Inside TV

## Spoof-Type Stories Delightful-If Good

HOLLYWOOD - CRITIC'S COR- derived its believability from two NER: On rare occasions, the light, wonderful supporting players, Larspoof-type story comes off on TV the way it was supposed to come off when the writer first turned to his wife and said, "Hey, I gotta chiatrist who puts the girl into a

'Kraft Theater" that's all," says the psychiatrist ast Wednesday "and love is one of the most comlight. It was plicated of all mental conditions.

alled "Two Times Two" and had to do with a country girl from the South with a built-in electronic calculator brain -an impossible premise if there

ever was one. The problem with such a premise, of course, is to make the viewer believe the unbelievable, a trick which takes a nice combination of writing and acting. Kraft had both on this one. The girl is discovered by a young Air Force captain whose commanding general has unsuccessfully been trying to wangle an electronic calculator out of Washington and has been told he will have to wait three years. But the girl can do the er having taken a deep breath, most intricate trigonometric prob- has decided to branch out and do lems in her head in a matter of something other than a horse split seconds and the general fig-opera. His Flying A Productions. ures his outfit can build the first which already is turning out such

Trouble is, the girl falls in love with the captain and resents his taking advantage of her brain instead of the moonlight. In one particularly funny sequence, she is whispering sweet nothings to him out on a balcony and he is whispering involved mathematical problems. Only half hearing him, she whispers the correct answers - probably the sexiest mathematical summations ever given.

KVAL TV, VHF 13
