YWP review . . .
By MRS. MARION HARVEY
Y-Teen Program Director

An opportunity to young women, a challenge to any adult; work with teen-agers, be a Y-Teen ADVISER. Eight hundred Salem teenagers are Y-Teen club members; these girls range from twelve to seventeen and eighteen years of age, and they are in grades seven through twelve. This number of YWCA teen-age members grows each year; therefore the need for adequate club advisers also increases each year.

To work with teen-agers with their varied interests and activities is not only a great opportunity, but also is a challenge to any adult. Teen-agers require guidance to grow as persons, to develop well rounded personalities. Each club adviser meets with her group at the YWCA. Senior high clubs meet twice a month on Wednesday evenings. Junior high clubs meet one day each week for an hour after school at the YWCA.

What does a Y-Teen adviser do? What does the Y-Teen program include? The program was developed (in 1881) to meet the needs and interests of girls wherever they were. Working towards their goal, all program with teen-agers in the YWCA creates a climate that will give youth an opportunity to have experiences that will enable them to: develop spiritual values that will be a guide to daily living; become aware of democracy as a formula in human relations; build healthy personalities; grow in intergroup understanding across racial, religious, and cultural lines; understand the meaning and responsibility of vocation; learn skills that lead to the creative planning and carrying through of leisure-time activities; be willing to understand and assume the responsibilities and privileges of citizenship, which begin at home and stretch to the whole world.

Whether you are a college student, working girl, young housewife and mother, or older person, girls and women are needed as a Y-Teen club adviser. Anyone interested in becoming one of this year's YWCA Y-Teen club advisers is asked to call Brownie at the YWCA.
