

U.S. Planes Take Relief To Tampico

TAMPICO, Mexico (AP) — Helicopters from the U.S. aircraft carrier Saipan started shuttling relief supplies to this hurricane-stricken port Sunday as dazed survivors searched the debris-littered streets for the dead and dying.

The carrier dropped anchor off port Saturday night with food, medical supplies and doctors. Her arrival and the expected arrival of other U.S. aid ships brought a surge of relief to officials who feared a mounting death toll for lack of food and medicine.

Hurricane Janet's toll in Mexico now stands at 286 dead, more than 1,000 injured and some 100,000 left homeless.

In Tampico the streets are littered with debris, smashed automobiles and the wreckage of toppled buildings.

Slashing rains and three hurricanes hitting in rapid succession left most of the city under water, cutting railroads and telegraph and telephone lines. Rising waters disrupted air traffic. The harbor is blocked by wreckage, debris and the sunken government oil tanker Cerro Azul.

Officers of the Saipan conferred with Gov. Horacio Teran of Tamaulipas and the mayor of Tampico. The carrier's four helicopters probably will be used to fly supplies to devastated areas farther inland, and rescue hundreds of survivors isolated by the floods.

Other U.S. ships are expected to bring additional relief to Tampico and the Chetumal area, worst victims of the year's worst hurricane.

Ike Asks UF Support in Recorded Talk

NEW YORK (AP) — President Eisenhower, in a filmed and recorded broadcast, Sunday night urged citizens across the nation to support the united charity drives in their communities this fall.

The President said these drives, in which various volunteer agencies join for one united charity appeal, "constitute the biggest single voluntary cause in our nation."

The President's appeal, recorded and filmed before his heart attack last weekend, was broadcast over all major radio and television networks.

"In addition to the many health services they support, these united community agencies help social scientists study the cause and cure of family breakdowns that wreck homes, hurt children, waste lives," the President said.

"They work to prevent and thus to end the plague of juvenile delinquency and adult delinquency, too, may I add. And they constantly wage war against the virus of prejudice, bigotry and inhumanity."

"They are doing their job the united way, because man is a united being. Such an appeal calls for a united response. So when the volunteer campaigner knocks at our doors and at our hearts, I urge that we all unite to give him a neighborly welcome. Thank you very much."

13 Injured as Buses Collide In California

FAIRFIELD, Calif. (AP) — Two buses collided on U. S. Highway 40 a mile west of here Saturday injuring 13 persons, one so critically that the California Highway Patrol doubted he would live.

Most seriously injured was Joseph Nagucki, 45, of 259 South Miller St., Toledo, Ohio. Patrolmen said he suffered head and internal injuries.

Patrolmen said a bus from Parks Air Force Base overtook a trans-continental Greyhound bus. The service bus was going to Travis AF Base near here. The Greyhound was en route to San Francisco.

Nagucki was sitting in the left rear seat of the Greyhound.

Police Break Up Peace Invasion Of Goa, Damao

BOMBAY, India (AP) — Police Sunday broke up two attempted "peaceful invasions" of the Indian Portuguese territories of Goa and Damao.

They arrested 51 marchers on the Goa border and halted nearly 150 Socialists and Communists marching on Damao. Some of the demonstrators broke through a police cordon but were overtaken two miles short of the border.

The marchers squatted on the road in protest. They said they were commemorating the anniversary of the birthday of Mohandas K. Gandhi, India's passive resistance leader, who was assassinated Jan. 30, 1948.
