Drops Stocks

NEW YORK (P-Profit-taking hit the stock market Tuesday, but it was able to weather the unpleasantness with a fair degree of sta-

bility. It was the 10th straight advance for the Associated Press average of 60 stocks. That is an unusually long string of gains. As a result, brokers weren't surprised when profit-taking appeared.

The Associated Press average of 60 stocks was up 30 cents at \$166.30, a high record high mark for the sixth straight time. All of that strength came from the railroads which were up \$1.50 94 1/4 at a new high since 1929 of \$137.60. 22 % was down 20 cents.

Taking the edge away from the 43 34 advance in the average was the fact that more stocks declined than advanced. Out of the 1,222 individual issues traded, 447 advanced 68 % and 542 declined with 76 new highs and 8 new lows for the year 63 ¾ touched.

82 1/2 shares traded Monday. Brokers State, State of Oregon. A20,27,M.4 considered the smaller volume on the fall of a bullish development.
