Cookie Mix	<b>35c</b>

**CHARM TIPS** by *Baroline Lonetta*

The normal eyebrow should be shaped like the wing of a bird in flight with the arch beginning just over the inner dot and ending at a 45 degree angle from the outer corner of the eye. The arch follows the natural curve of the eye. However, the outer end of the brow should not drop lower than the beginning point.

**Cheddar Cheese** Tillamook 2-lb. Loaf **\$1.39**
