## Top Hereford Comes From Baker Ranch

The Hereford Show at the Oregon State Fair, scheduled for Tuesday, was moved up again to Monday, the original judging day for this breed of beef cattle. Reason was given as being because so many Hereford breeders from other places came to the fair Monday, thinking the show would be held then, and could not remain over. The show was complete late Monday afternoon.

Judge Beau Meek, Fruitland, Idaho, at the completion of the showing, said that Monday's offering had the "most quality, class through class" of any other Open Hereford show in recent years.

Prince Larry 116, a two-year-old bull, owned by Chandler Hereford Ranch, Baker, showed to grand championship, while a junior yearling, MM Royal Larry 7, owned by Double M Hereford Ranch of Adams and Stanfield, was the reserve champion.

Double M also showed the champion Hereford female, MM Royal Larry Ann 30, which placed first in the senior heifer calf class. Clemens Hereford Ranch of Philomath won the reserve champion Hereford female ribbon on CHR Princess Lee, a junior heifer calf, which went to first in her division over a Chandler animal.

First place winners in this show were: Bulls—two year, Chandler; senior yearlings, Double M; junior yearlings, Double M; summer yearlings, senior calves, junior calves, three bulls owned by exhibitor, all by Chandler. Two bulls bred and owned by exhibitor, Double M.

Females: Two-year-old heifers, senior yearling heifer, summer yearling, junior heifer calf, Clemens. Senior yearling heifer, senior calf, get of sire, Double M.

## Farmers Aided By Black Beetle

**SHELBY, N. C. (AP)**—A little black beetle has volunteered on the side of farmers of this section who've been fighting a plague of grain-eating army worms.

Ray Wilson, a farm manager, says the beetles pounce on the army worms, shake them vigorously, and devour them.

The question that's worrying the farmers now is: What occupation will the beetles turn to after they've won the war with the army worms?

The tiger beetle of the tropics exudes the fragrance of attar of roses, attracting bees which it devours.

## Probe Asked Of Drownings In Columbia

U. S. Rep. Walter Norblad has asked the Coast Guard to investigate safety regulations surrounding recent drownings of sports fishermen at the mouth of the Columbia River, he revealed Monday.

In a letter to the Coast Guard commandant at Washington, D.C., Rep. Norblad noted that the mishaps occurred "in the most dangerous area despite the fact that local Coast Guard authorities have been for days of warning people to stay clear of the place."

"... Coast Guard personnel had also been urging the wearing of life jackets but none was found on the bodies of those drowned."

Four persons drowned last Friday and five the previous Sunday when their boats capsized while the persons were salmon fishing in the choppy waters off Clatsop Spit.

"It is evident," said Norblad's letter, "that some action must be taken to either amend or strengthen our criminal statutes governing the authority of your organization in such cases or to revise the regulations now in force."

Norblad requested the Coast Guard study the matter to see what further authority it needs in such cases, with a view toward possible legislation.

## Condition of Hurt Women Said 'Fair'

Two women, injured in a auto accident Sunday which claimed the life of one man, were reported in "fair" condition at Salem General Hospital Monday.

Ambrose Hopkins, 63, of Marcola died after the two-car collision shortly after noon Sunday near Marion Forks on the North Santiam Highway.

His wife, Lela Hopkins, 48, also of Marcola, and daughter-in-law, Mrs. Aladean Hopkins, of Sweet Home, were seriously injured. Paul Hopkins, son of the dead man, who was with his wife in the rear seat at the time of the accident, was not injured.

The accident occurred when a car driven by Francis Johnson of Detroit, but owned by E. Dickie of Detroit, apparently went out of control. The Hopkins car, with Mrs. Lela Hopkins driving, went over a 15-foot bank alongside the Santiam River.

Johnson was listed in "satisfactory" condition at Santiam Memorial Hospital. Attendants said he remained in the hospital "for observation" following X-rays.

Hopkins, in addition to his wife and son, Paul, Sweet Home, is also survived by two other sons, Richard and Wallace, both of Marcola; daughters, Mrs. Grace Geer of The Dalles and Mrs. Bernice Mayo of Olympia, Wash.; sister, Mrs. Francis Dedman of Bay City, and a stepson, Robert Smith of Marcola.

Funeral arrangements are being made by Howell-Edwards Chapel.

## Five Steam Engines Harvest, Plow in Canby Demonstration

CANBY—The weather wasn't the only thing to get up a full head of steam Monday.

So did five steam-engine farm machines which harvested oats and plowed in a reminiscent demonstration which attracted nearly 1,500 spectators to the Rodney Pitts farm on the south edge of Canby.

Occasion was the first Oregon outing and demonstration of Western Steam Fiends Association, a group of persons owning or taking an interest in old steam engines, particularly for farm use. The association's 9th annual threshing bee will be at Colton, Wash., Sept. 17-18.

A delegation of antique autos dating back to a Stanley steamer and a 1910 Franklin also appeared at the Pitts farm in keeping with the period of interest.

Spontaneous events that were more fun than competitive saw a tug of war between twin 1915-model Russell engines (it was a draw); an oats bundle pitching contest; a race between the Russell steamers; some plowing and threshing.

Pitts owns one of the Russells and an Advanced Rumely; Harvey Mikkelsen, Silverton, has the other Russell; M. J. and Reed Oswald of Ninety-one, Clackamas County, brought a 20-60 Case; Curley's Grocery of Mt. Pleasant brought in an Aultman-Taylor.
