10 most wanted man" list. He has scars over eyebrows, "C.D." tattoo on right forearm, is 5 foot, 10 inches tall, weighs 140 pounds "and is probably a r m e d and dangerous."

# 2 Men Face Check Counts

Two men were in jail Thursday charged with having passed bogus checks recently in Salem.

Confined in the Marion County jail to await a preliminary hearing today was Bert Ace Painter, who gave his address as general delivery, Salem. Painter was arrested by Salem detectives Wednesday on a charge of having passed a \$30 check in a downtown tavern.

City police said Painter had admitted passing 16 checks in Salem during the past month and a half, all signed with his own name. Total value of the checks was estimated at \$500 by police.

The other accused man, Robert Ellis Caudle, Albany, was lodged in the city jail Thursday night after city detectives picked him up in Albany where he had been arrested on a Marion County District Court warrant.

Caudle's arrest followed a complaint by Harold Post, proprietor of the Temple Tavern, 211 N. Commercial St., who said he had cashed a worthless \$10 check drawn on the Salem branch of the First National Bank.

The legal charge against both men is obtaining money by false pretenses. Bail on Painter is \$1,500, while Caudle's bail was set at \$1,000.

# Popcorn Hat Good Eating

PARIS (AP)—"I'll eat my hat" need hardly be a fanciful promise any more.

For a Paris hatter has brought out a new spring chapeau made of popcorn!

Instead of seasoning with salt, he has sparkled it up with a diamond clip.

Just to prove that Paris is as lightheaded as ever, if further proof be needed, the same hatter, Monsieur Achille, has created:

A yo-yo hat, with wound-up string.  
A hat decorated with two removable table tennis balls.  
A hat in the form of a child's spinning top (sorry, it doesn't really spin) gaily spiraled in red, green, beige and black straw.  
And a hat with a pocket with a handkerchief in it.

# Knowland Visions Oregon as 'First Line of Defense'

CHICAGO (AP)—Sen. Knowland (R-Calif.) said Thursday this nation's failure to take a stand in the Pacific if the Reds take over all of Asia could mean "moving our line of defense back to Oregon."

Knowland, Senate minority leader, has differed with President Eisenhower concerning Asian plans.

He said "the time is not too far distant when we've got to make a decision on a line in the Pacific where we'll have to make a stand."

"If not, and if the Reds take over all of Asia, it means moving our line of defense back to Oregon." (Story also on page 2, sec. 1.)

# Indian School Group Installs New Officers

Officers were installed at a meeting Thursday night of local 241, Chemawa Indian School, a federal employees' group.

Installed were Edward Bartlett, president; Arthur Hackett, vice president; Vincent Matt, secretary, and Freda Hardy, treasurer.

The four were seated by outgoing president James A. MacDonald. The meeting was held at the Employees' Club at the school. The group discussed bills pending in Congress relating to federal health and life insurance plans for federal employees.

Other federal agencies in the Salem area were asked to consider joining with the Chemawa local to form a single unit of such agencies.

The Chemawa group is composed of teachers and other staff members of the school. Next meeting is due Feb. 17.

# Met Opera Signs Young Conductor

NEW YORK (AP)—The Metropolitan Opera announced Thursday the signing of a 24-year-old musical conductor, youngest American ever to appear on its roster. He will conduct next season.

He is Thomas Schippers, originally of Kalamazoo, Mich., a recognized conductor at the New York City Center Opera since he was 20. Schippers now is on leave from the Broadway musical drama, "The Saint of Bleeker Street," to conduct the Portland, Ore., symphony.

# Senate Leader Faces Operation

WASHINGTON (AP)—An aide to Senate majority leader Lyndon B. Johnson (D-Tex.) said Thursday night that the senator will be operated upon Friday for removal of a kidney stone at Rochester, Minn.

The Senate leader left here Tuesday for the Mayo Brothers clinic.

# Pen Escapee Vows Not to Try Again

McALESTER, Okla. (AP)—Three-time murderer Julius Bohannon, weary and discouraged from 12 days of dodging pursuit, was returned to the Oklahoma state penitentiary Thursday vowing never again to try to flee from the walls from which he has escaped three times.

The unarmed fugitive surrendered docilely to a couple of nifty state highway patrolmen who found him shortly after daybreak sleeping in a deserted shack in eastern Oklahoma's Cookson Hills, about 90 miles northeast of here.

The capture scene was 17 miles southwest of Tahlequah, where the desperado was the object of an unsuccessful 24-hour search earlier in the week.

"This is my home," he told a newsman on his arrival at the prison. "I will never try to leave again."

"It is getting harder and tougher each time you escape."

# Judge Doubts Liquor Board Obeying Law

PORTLAND (AP)—A city judge said Thursday he believes the State Liquor Control Commission is not observing state law, since the commission requires a person to be 21 before he can buy an alcoholic drink.

Nevertheless Judge John J. Murchison found Mrs. Joyce Whitmore, 18, guilty of falsifying her age in buying drinks here. He did not impose any penalty, saying:

"It is a technical violation, but brought on to some extent by the liquor commission's refusing to recognize the law."

