# Hamamura Sets New Record in Marathon Run North Salem Topped by Bulldogs in Dual Meet

### Norval Breaks Record in 220

**Both Teams Sweep** Three Events Each

Weakness in the weight events forced Coach Ken Hunt's North Salem Vikings to bow to Albany's Bulldogs, 66% to 55%, in their dual track meet held Tuesday at Olinger Field.

Both teams swept three events each. Albany took all three places in the shot, discuss and mile. North Salem duplicated the feat in the 100, 220 and pole vault.

High point man for the Vikings was sprinter Jim Norval with 11 points. Norval took first in the 100 and 220 and third in the broadjump. His time of 10.3 in the century was just short of sensational for the wet track and cold weather and his 220 broke the school record. Bob Amble, defending state champ in the discus, won that event with a toss of 146'2" plus the javelin for Albany.

Norval's time in the recordshattering 220 was 22.4, knocking five tenths of a second off the old record. The former mark was 22.9, held by Jim Jensen.

By BOB HOOBING BOSTON &-Powerful little Hideo Hamamura of Japan conquered the hills in a stirring late rush Tuesday to establish a new record of 2:18:22 in the 59th and perhaps greatest Boston AA marathon.

Hamamura, employed in the district government office of Yamaguchi, churned over the finish line 29 seconds under the previous mark established by countryman Keizo Yamada in 1953.

Trailing by 300 yards going into the series of three hills which start 10 miles from the end of the 26 mile, 385 yard classic course, Hamamura roared up the grades, gaining ground steadily.

American Passed

The 128-pound speedster then hit the steady downgrade which covers most of the final six miles and never let up - passing Nick Costes of Natick, Mass., who had led most of the way, slightly over three miles from the finish. He won by 250 yards over Finland's Eino Pulkkinen who also passed the great hearted but tiring American.

Costes, who took over in Natick 9.8 miles from the start where until Hamamura caught him, was third in 2:19:57. It was a tremendous personal triumph for Costes and American runners. The previous best time for native runners was Joe Smith's 2:26:51 in 1942 - A record at that time.

As a year ago, the heralded favbut Argentina's Reinaldo Gorno, the smooth - striding Buenos Aires sanitation department foreman, finished fifth in the fine time of 2:20:28. He was 12 seconds behind the other entry from Finland, Paavo Kotila.
