Early Days Good Old Desserts Don't Help the Figure, But Aid Family Menu-Maker

By MAXINE BUREN Statesman Woman's Editor

A dieting woman can't help but wonder how her ancestors on the feminine side ever kept their figures, what with nice rich puddings, lots of pies and certainly a lot more daily calories un-

der the belt than she ever dares allow.

Pernaps they were chubby, or inclined toward leanness no matter how they ate, or maybe a "good figure" in those days meant a more ample girth than it does these days — but most probably they didn't care.

There are lots of old time desserts, many not so filling, but with good interesting flavor, and if they weren't rich in themselves, they were served with cream to make them so. Snow pudding was a not-too-rich specialty in the home of a friend of ours in her youth, her mother used a recipe handed down in the family. It is still popular in her household.

SNOW PUDDING

1 pint milk 1/2 cup sugar 2 tablespoons cornstarch Whites of 3 eggs

Vanilla Dissolve cornstarch in some of the milk. Combine rest of milk with sugar and put on the fire. When hot, stir in the cornstarch mixture, and add the beaten whites. Cook until beginning to thicken. Add flavoring. Put into a bowl, or in individual

Indian pudding, a favorite of New Englanders a generation ago, is still mentioned with affection whenever regional food is the subject of conversation. My host at North Hanover, Mass., last fall said his family always had Indian Pudding for Sunday morning breakfast, that would be the day after the beans were baked in the oven alongside the fireplace in the kitchen. I find a standard recipe for Indian pudding in a Yankee Cookbook. which the author says, is the beginning of all Indian puddings,

no matter how else disguised.

ORIGINAL INJUN' PUDDIN' 5 cups milk 35 cup dark molasses

4 teaspoon cinnamon % teaspoon nutmeg 1 teaspoon salt

1/3 cup granulated sugar 1/2 cup yellow cornmeal 4 tablespoons butter Heat 4 cups of the milk and add molasses, sugar, cornmeal, salt, spice and butter. Cook 29 minutes or until it thickens. Pour into baking dish, add remaining cold milk, but do not stir. Put into a slow oven (300 degrees) and bake three hours without

stirring. Serve warm with cream. Sometimes a pint of sweet sliced apples or pears are added, and while cooking rise to the top to form little islands. The pudding is served in a soup plate with lots of very thick cream.

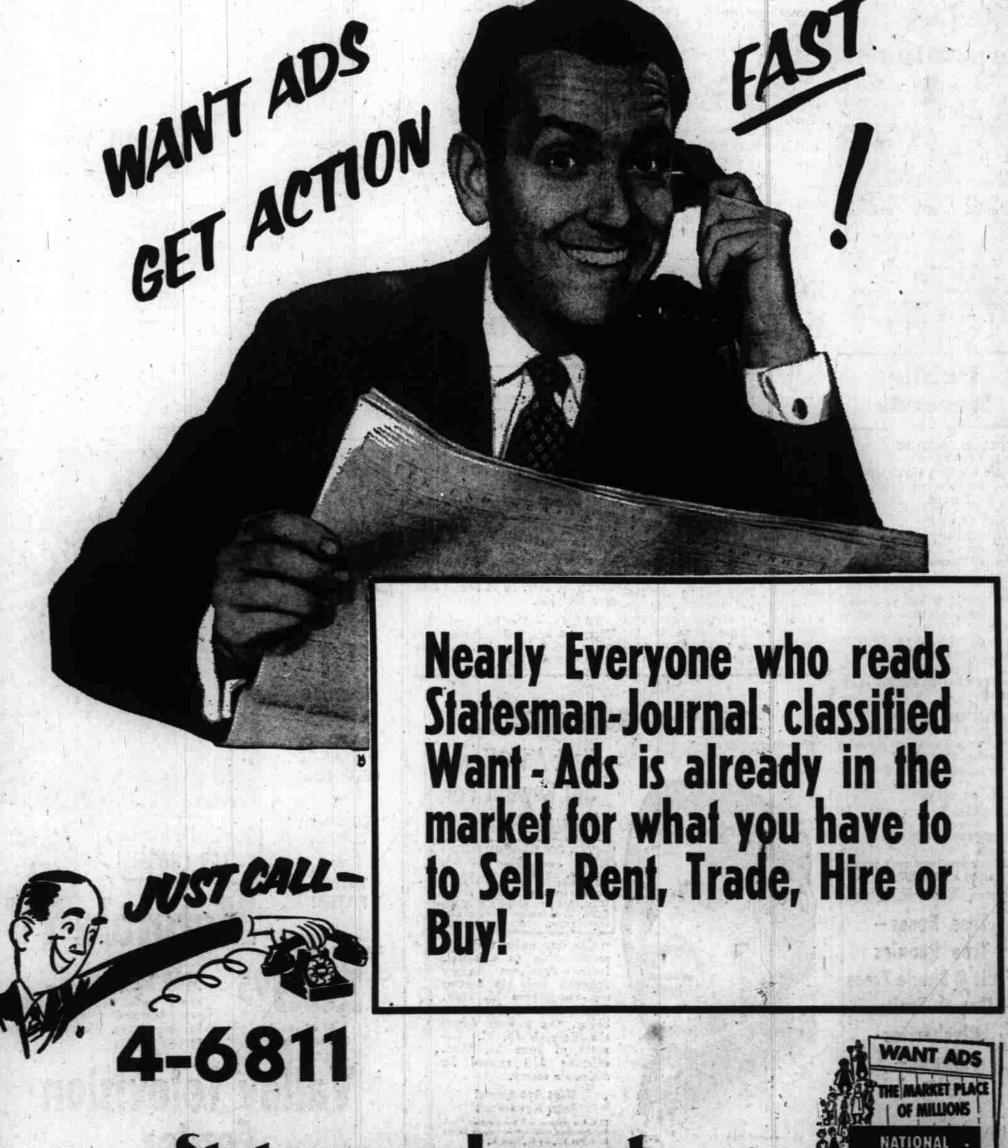

This nut dessert is another oldie, handed down from generation to generation, and probably originally of black walnuts.

WALNUT WHIP PUDDING

2 tablespoons cornstarch 1 pint milk cup light brown sugar ½ cup chopped walnuts Heat milk in vanilla in double boiler, add sugar and cornstarch which has been dissolved in a little milk. Cook until thick and smooth, remove from fire and when cold, add nuts and flavoring and pile in glasses. Serve with whipped cream.