Under state law a person is deemed to have reached his or her majority upon being married, the judge said.

# Car Damaged by Switch Engine

A collision with a Southern Pacific switch engine Thursday night resulted in minor damage to a car driven by Glen Larkins, 1759 Park Ave. The accident occurred about 10:50 p.m. near the intersection of 12th and Ferry streets. There were no injuries.

# Union Asks For Power To Fight Reds

VANCOUVER, B. C. (AP)—The Vancouver Sun says officers of the International Woodworkers of America (CIO-IWA) want sweeping powers to prevent infiltration of suspected Communists into the ranks of British Columbia's largest union.

The newspaper said Thursday IWA officers are drafting a resolution which will be presented to the 32,000-member union's convention in mid-February. The move follows an incident in Vancouver Local 1-217, largest single local in the IWA.

The Sun says it learned of the resolution following the expulsion from 1-217 of Gordon Elder, Vancouver millworker who ran on the Labor-Progressive (Communist) Party ticket in the last federal election.

# Stock Show Names All-Around Cowboy

DENVER (AP)—Buck Rutherford of Lenapah, Okla., was officially named all-around cowboy of the 1955 rodeo circuit at the 49th National Western Stock Show Thursday night.

The lanky cowboy gained the distinction by winning \$40,404 prize money last year.

Rutherford and others of rodeo fame shared in \$7,600 cash and \$4,000 worth of saddles, ornamental buckles and other trophies at a special ceremony.

# How To Have Hair For A Lifetime To Be Demonstrated Here By Famous Trichologist Offers Written Guarantee

An exclusive interview by Steven Bright  
WICHITA (Special)—J. Wayne Green, Director of Rogers, Inc., Hair and Scalp Specialists, exploded the "myth of baldness" today in an exclusive interview.

"Baldness is unnecessary, costly, and a plague to mankind," says Green. "No man need suffer the stigma of premature old age that is forced upon him because he is losing his hair. The Rogers method of hair and scalp treatment can prevent baldness—can turn colorless fuzz into healthy, growing hair—can make you look youthful again."

**Demonstration to Be Held in Salem, Oregon**  
This revolutionary method of home treatment for the hair and scalp will be demonstrated in Salem, Oregon, Saturday ONLY, January 22, at the Senator Hotel. Trichologists, Kenneth Harris will conduct the private, individual interviews from 12 noon until 9:00 p.m. on Saturday ONLY. There is no cost or obligation, and you need no appointment.

**Reason for Baldness**  
"There is always a reason for baldness," continued this nationally known authority. "Hair cannot grow through a scalp that is infected with dandruff, excessive oiliness, or extreme dryness. A scalp that has never been exercised cannot be expected to produce healthy hair. Men and women too, walk the streets today completely devoid of nature's greatest ornament—hair. Simply because they were not taught the basic rules of hair and scalp hygiene while they were growing up. The simple answer," emphasized this expert, "is that children should be taught the same simple basic rules of hair and scalp hygiene that they are taught for the proper care of their teeth. If it were the case, baldness would be a rarity today!"

**Heredity Not Involved**  
Trichologist Green dodged no issues. He quickly took up the cause to widely spread the theory of baldness—heredity. "Mankind's unrealistic belief that baldness is hereditary stems from a misinterpretation of the theory of genetics. Theory does not state that any person must be bald because baldness exists in the family. What it does say, is that in some families, a tendency exists towards an undernourished scalp."

The purpose of the Rogers Hair and Scalp Clinic is to teach the methods of strengthening the weak scalp and nourishing it to a healthy, vigorous condition. "A healthy scalp will grow hair if it is not already completely bald," assures Green.

**Is There Hope for the Completely Bald**  
In his travels throughout the United States and Canada, Green has collected hundreds of testimonials of his ability to develop hair. All of his clients have started with a private examination, hair and scalp analysis, and a diagnosis of the disorder. Green is quick however, to tell a hopeless case that he cannot be helped. "We strongly advise," says Green, "that no person who is completely bald hold any hope whatsoever of bald hold any hope whatsoever of regrowing hair. If there is any fuzzi at all, we can restore a healthy scalp condition and the hair will grow normally again as nature intended."

**Offers a Guarantee**  
"Rogers, Inc. America's Foremost Hair and Scalp Specialists, offer a guarantee to any client who enrolls for treatment. If he or she is not completely delighted with results at the end of 30 days, the money invested will be graciously refunded," pledged Green. "We must have satisfied clients. We must grow hair. After all, it is our best advertisement."

**Is Your Hair Healthy?**  
If you have a scalp disorder, or if you are worried about your hair, call Trichologist Kenneth Harris at the Senator Hotel in Salem, Oregon, Saturday ONLY, from 12 noon to 9:00 p.m. The public is invited. The examinations are private and open to men and women. You do not need an appointment, and you will not be embarrassed or obligated in any way.

J. Wayne Green, eminent Trichologist, demonstrates causes of baldness and how it can be prevented.
