## Airline Offers Future Prize

NEW YORK (AP) — The future holds a \$50,000 prize for some aviator—his heirs or assigns—with a bent for aviation.

By July 31, 1955, he must give Trans World Airlines in 200 words or less "the most accurate description of commercial aviation" 30 years hence. The contest entry may include drawings.

Entries, T.W.A. has announced, will be microfilmed and sealed at the airlines new Kansas City, Mo., maintenance base.

The repository will be opened and the contest prize winner determined in 1985.

## Bleeding gums

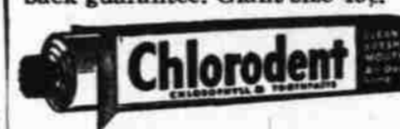

—sign of gum rot— bad breath

Bleeding gums can be the start of serious, painful gum rot. More teeth are lost from gum disorders than any other cause, even decay.

And bad breath often goes hand-in-hand with bleeding gums.

Chlorodont promotes healing of bleeding gums and stops mouth odor instantly for everybody!

The secret is chlorophyll. New Chlorodont has more chlorophyll than any other. 4 times as much as some. Yet won't stain. Money-back guarantee. Giant size 49¢.

## Students Said Better Behaved

SEASIDE (AP) — Oregon coastal resorts reported Saturday that high school students were better behaved than usual during the spring vacation.

Vandalism here was confined to the knocking over of 17 small boxes along Beach Drive. Eight Portland minors were found in possession of alcoholic beverages. There were a few complaints about noisy parties and "squirreling" drivers.

In the past law enforcement agencies have had considerable difficulty controlling large numbers of high school students who spend the five-day spring vacation here.

Thread is produced and used in cloth with skim milk as the basic material.

## "PGE electricity is my biggest bargain"

says Mrs. Alvis N. Mills, 4735 S. E. 122nd Avenue, Portland

"We use PGE electricity for everything—it's so clean, safe and dependable . . ."

"We never really appreciated how much we depend on PGE electricity until our new little baby boy arrived in the family. Whether I'm heating his food, drawing his bath, heating the bathroom or washing diapers—PGE electricity makes the job easier.

"And the wonderful part about it is that for all of the many ways it helps us, our electricity costs an average of only about a penny an hour. Yes, I can truthfully say, PGE electricity is our biggest bargain."

Whether it's freezing food in her large home freezer or cooking dinner on her safe, speedy electric range, Mrs. Mills enjoys the luxury of all-electric living for just pennies a day.

Music hath charms and it certainly works wonders in helping to put an active little boy to sleep. The cost to operate an electric radio-phonograph? . . . a penny for 10 hours.

Regardless of what fuel you burn it is electricity that operates your thermostat to keep your home at a comfortable, healthful level. About a nickel a year is all it costs!

The Mills, like most PGE families, were amazed when they paused and wrote down all of the tasks PGE electricity does for them. As Mrs. Mills says, "Why when someone mentioned electricity I always thought of lights, and cooking, and heating water but I never really stopped to think of all of the rest of the ways electricity works for us."

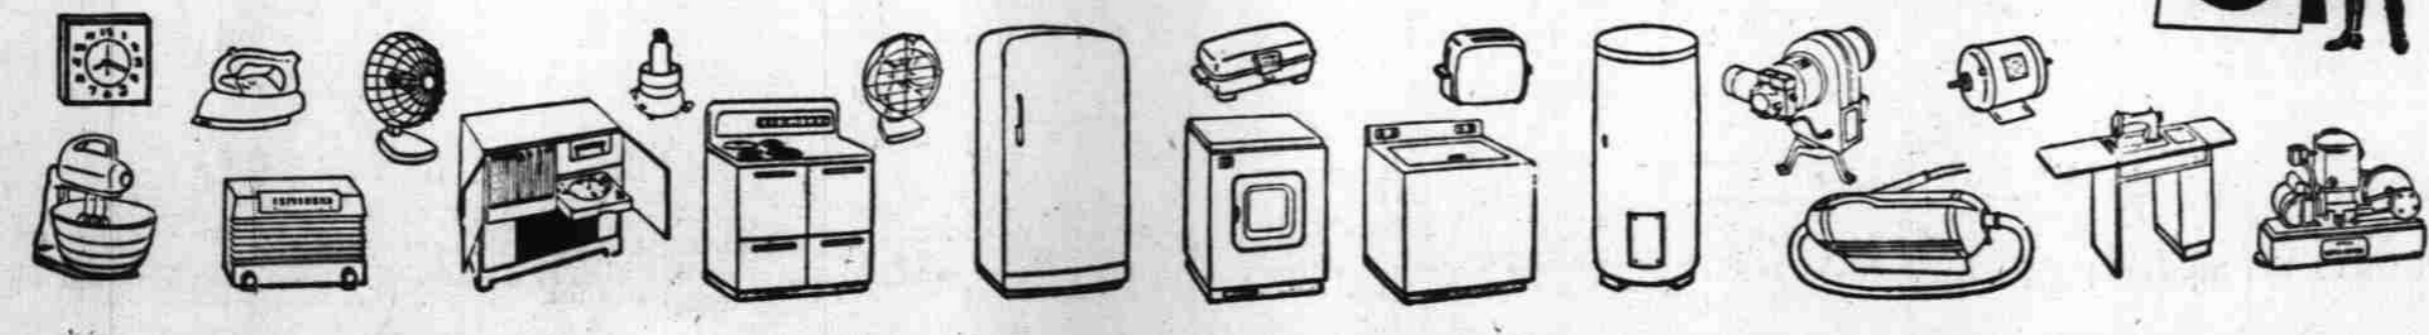

As a matter of fact the average PGE customer uses nearly 3 times as much electricity as the national average. WHY? . . . Because the cost per kilowatt hour is less than half the national average. It's the biggest bargain in your family budget.

**INVESTIGATE . . . PGE's easy-pay WIRING FINANCING PLAN**

If your lights dim whenever you plug in an extra appliance, if you need wiring for a new range, dryer, or water heater, if you are tired of stumbling around in dark closets and corners—then by all means modernize your wiring the painless PGE way. Simply have your needs estimated by a reliable electrical contractor and tell him you want to take advantage of PGE's wiring financing plan. He will do the rest. You pay nothing down, as little as \$3 a month right along with your electric bill. Another exclusive service which PGE customers can enjoy.
