

Vinson Warns Of Russian Naval Might

WASHINGTON (UP)—Rep. Carl Vinson (D-Ga.) warned Tuesday that Russia is building a major naval force which would help it launch Korean-type "brush wars" in the event of an atomic stalemate.

Vinson, chairman of the House Armed Services Committee, told a reporter "We know that Russia is far ahead of us in the latest type submarines."

"We also know that Russia is engaged in the development of a major naval force with the latest type of combat ships," he said. "These facts support my contention that if we face an atomic standoff we may find ourselves engaged in brush wars. The growing naval power of Russia simply improves their capability to fight brush wars."

"We must and will have the naval power to meet that threat," Vinson said during a recess in hearings on the Navy's proposed \$1,317,000,000 shipbuilding program for the fiscal year starting July 1. Navy witnesses produced charts yesterday showing how the Soviet Union is far outstripping the United States in the construction of new combat vessels.

"The USSR has more ships in active service in commission than any other navy except our own," Adm. Robert B. Carney, chief of

Boy Sets Fire To Gain Entry To Juvenile Home

PORTLAND (UP)—Multnomah County officers Tuesday were investigating the confession of a nine-year-old boy who said he set a \$5000 fire Sunday in Parkrose because he wanted to be sent to the juvenile home.

Detective Walter Graven said the boy had heard about the juvenile home from another boy who had spent some time there. Apparently the nine-year-old was impressed, Graven said.

The boy told officers he set the fire by igniting papers and boxes. The fire spread to two other business establishments.

Graven said the boy came from a "wholesome" family currently undergoing financial troubles. He said the boy had also admitted setting fire to a truck about a month ago. Damage was \$30.

The case was turned over to juvenile authorities.

naval operations, said in a statement read to the committee by Adm. Donald B. Duncan, vice chief of naval operations.

"While we have no information that the USSR has built, or is building, aircraft carriers, the number of Soviet naval aircraft is upwards of 3000," Carney said.

"This weakness in the lack of aircraft carriers is a weakness which we must exploit," Carney said.

The Navy program includes a fifth 200 million dollar supercarrier of the Forrestal class.

At Bush House Articles From The Philippines Are Exhibited

Miss Elizabeth Lord's extensive Philippine collection is now on exhibit at the Salem Art Museum, Bush House, which the interested public is invited to view each week day. Friday night a public reception will be held at the Bush House between 7 and 9 o'clock. Miss Lord will be present to meet her friends and explain the various items of her collection. Members of the Salem Art Association are arranging the reception and all interested persons are invited through the press to attend.

Of particular interest are the old hand embroideries from the Philippines which she acquired on her first trip to the Islands in 1913. The embroideries were considered to be a hundred years old at that time. Included is native costume worn by ladies, the full "butterfly" sleeve attached to a flimsy blouse and the kerchief which was used as a scarf over the shoulder. The Philippine women of that period were noted for their fine work as they had expert instruction from the Spanish and French sisters of the Catholic Church. All materials on display, both old and contemporary, are hand woven.

Silvery and Jewelry Displayed In connection with the embroideries there is an exhibit of silver, trinkets and jewelry, fans, hand-woven native slippers. An interesting oyster shell showing the "making" of a pearl will attract attention. Pearl Beads, Mother of Pearl made into useful containers, complete this exhibit. Many shells from the South Seas are in various sizes, shape and color.

Several oil paintings by Fernando Armoso are exhibited in the west gallery upstairs in the Art Museum. He is the foremost painter of the Philippines and has painted many portraits, two of which are now hanging in the gallery. One is of Mrs. Melvin S. Lord and the other of Mrs. William P. Lord, mother of Miss Lord.

Furniture Exhibited A small collection of furniture made from the native woods is also in the upstairs gallery. The Philippine produces many varieties of beautiful woods and the men have carved all types of furniture. An antique Spanish chair of the early days is one of 16 chairs belonging to a dining room set. They were found by Miss Lord in an old tumble-down building on an antique hunting jaunt. Other objects of wood carving are placed in the dining room, wood candlesticks and a salad bowl, which was carved from a solid piece of Narra wood, all free design without pattern. The Philippine collection will remain at the Salem Art Museum through the month of March. Also exhibited are pen and ink drawing of the Philippines by Monroe Gilbert, who at one time lived in the Islands.

Modern Etiquette By ROBERTA LEE

Q. My husband is Donald T. Simpson, Jr. We are expecting a baby and if it's a boy, will name him for his father. How will his name be correctly written?
A. I assume that husband's father is still living. In this case, your son will be Donald T. Simpson, III. Should your father-in-law die, however, your husband will drop the "Jr." after his name and your son will assume it.
Q. Is it proper for a husband alone to invite a business guest to dinner in his home, or must his wife second his invitation?
A. The only time when a man's wife must second his invitation is when he invites a woman his wife doesn't know.
Q. How long should a woman remain when making a first call on a new neighbor?
A. From 15 to 25 minutes is quite long enough.

Miss Biers Wins UN Contest

Miss Judy Biers won the contest in the preliminary speech for the United Nations Youth Pilgrimage sponsored by the IOOF Lodge Monday night at the meeting of the Salem Rebekah Lodge. Other Salem high school students to compete along with Miss Biers in the finals to be held on April 4 will be William Richter and Richard Sorenson.

Mrs. Clara Reese became a member of the lodge by transfer. The program included musical numbers by Glen Sansburn.

At the March 14 meeting there will be election of delegates to the convention in May.

The FL Club will meet at the home of Mrs. Everett Soden, 1565 Madison St., Thursday night. The Three Links Club will meet Friday at 2 p.m. There will be a speaker and named on the refreshment committee were Mrs. Lillian Trosper, Mrs. Clifford Chaffee, Mrs. Clyde Moore and Mrs. Bertha Clark.

Announcements from Eugene tell of a daughter born Feb. 22 to Mr. and Mrs. William Barr. Her name is Debbie Jeanne, and she has a sister, Susan. Her grandparents are Mr. and Mrs. Henry Van Loh of Lancaster Dr. in Salem and Mr. and Mrs. Earl Law of Goshen.

An auction sale by members of the Hollywood Drive Merry-go-Round Club meeting Thursday night at the home of Mrs. Melvin La Due added over \$18 to the club's treasury.

The Nebraska Club will meet Friday for a 12:30 no-host luncheon at the home of Mrs. Bessie Dries, 2425 N. Church St.

ELECTION RECALLED NOGALES, Ariz. (UP)—The first woman elected a law officer in Arizona died recently. Shortly after Mrs. George Januel came to Arizona from New York in 1914 a group of cowboys put her name up as a candidate for constable as a joke. She was elected.
