

U.S. 'Leading in Developing Peace Use of A-Energy'

DENVER — The chairman of the Atomic Energy Commission told President Eisenhower Monday the outcome of the Geneva atoms for peace conference "indicates that the United States is clearly ahead" of Russia in development of atomic power for peaceful use.

The chairman, Lewis L. Strauss, also told a news conference after meeting with Eisenhower that the just concluded Geneva sessions "enormously assisted the cause of peace."

Sixty-seven nations, including the U. S. and Russia, participated at the Geneva conference, which was the outgrowth of the President's United Nations address Dec. 8, 1953. In that speech he proposed creation of an international atomic pool for peaceful purposes.

Negroes Told To Invest More In Rights Fight

ATLANTIC CITY, N. J. — White House aide E. Frederic Morrow said Monday the nation's 16 million Negroes should invest more money in the fight for civil rights and spend less on "whiskey, furs, cosmetics, cars and other items of luxury."

The Negro leader said American Negroes now have an annual income exceeding 15 billion dollars. But he said the "Negro is the only unit in our national life having such colossal spending power but paying slight attention to its placement and use."

Mortgaging Future

"What I am saying is that most of us are mortgaging our future for present things that are of least value to use in our struggle for human equality and world respect."

"We are trying to achieve success from the wrong end of the ladder. If these billion dollars we spend each year on the luxuries of life were invested in our children and the institutions and agencies fighting for our civil rights, no bigot in America would dare raise his voice in opposition to our rights as free men."

Wrong Church Blamed for Snake Incident

PINEVILLE, Ky. — A snake handling demonstration, broken up by State Police Sunday, was not arranged by the Pentecostal Holiness Church as previously reported.

Such services are held by the Holiness Branch of the Church of God, explained one of its members, Oscar Hutton of St. Charles, Va.

Hutton was one of those who attended Sunday's meeting near the Kentucky - Virginia border, southeast of Harlan, Ky.

Suit Aimed at Housing Units

PORTLAND — A suit was filed Monday seeking foreclosure of about \$200,000 worth of mortgages on 26 housing units built by the Springfield Homes Co.

The suit was brought by the National Mortgage Assn., a federal government lending agency, which said the company failed to make any payments on the housing units since last August. The association called for appointment of a receiver to collect rents.

Spokane's New Coliseum Scene Of Big Wedding

SPOKANE — Spokane's two-million dollar Coliseum, scene of almost everything from basketball to ballet, echoed to the strains of the wedding march Sunday and the sounds of a traditional Greek wedding feast.

Sam Sellinas of Spokane, rented the Coliseum for the wedding of his daughter, Mary, to George T. Stamolis of Seattle.

Following the hour-long Greek Orthodox wedding rite, the guests—the number of which was not estimated—joined the bride and groom in the traditional feast which included 15 barbecued lambs and 17 turkeys, then danced until midnight to the music of a hired orchestra.

Liquor Probe Aide Named

PORTLAND — Dist. Atty. William Langley Monday appointed C. C. Spears to gather evidence for presentation to a grand jury in an investigation of the Oregon Liquor Control Commission.

Spears, a former FBI agent, is now a special assistant to Langley.

Langley said he plans to ask the grand jury to determine whether there is any basis for charges made last week by Atty. Gen. Robert Thornton.

Thornton has accused Gov. Paul Patterson of failing to divulge the full contents of reports the governor received in a private investigation of the liquor commission last year.

Langley said it may be a month before the information is gathered and is ready for presentation to the grand jury.
