

# Confidence in Ike's Policies Growing in Asia, Stassen Says

WASHINGTON (AP)—Foreign aid chief Harold E. Stassen returned Sunday from a tour of what he called "the arc of free Asia." He said he was sure the foundation

## Proposed Tax Cut Denounced By Humphrey

WASHINGTON (AP)—Secretary of the Treasury Humphrey Sunday night denounced a new Democratic-proposed income tax cut as a "political quickie gimmick."

He called for approval of the administration's plan to extend present corporate and excise tax rates "without addition of this latest misleading compromise proposal as a crippling amendment."

Humphrey said in a statement the tax program which Republicans pushed through last year had helped offset the economic effects of reduced government spending.

"The American people," he added, "can be seriously harmed by a tax program which has helped set the present economic recovery in motion."

The Senate Democratic leaders' proposal, slated for action this week, would give low-bracket taxpayers a \$20 cut plus \$10 for each dependent other than a spouse, starting next year.

Senate Democrats came up with the plan after their Finance Committee knocked down a House-adopted \$20 reduction for every taxpayer and dependent. Sen. Lyndon B. Johnson (D-Tex.), the majority floor leader, expects to offer the substitute formally on Tuesday.

Even some Democrats acknowledged they would have a tough time getting it across. Sen. Smithers (D-Fla.) said they are "shy four or five votes."

Another Democratic leader in the fight, Sen. Kerr of Oklahoma, a member of the Senate Finance Committee, said on a television radio show Sunday (NBC's "Meet The Press") that the lineup is "tight."

He said four or five Democrats might vote against the plan.

## Two Perish In Hail Storm

JOHNSTON, S.C. (AP)—At least two people were killed here Sunday night when a freak hail storm struck the area, doing uncounted property damage.

Policeman J. L. Murdock of Johnston in Edgefield County said the two were killed when their concrete block house caved in from the force of the sudden hail and wind storm.

The storm swept through the middle of the state, halting traffic on U.S. Highway 1 for more than two hours.

## Concert Halted by Lost Foot Pedals

BUFFALO, N.Y. (AP)—Van Cliburn, 19-year-old New York pianist, was left musically stranded Sunday during his guest appearance with the Buffalo Philharmonic Orchestra.

The pedals dropped off the piano in the middle of Schumann's concerto in A minor.

Anthony Gilio, clarinetist with the orchestra and a piano repair man in his spare time, fixed the pedal unit as Cliburn and the audience cooled their heels in good humor.

Then Cliburn started over again and completed the concerto to thunderous applause.

## Rising Atomic Cloud

YUCCA FLAT, Nevada—The atomic cloud towers into the sky after the detonation of a nuclear device on a 300-foot tower at Yucca Flat, Nev., March 12. For the first time, an oil fog smoke screen was thrown into the path of the atomic explosion in an effort to minimize the resulting thermal radiation. (Story on page 1.) (AP Wirephoto.)

## Police Search For Suspect in Store Robbery

City police, pressing an investigation of the Saturday night armed robbery of a Salem chain store, said Sunday they were searching for at least one person regarded as a suspect in the case.

The holdup, second armed robbery in the area within two months, occurred at the Hollywood district Safeway store, 2131 Fairgrounds Rd., about 8 p.m. Saturday. The crime was reportedly committed by a gun-wielding man who carted away the contents of three cash registers after directing assistant store manager Henry Spionki to empty the money into a paper sack.

Amount of loot taken was not announced by the firm. Three customers and several employees were unaware the robbery had been committed until the holdup man left.

It was the second armed robbery at a Salem area Safeway firm within two years, the earlier one taking place at the chain's store at Center and 12th Streets. The perpetrator of that crime was later killed at Sacramento, Calif., while holding up still another Safeway firm.

Debris from atomic explosions has been a help to weather men by giving them worldwide tests for their studies of air movements.

## Navy Carriers Endorsed by House Group

WASHINGTON (AP)—The House Armed Services Committee Sunday strongly endorsed current strategy of using carrier forces as the backbone of the Navy fleet.

It said vast naval striking forces built around supercarriers could be spread out so widely they would not be a "profitable" target to the enemy, "regardless of the type bomb he may be using."

The committee made this point in endorsing the construction of a fifth 60,000-ton supercarrier.

Carrier striking forces, the committee said in a report prepared for Congress, can be spread across 31,000 square miles of ocean—the size of Indiana.

The committee added: "The task force is in constant movement, and thereby can avoid most of the secondary effects of thermonuclear (hydrogen) weapons."

The report was written to support Navy requests for \$1,317,000,000 for the year beginning July 1, to build the carrier and 33 other ships, including three atom-powered submarines. Another 28 vessels would be modernized.

## Nepal's King Dies Of Heart Attack

ZURICH, Switzerland (AP)—King Tribhuvana of Nepal died at Zurich Cantonal Hospital Sunday after a heart attack.

The 49-year-old ruler of the border Himalayan state between India and Tibet had been under treatment for heart disease in Zurich and Nice for several months. He died so quickly after his attack that his two queens who accompanied him here could not reach his bedside.

## President Goes To Church Alone, Mamie 'Improved'

WASHINGTON (AP)—President Eisenhower went alone to church Sunday morning.

He told the Rev. Edward L. R. Elson, minister of the National Presbyterian Church which the Eisenhowers attend, that Mrs. Eisenhower was "better"—she was up several hours last night. "The first lady has been ill with a touch of influenza."

The conversation between the President and the minister took place as the two walked toward the door at the close of the 9 a. m. services. The sermon was on "A Man's Worth."

## CHARTER MEMBER

HOBE SOUND, Fla. (AP)—Herbert Cassell became a charter member of the new Kiwanis club when he retired and moved here. It was the fifth Kiwanis club of which he has been a charter member. First was the Detroit club. Later he moved to East Detroit, then to Dexter, Mich., and to Pompano Beach, Fla. In each community he got in on the ground floor when the local club was organized. He believes his record is unique.
